COLLECTION SUPPLIES

Stabilizers

- OESD AquaMesh
- OESD BadgeMaster
- OESD StabilStick CutAway

Fabrics/Textiles

- Fat Quarter each Brown, Green, Light Pink, Darker Pink
- ½ yard Yellow
- Note: Fabric sizes are estimates and may result in overage.

Notions & Tools

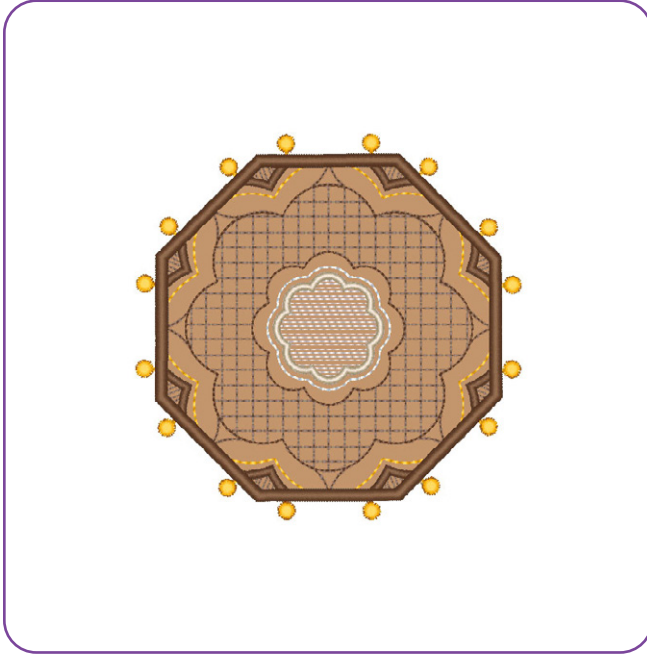

- Alligator Clamps
- Button Clips
- Expert Embroidery Tape TearAway
- Perfect Embroidery Press Cloth
- Thread Snips
- Applique Scissors

