Pre-Cut Appliqué Instructions

1. Print out the necessary pages from the PDF of the appliqué pattern(s).
2. Mark the right side of the pattern pieces so you'll know which direction to lay the pattern on the fabric.
3. Lightly spray the wrong side of the pattern pieces with temporary adhesive spray and allow it to set for a few minutes.
4. Place the pattern pieces on the right side of the fabric and carefully cut them out. **PHOTO 1**
5. Sew the placement stitch on your hooped fabric. **PHOTO 2**
6. With the paper still stuck to the right side of the appliqué fabric, spray the wrong side of the fabric with temporary spray adhesive.
7. Place the fabric inside the sewing placement stitch so that it matches the stitching line, and then remove the paper pattern. **PHOTO 3**
8. Sew the tackdown. **PHOTO 4**
9. Sew the remainder of the design and repeat for any remaining pieces. **PHOTO 5**

NOTE: The patterns are sized for the designs as they were made. If you resize the design, you will need to resize the pattern the same amount. You can print out the pattern at the normal size then copy it on a copy machine at the changed size. For example, resize the designs to 80%, resize the printed pattern to 80%.

TIP: When Printing the patterns, make sure that the "Fit to page" option is UNCHECKED in the Print Dialog Box. If this option is checked the printed patterns will not be actual size.

Christmas Eve Tiling Scene Instructions

Supplies

- OESD embroidery collection Christmas Eve Tiling Scene #12517
- Embroidery thread
- Bobbin thread
- Temporary spray adhesive
- Heavy weight tear away stabilizer
- Assorted blue and black fabrics for the background totaling 2 ¼ yds. (pieces should be big enough to hoop in large oval hoop which is approximately 11" x 14")
- Assorted white satin; red, tan, beige and brown cotton fabrics for the appliqué
- 1 yd. fabric (border)
- ¼ yd. fabric (corner of border)
- ⅔ yd. fabric (backing)
- ¼ yd. fabric (binding)
- ⅔ yd. or 24" x 39" cotton batting
- ⅛ red satin ribbon
- *Optional* Curved basting safety pins

Cut

- (4) 2 ¼" strips fabric (binding)

Embroidery

- Embroider tiles:
  - Using temporary spray adhesive, spray between two pieces of tear away stabilizer and adhere to each other and to the wrong side of background fabric. Hoop the pieces together. Embroider one of each design file 12517-01 through 12517-20 for the scenic center of the wall hanging, using appliqué fabric where required. (Refer to appliqué instructions if needed).
  - The last thing that will stitch in each of these designs is a border that is referred to on the thread chart as "Seam Stitch". This stitch is very important in the process of assembling the wall hanging. It is vital that it is not skipped when embroidering. Stitch this in a thread color that will blend with the background fabrics.
- Embroider border pieces:
  - 4 x corner 12517-21 using 5" x 5" pieces corner of border fabric in medium hoop
  - 12 x top, bottom and sides 12517-22 using 5" x 14" pieces of border fabric in large oval hoop
- Once the embroidery process is complete, trim away excess fabric by cutting ¼" away from the "Seam Stitch". This process is easily done using a rotary cutter and ruler. **Photo 1**
- **Note:** It may be easier to cut with the back of the tile showing since the "Seam Stitch" was stitched in a thread color that blended in with the background fabrics.

Construction of Blocks

Because this is not a traditional tiling scene containing simple rows of blocks, the assembly will require a bit of extra explanation. Rather than assembling rows we will assemble six sections. The embroidered squares contained in each section are as follows:

Section 1	Section 2	Section 3
12517-01 Tile 1	12517-04 Tile 4	12517-07 Tile 7
12517-02 Tile 2	12517-05 Tile 5	12517-08 Tile 8
12517-03 Tile 3	12517-06 Tile 6	12517-09 Tile 9
		12517-10 Tile 10
		12517-11 Tile 11

