- 1. Leaves & Swirls..... 0660
- 2. Seam..... 0945

Stabilizers

- Fusible Woven 15"
- Medium Weight TearAway 15" (2 rolls)

Fabrics/Textiles

- 3 yards cream cotton fabric
- Optional - 1 yard brown cotton fabric for border
- Note - These yardages assume that stabilizer and fabrics will be cut 10" x 15" for hooping. More or less fabric and/or stabilizer may be needed depending on the size hoop used or if more than one tile is stitched per hooping.
- Batting 30" x 30"
- Binding 1/3 yard, cut 4 strips width of fabric x 2 1/2", stitch together at 45° angle to create one long strip

Notions & Tools

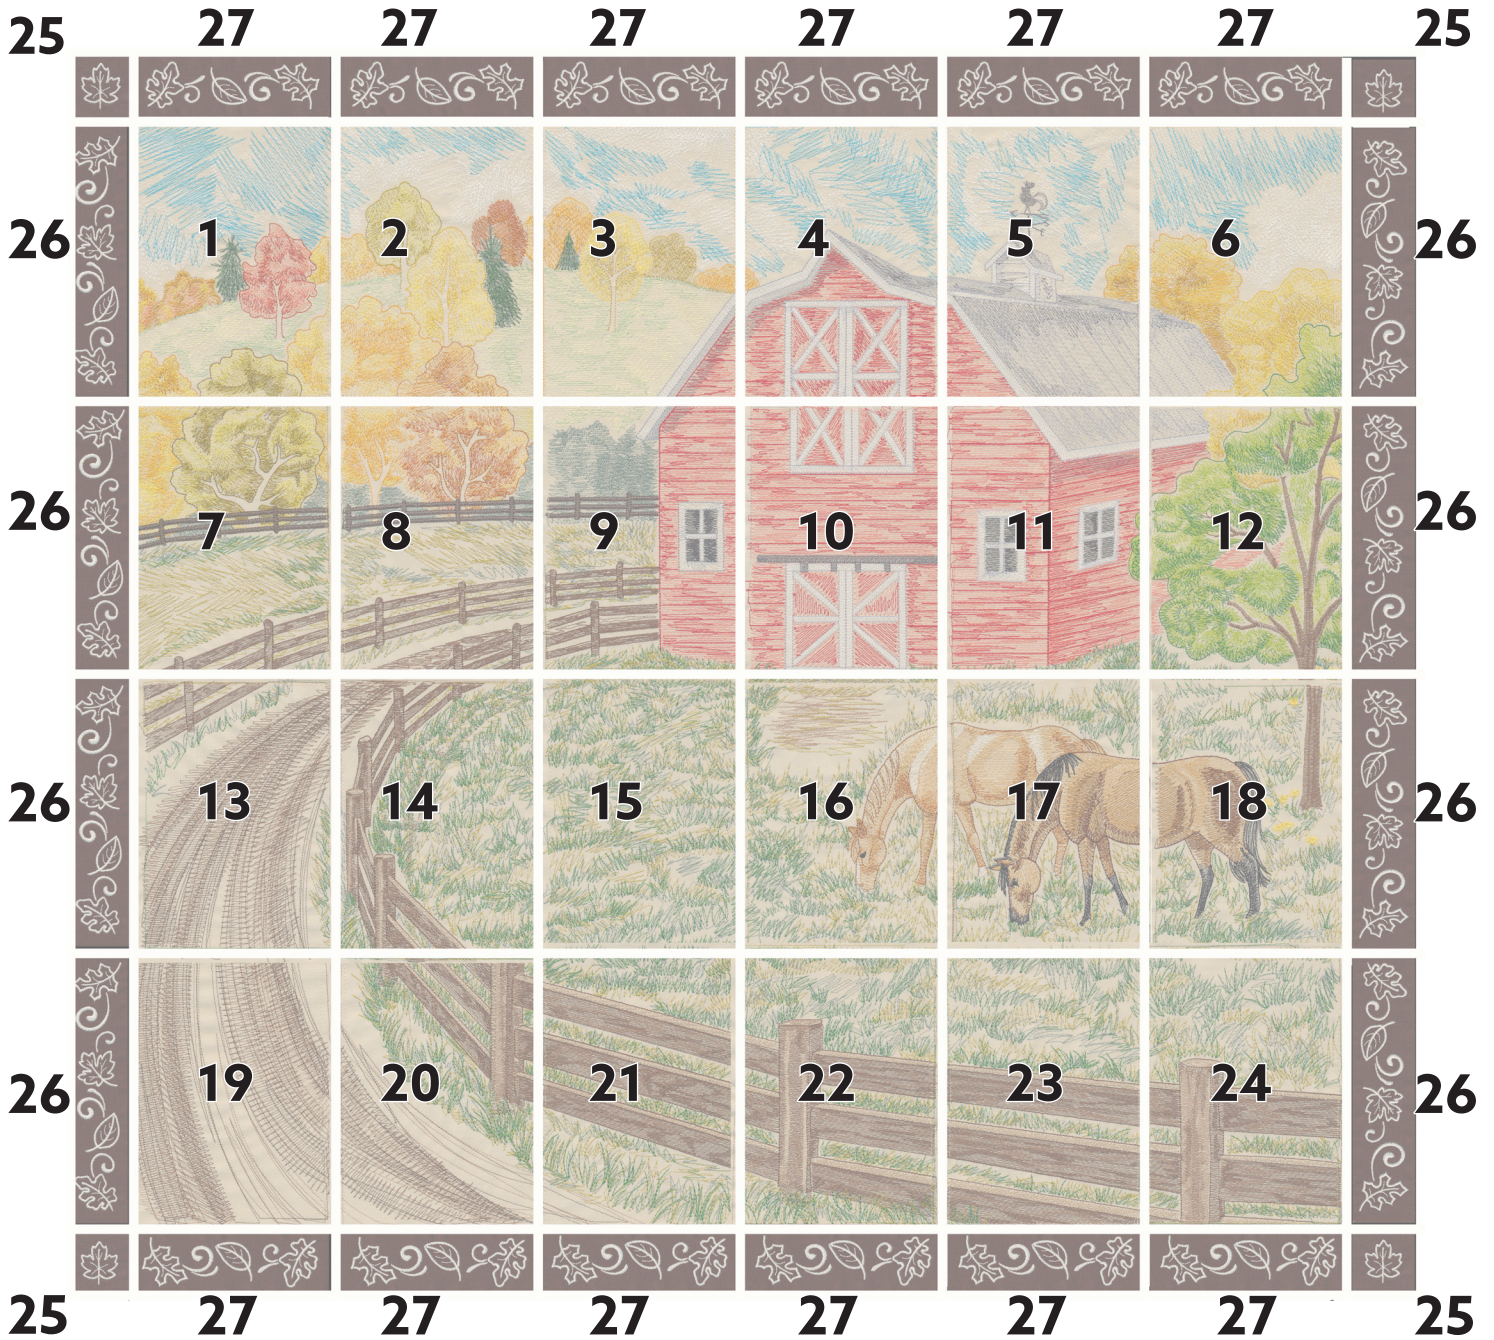

- 505 Temporary Spray Adhesive
- OESD Expert Point and Press Tool
- OESD Perfect Embroidery Press Cloth
- Ruler, rotary cutter, mat
- Water soluble thread or invisible thread (optional)
- Contrasting bobbin thread (seam stitch only, may be different colors)
- Fabric marking pen or pencil
- Embroidery Needle Sharp 75/11
- Walking foot (recommended)
- Dual Feed foot (recommended)