Isacord Thread Colors

- As per thread chart
- Match bobbin thread to top thread throughout

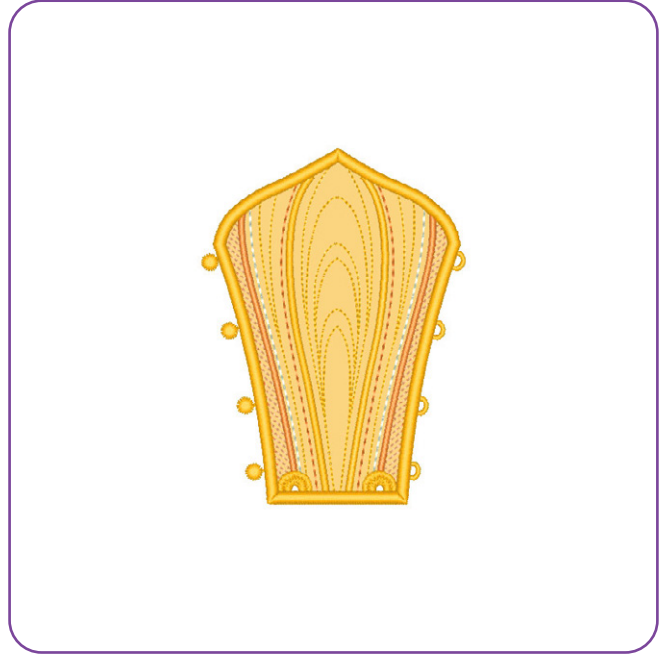

SUMMARY

12632-01

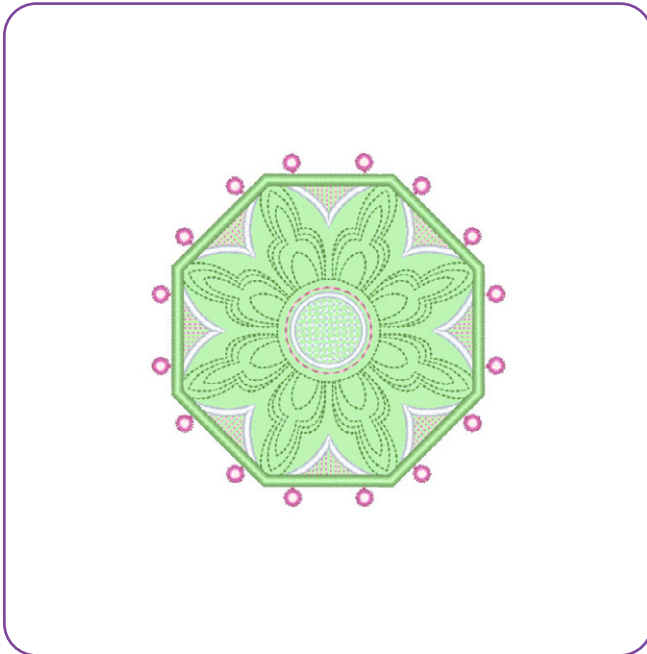

Requires 1 piece

12632-02

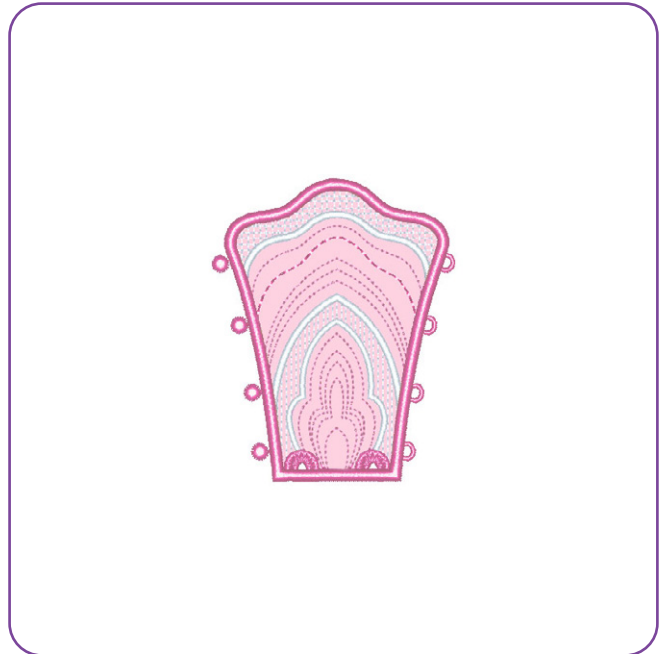

Requires 8 pieces

12632-03

Requires 1 piece

12632-04

Requires 8 pieces

PREPARATION

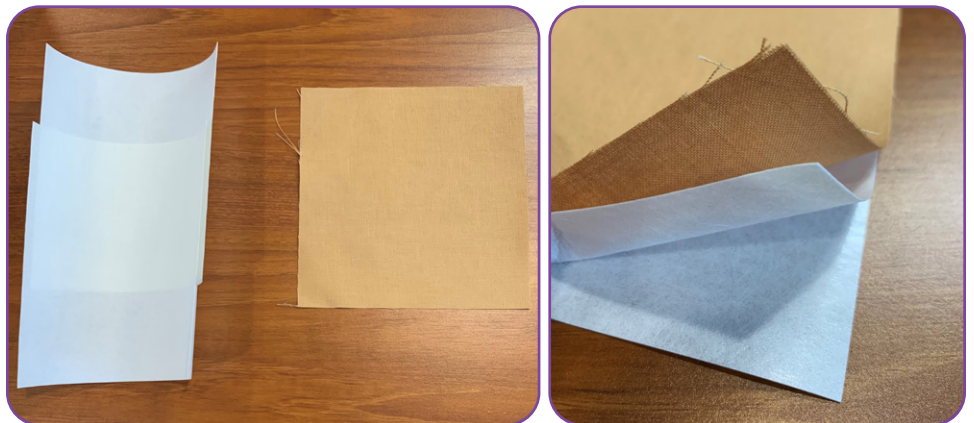

NOTE

- The freestanding lace applique instructions included in the design pack are general instructions for the collection. For demonstration purposes, a sample design that best represents the entire collection is shown. Fabric and thread requirements will vary by design, but the general technique will be the same.

