COLLECTION SUPPLIES

Stabilizers

- OESD Medium Weight TearAway
- OESD Fusible Woven
- OESD Applique Fuse and Fix

Fabrics/Textiles

- 1/3 yd. light green fabric (upper background embroidered tiles)
- 1/3 yd. medium green fabric (middle background embroidered tiles)
- 1/3 yd. dark green fabric (lower background embroidered tiles)
- 1/8 yd. darker green fabric (leaves)
- 1/3 yd. deep red fabric (poppy applique and backing)
- 1/8 yd. red orange fabric (poppy applique)
- 1/8 yd. orange fabric (poppy applique)
- 1/3 yd. or 12″ x 27″ piece cotton batting
- Note: Fabric and stabilizer quantities are estimates. Fabric and/or stabilizer vary depending on the size hoop used or if more than one tile is stitched per hooping

Notions & Tools

- 505 Temporary Spray Adhesive
- Expert Point and Press Tool
- OESD Perfect Embroidery Press Cloth

Isacord Thread Colors

- Per thread chart

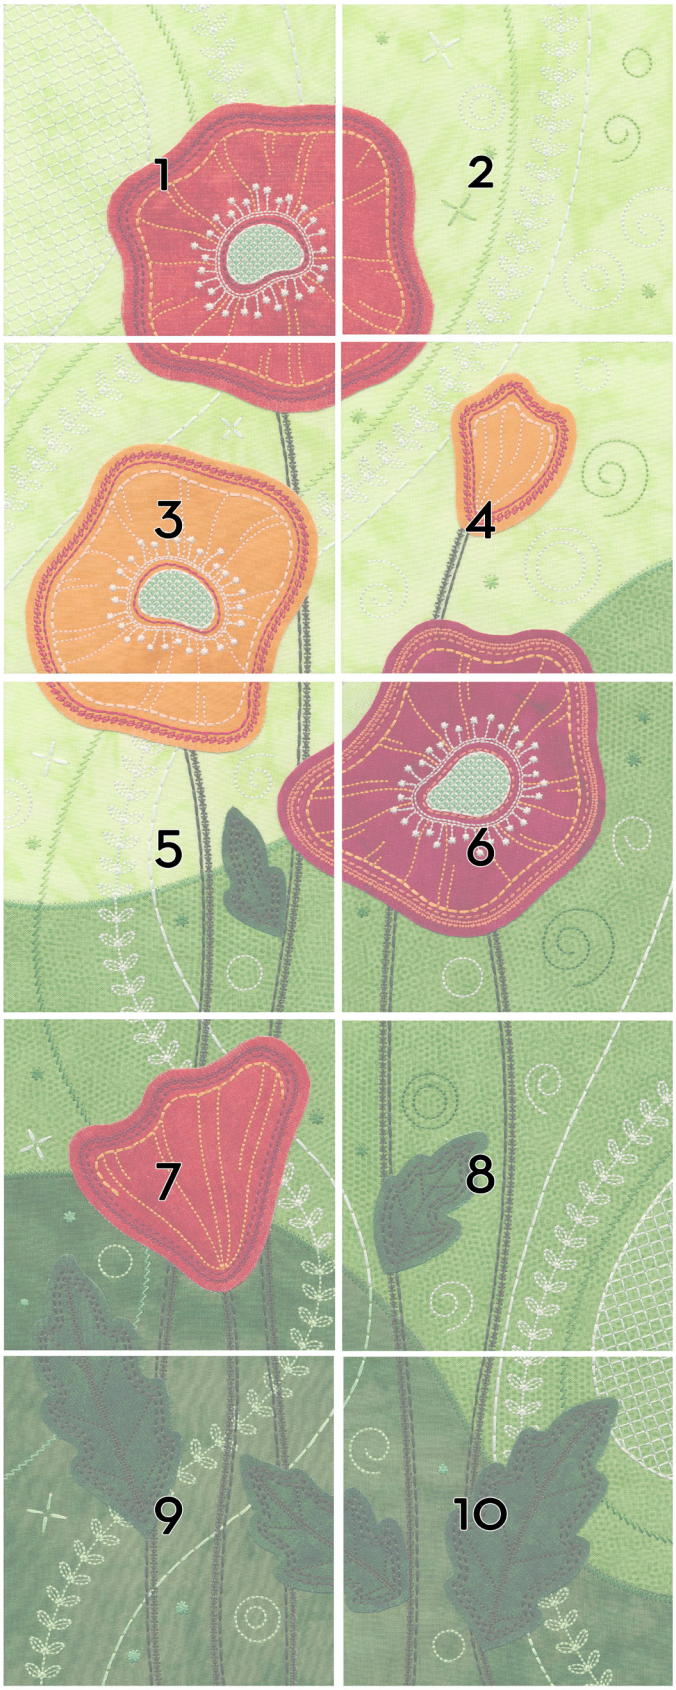
SUMMARY

COMPLETED TILING SCENE IS 24.5″ X 10″

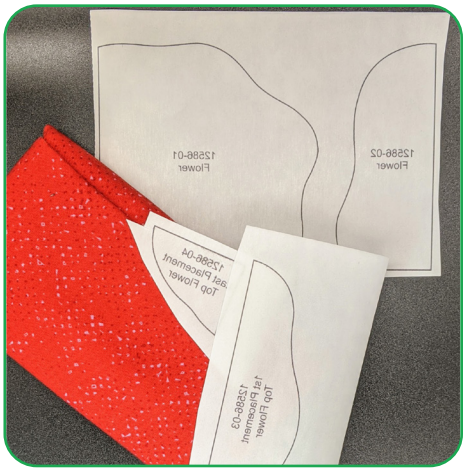


It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2015 OESD, LLC. All rights reserved.

APPLIQUE PREP

STEP 1

- Print the mirrored version of the templates (at 100% scale or 1:1 ratio) onto the paper side of Applique Fuse and Fix.
- Cut approximately ¼" – ½" outside the printed applique templates.



STEP 2

- Fuse the trimmed templates to the wrong side of the appropriate applique fabric with the printed template paper side up.

STEP 3

- Cut the appliques out on the outer edge of the black outline and set aside.