Isacord Thread Colors

- per thread chart

DIAGRAM

COMPLETED TILING SCENE
28" X 28" WITH BORDER;
26" X 26" WITHOUT

PREP

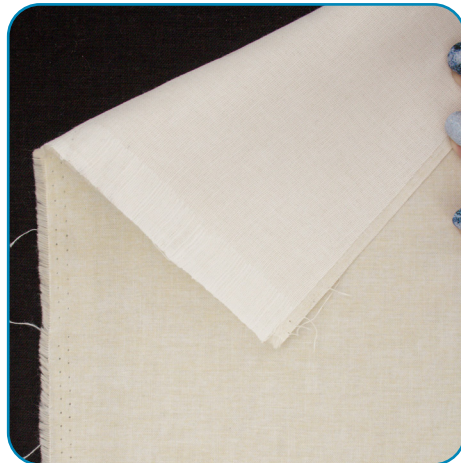

STEP 1

- Cut fabric into a 10" x 15" piece for each of the designs.
- Note: To economize on fabric, cut the fabric 15" wide (or the height of the hoop + 2") x width of the fabric.
- Apply the stabilizers.
- Move the hoop down the length of the fabric as each block is stitched.

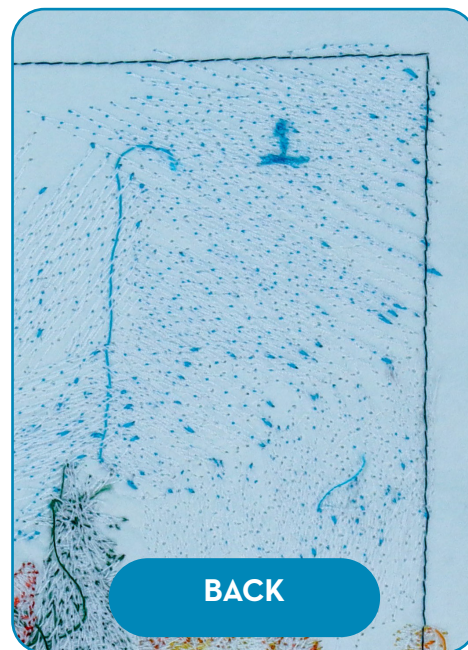

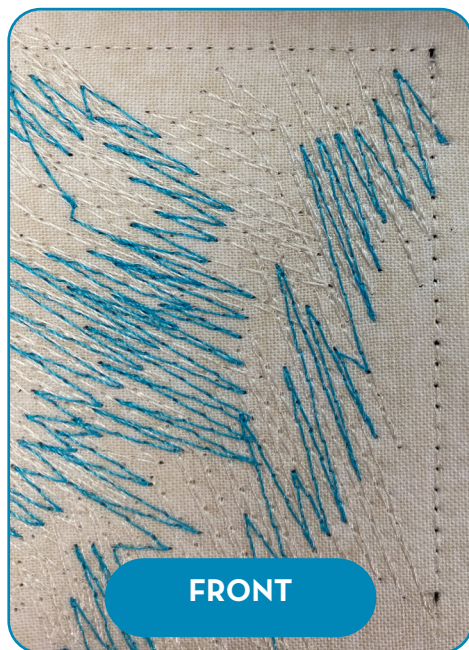

STEP 2

- Apply Fusible Woven to the wrong side of the background fabric.
- Apply two layers of Medium Weight TearAway to the back of the prepped fabric.

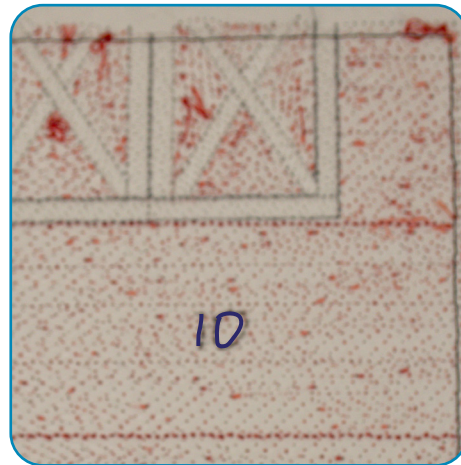

Notes

- For each tile, stitch the colors per the thread chart.
- The last color change in each block is called "Seam". This line is the guide for trimming and stitching the tiles together and must be highly visible on the wrong side of each tile.
- Stitch the top color in a thread that blends with the fabric, invisible thread, or water-soluble thread.
- Use a color in the bobbin that contrasts sharply with the wrong side of the tile.
- Note: Since the bobbin color doesn't have to be the same on each tile, this is a great time to use up partially wound bobbins.