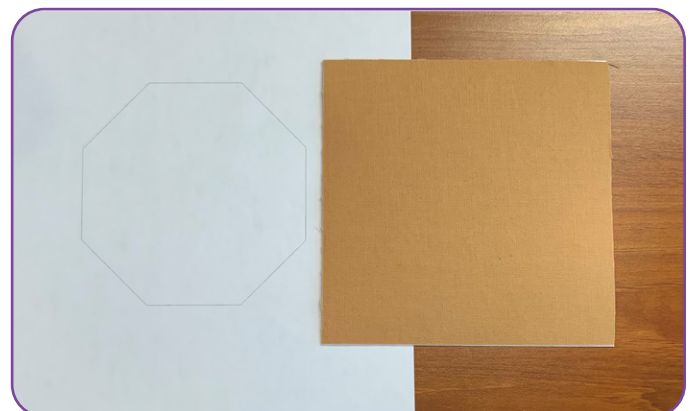

STEP 1

- Apply two layers of StabilStick CutAway to the wrong side of both the front and back applique fabrics.

STEP 2

- Cut the prepared applique fabrics 1/4"-1/2" larger than the templates.

EMBROIDERY

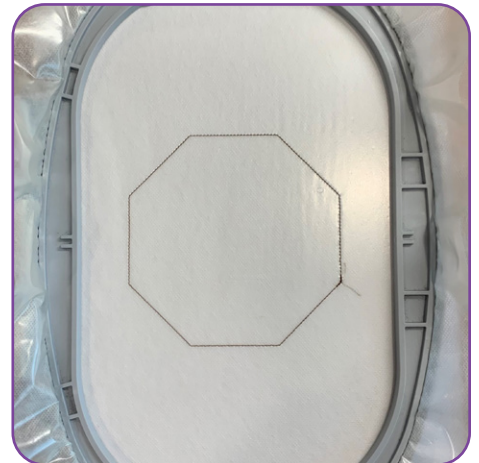

STEP 1

- Hoop one layer of OESD AquaMesh and one layer of OESD BadgeMaster in the hoop for all designs.

STEP 2

- Load selected design into the machine.
- Design in the example is 01.
- Thread the machine per the thread chart.
- Stitch Machine Step 1, Base Top Placement Stitch.

STEP 3

- Remove the hoop from the machine, but NOT the project from the hoop. Lay the hoop on a flat surface.

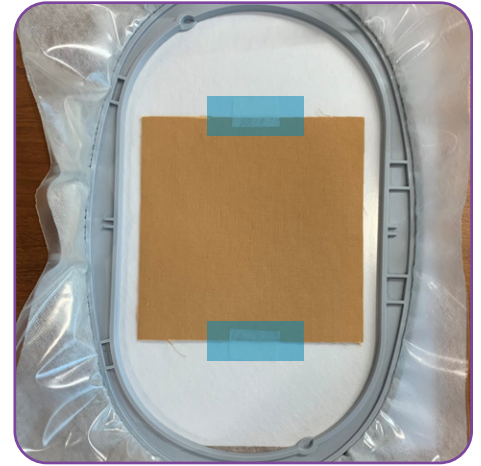

EMBROIDERY

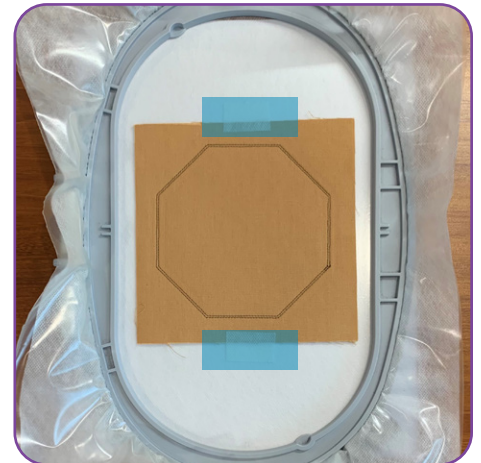

STEP 4

- Cover the placement line completely with the prepared fabric.
- Tape in place to secure.

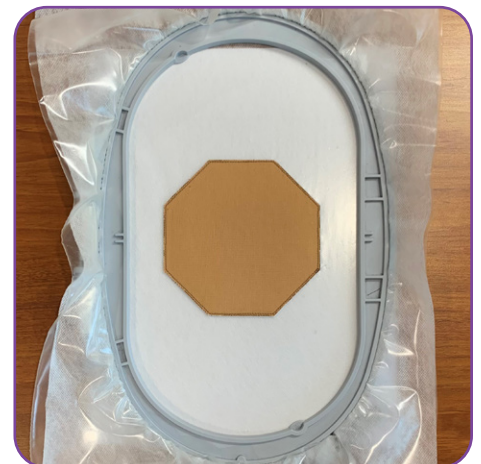

STEP 5

- Return the hoop to the machine.
- Stitch Machine Step 2, Base Top Cut Line and Tackdown.