- Note: This is a raw edge applique, OESD Fuse and Fix is used to keep the fabric from fraying during assembly.

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2015 OESD, LLC. All rights reserved.

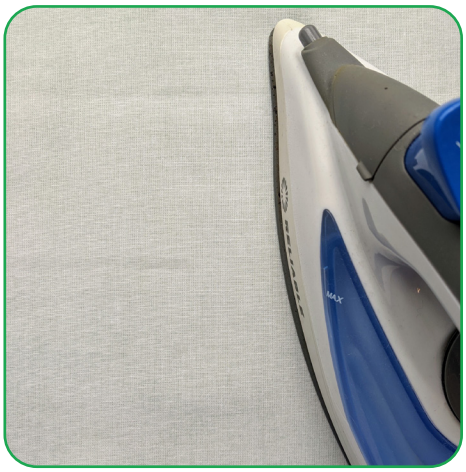
EMBROIDERY

STEP 4

- Embroider one of each design file 12586-01 through 12586-10.
- For each hooping, cut the following 2″ larger than needed for the hoop:
- 1 layer OESD Fusible Woven
- 1 layer OESD Medium Weight TearAway
- 1 layer of background fabric
- Note: To economize on fabric, cut the fabric 15″ wide (or the height of the hoop + 2″) x width of the fabric. Apply the stabilizers. Move the hoop down the length of the fabric as each block is stitched. Leave a minimum of 1 ½″ between the blocks.

STEP 5

- Place one layer of Fusible Woven to the wrong side of the background fabric and fuse in place.



It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2015 OESD, LLC. All rights reserved.

SUMMARY

STEP 6

- Embroider blocks 12586-01 through 12586-05 on light green fabric (upper background fabric).

12586-01

Requires 1 Design

12586-02

Requires 1 Design

12586-03

Requires 1 Design

12586-04

Requires 1 Design

12586-05

Requires 1 Design

- Embroider blocks 12586-06, 12586-07, 12586-08 and 12586-10 on medium green fabric (medium background fabric).

12586-06

Requires 1 Design

12586-07

Requires 1 Design

12586-08

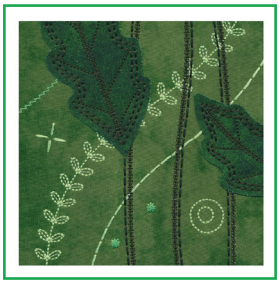
Requires 1 Design

12586-10

Requires 1 Design

- Embroider block 12586-09 on dark green fabric (lower background fabric).