Section 1   Section 2   Section 3   Section 4   Section 5   Section 6

Photo 2
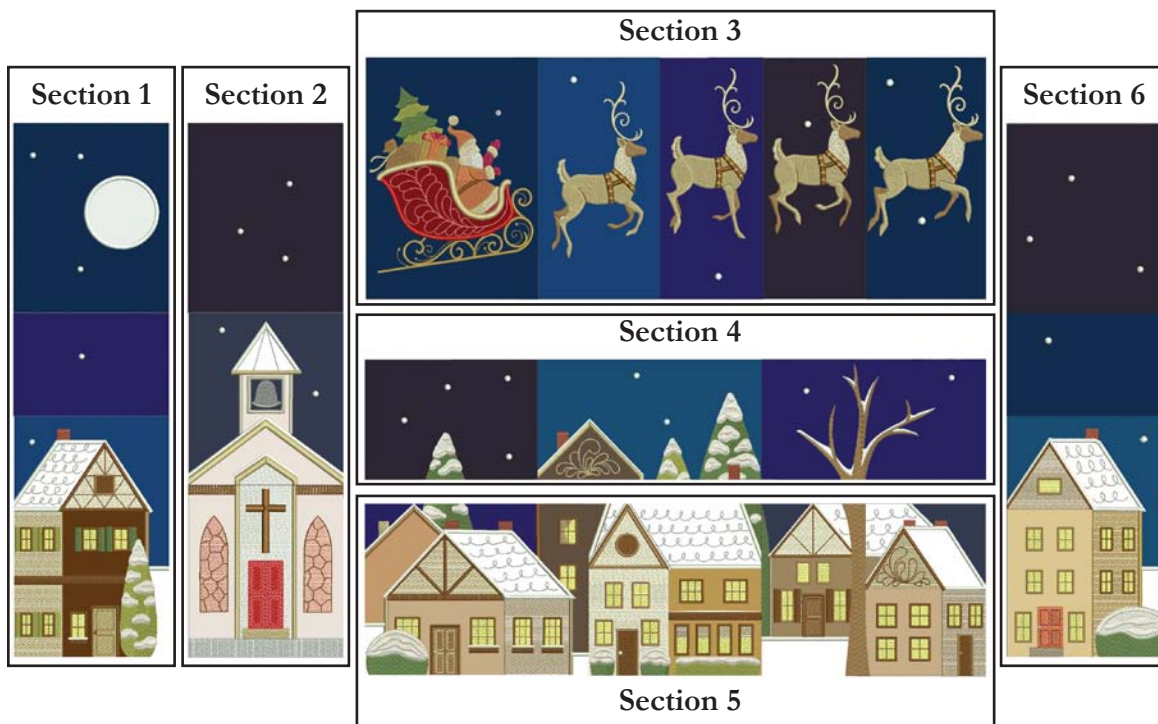

Section 4	Section 5	Section 6

12517-14 Tile 14	12517-17 Tile 17	12517-19 Tile 20

Assembly:

Right sides together and pressing seams as you go, use a ¼" seam allowance, or simply stitch directly on top of the seam stitch that stitched last during the embroidery process and stitch together in the order above. **Photo 2**

- Stitch Section 6 to Section 1/2/3/4/5.
  Photos 3 &4

Finishing

Note: ½" seam allowance was used for stitching border and corner pieces together.

- Measure the length needed for the top and bottom of the finished tiling scene. Divide by 4 and add ½ of the seam allowance to each piece for the length of the border pieces. Cut (8) 3 ½" x the measurement from above. (Our sample used 8 ¼").
- Right sides together, stitch four pieces for the top and four pieces for the bottom. Right sides together, stitch, using a ¼" seam allowance, the top border to the top of the center tiling scene and the bottom border to the bottom of the center tiling scene. **Photo 5**
- Cut the corners to measure 3 ½". Measure the length needed for the sides of the center tiling scene excluding the corners. Divide by 2 and add ½ of the seam allowance to each piece for the length of the sides. Cut (4) 3 ½" x the measurement from above. (Our sample used 8")
- Right sides together, stitch two pieces for each side. Right sides together, stitch the corners to either side of the two pieces for each side. Right sides together, stitch, using ¼" seam allowance, the side border and corner pieces to each side of the center tiling scene. **Photo 6**
- Layer a quilt sandwich, by placing back wrong side up, cotton batting, and the tiling scene right side up. Use curved safety pins or temporary spray adhesive to baste the layers together.
- Quilt as desired.
- Using ⅛" red ribbon, machine tack the ribbon as the rein from Santa's hand to each of the reindeer. **Photo 7 & 8**
- Square up the quilt, this is trimming the quilt until the sides are equal. This prepares the quilt for stitching on the binding. Stitch on the binding as desired. For stitching on the binding the mitered corner technique was used.

- Cut the embroidered piece with the design centered to 12" x 22". (Pillow Front)