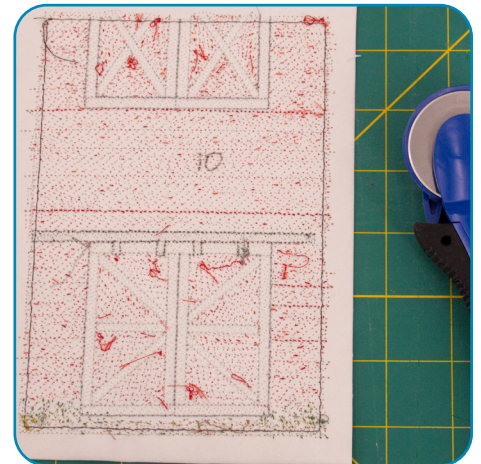

STEP 3

- After embroidery is complete, press each block right side down on a Perfect Embroidery Press Cloth.
- Write the number of the block on the back so it is easily identified during construction!
- Tip: Use a pen or pencil that will not bleed through to the front side.

STEP 4

- At the cutting mat, place the block right side down. Identify the "seam" stitch line. Trim 1/2" inch out from the seam stitch line on all four sides to create the seam allowance.
- Note: Accuracy here will significantly facilitate the construction of the scene.

TILING SCENE INSTRUCTIONS

STEP 5

- Arrange the tiles in the layout for the scene.

STEP 6

- Stitch two adjacent tiles, right sides together.
- Align the matching edges and stitch just inside of the seam line.
- Repeat until all the blocks have been paired.

TILING SCENE INSTRUCTIONS

STEP 7

- Press each seam open.
- If the seams do not come apart easily, press both seam allowances to one side using steam and a cotton or linen setting.
- While warm, open the seam allowance with the large ball of the Expert Point and Press tool.
- Press again and allow to cool.
- Once cool, remove the excess stabilizer in the seam allowance.
- Note: Do not remove excess stabilizer from inside the seam line.

STEP 8

- Layout the pressed tiles.
- Pair the connected tiles with the connected tiles to the adjacent pair.

STEP 9

- Align the center seams.
- Stitch just inside the seam line connecting all four blocks.
- Press seams open.
- Remove stabilizer in seam allowance.
- Tip: If the seams or major points of matching do not match up, try stitching that part first. Check for accuracy, then stitch across the tiles.

TILING SCENE INSTRUCTIONS

STEP 10

- Finish connecting the block of tiles to the ones below.
- Press and remove stabilizer.
- Continue the stitching and pressing process until it is one complete scene.

STEP 11

- If adding border tiles, do so now.
- Add border tiles in the same manner as the previous steps.
- Note: Borders are optional and may be added or not to the tiling scene.

FINISHING TOUCHES

STEP 13

- Cut batting and backing at least 2" larger than the tiling scene.
- Layer the backing (right side down), batting, and center the tiling scene (right side up).
- Spray baste all 3 layers with a temporary spray adhesive.

STEP 14

- Thread the sewing machine with a thread color that blends with the scene or invisible thread.
- Stitch in the ditch where the tiles connect to attach the batting and backing to the top.
- For best results use a walking foot or a dual feed foot.

FINISHING TOUCHES

STEP 15

- Trim 1/4" from the edge of the top through all three layers to square up the finished scene.
- Zigzag over the raw edges to join the edges together.
- Bind as desired.