12586-09



Requires 1 Design

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2015 OESD, LLC. All rights reserved.

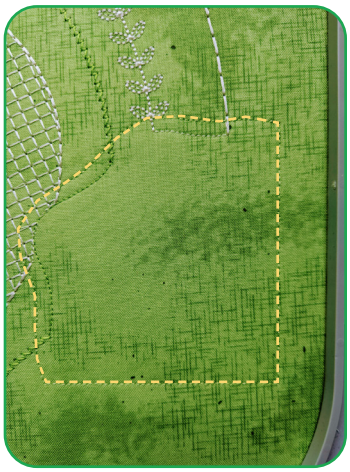
EMBROIDERY

STEP 7

- Hoop light green fabric and Medium Weight TearAway stabilizer.
- Load selected design into the machine.
- Example design is 12586-01.
- Thread the machine per the thread chart.
- Place hoop on the machine.

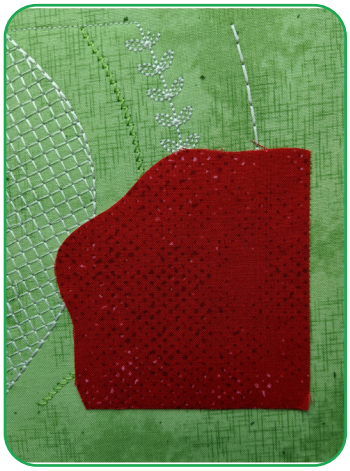
STEP 8

- Stitch Machine Steps 1and 2.
- Stitch Machine Step 3, Flower Placement Stitch.



STEP 9

- Remove the hoop from the machine, but NOT the project from the hoop.
- Remove the paper from the applique fabric and place the prepared applique fabric, right side up, completely covering the placement stitch.
- Note: Applique Fuse and Fix is repositionable if you need to adjust placement.



It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2015 OESD, LLC. All rights reserved.

ASSEMBLY

STEP 10

- Place hoop on the machine.
- For each tile, stitch the machine steps per the thread chart.
- Stop before the last Machine Step.

STEP 11

- Change bobbin to a contrasting color and stitch the last step.
- The last color change in each block is called “Seam”. This line is the guide when trimming and stitching the tiles together and needs to be highly visible on the back side of the tile. Stitch the top color in a thread that blends with the fabric, invisible thread, or water-soluble thread. For the bobbin, use a color which contrasts sharply with the back of the tile.
- Note: Since the bobbin color doesn’t have to be the same on each tile, this is a great time to use up partially wound bobbins.

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2015 OESD, LLC. All rights reserved.

ASSEMBLY

STEP 12

- After embroidery is complete, press each block right side down on a Perfect Embroidery Press Cloth.
- Write the number of the block on the back so it is easily identified during construction! Use a pen or pencil that will not bleed through to the front side.
- Remove stabilizer from the seam allowance. Leave stabilizer in the open areas of the individual tiles.

STEP 13

- At the cutting mat, place the block right side down. Identify the "seam" stitch line. Trim 1/2" inch out from the seam stitch line, on all four sides, to create the seam allowance.
- Note: Accuracy here will greatly facilitate the construction of the scene.

STEP 14

- Arrange the tiles in the layout for the scene.
- Stitch two adjacent tiles, right sides together: the bottom of one tile to the top of the one below it. Align the matching edges and stitch just inside of the seam line.
- Repeat until all the blocks have been paired.

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2015 OESD, LLC. All rights reserved.

ASSEMBLY

STEP 15

- Press each seam open.
- Note: If the seams do not come apart easily, press both seam allowances to one side using steam and a cotton or linen setting.
- While warm, open the seam allowance with the large ball of the Expert Point and Press Tool. Press again and allow to cool. Do not remove excess stabilizer from inside the seam line.

STEP 16

- Finish connecting the block of tiles to the ones below. Press and remove stabilizer from the seam allowances. Then continue the stitching and pressing process until the scene is complete.

STEP 17

- Cut batting and backing at least 2″ larger than the tiling scene.
- Layer the backing (right side down), batting, and center the tiling scene (right side up).
- Spray baste all 3 layers with temporary spray adhesive.

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2015 OESD, LLC. All rights reserved.

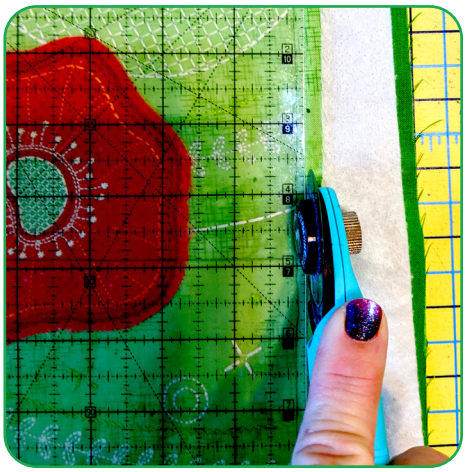
ASSEMBLY

STEP 18

- Load the sewing machine with a thread color that blends with the scene or invisible thread. Stitch in the ditch where the tiles connect to attach the batting and backing to the top. For best results use a walking foot or a dual feed foot.

STEP 19

- Trim ¼″ from the edge of the top through all three layers to square up the finished scene.



It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2015 OESD, LLC. All rights reserved.

ASSEMBLY

STEP 20

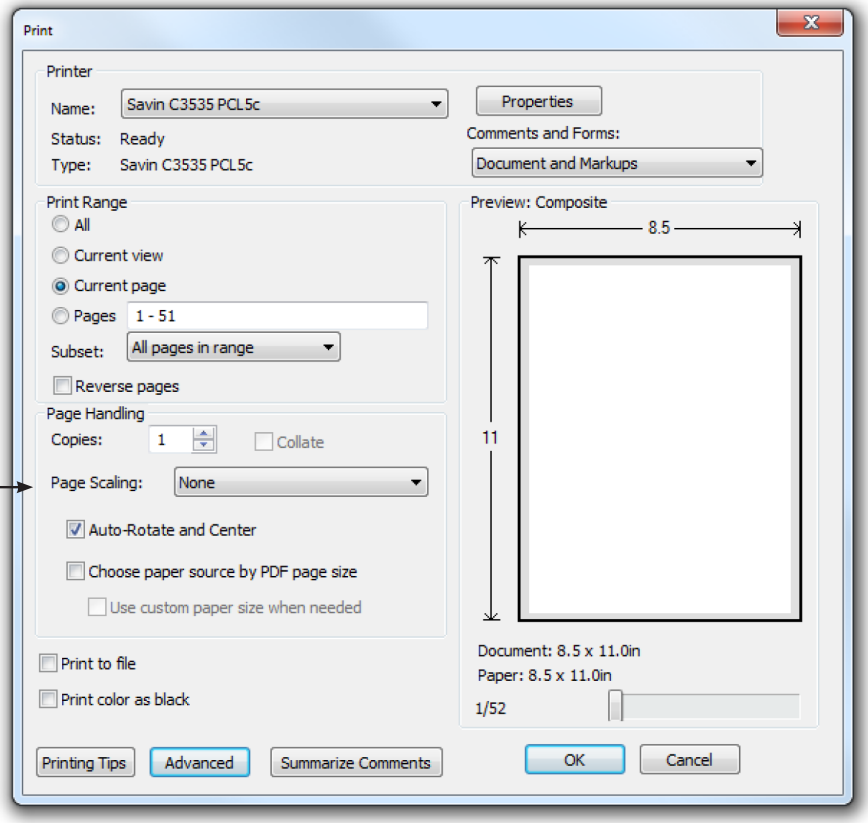
- Zigzag over the raw edges to join the edges together.
- Bind as desired.

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2015 OESD, LLC. All rights reserved.

PRINTING INSTRUCTIONS

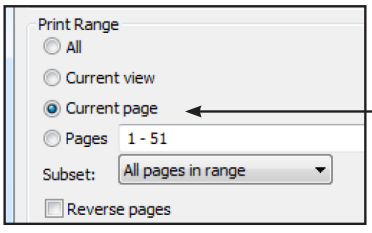
ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.



TO SAVE PAPER

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.



It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