STEP 6

- Remove the hoop from the machine, but NOT the project from the hoop.
- Trim the excess fabric as close to the tackdown stitching as possible.
- If the outermost stitches are cut, the inner stitches will still hold the applique in place.
- Tip: If the AquaMesh is cut or a hole is created while trimming the fabric. Use OESD Expert Embroidery Tape WashAway or AquaMesh Plus as a patch.

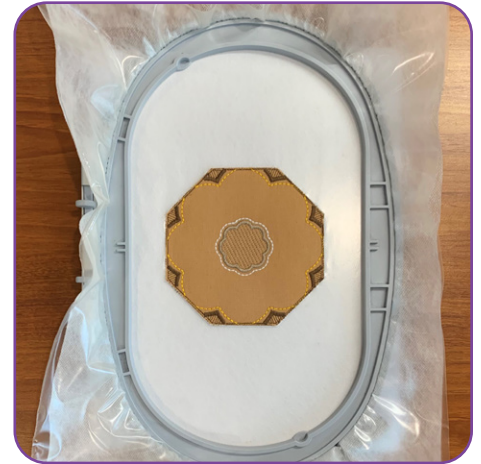

EMBROIDERY

STEP 7

- Stitch Machine Steps 3-6.
- Remember to match the bobbin thread to the upper thread colors throughout.
- Stop BEFORE Machine Step 7, Base Bottom Cut Line & Tackdown.

STEP 8

- Turn the hoop over and place the fabric right side up covering the design.

STEP 9

- Carefully tape to secure. Avoid pushing too hard on the stabilizer to prevent it from dislodging from the hoop.

STEP 10

- Return the hoop to the machine.
- Stitch Machine Step 7, Base Bottom Cut Line and Tackdown.

STEP 11

- Remove the hoop from the machine, but NOT the project from the hoop.
- Trim the excess fabric as close to the tackdown stitching as possible. If the outermost stitches are cut, the inner stitches will still hold the applique in place.

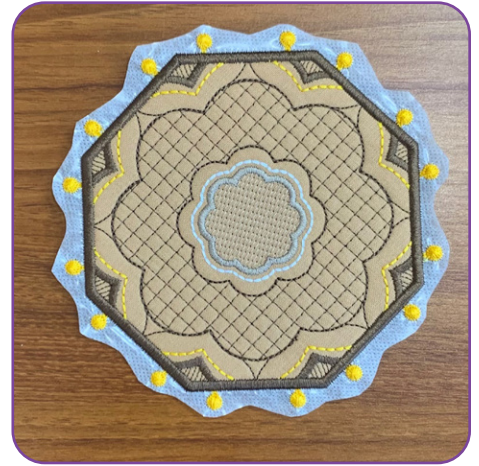

STEP 12

- Stitch Machine Steps 8 – 10.
- Return the hoop to the machine and stitch the remaining steps according to the thread chart.
- Remember to match the bobbin thread to the upper thread colors throughout.

STEP 13

- When design is complete, remove the project from the hoop and trim the stabilizer 1/4" - 1/2" outside the design.

ASSEMBLY

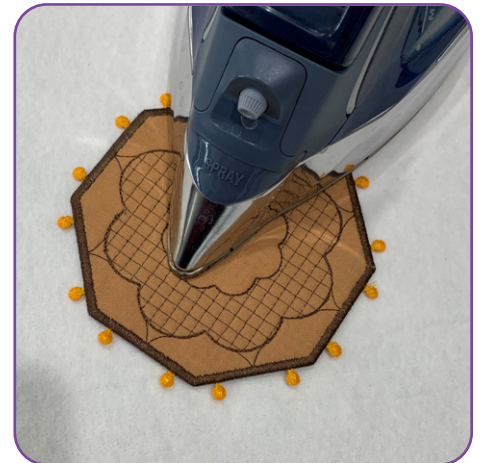

STEP 1

- Rinse each piece in warm running water until the design is only slightly sticky.
- Lay face down on a non-stick surface to dry. Parchment paper or a cooling rack work well. This prevents the piece from curling.

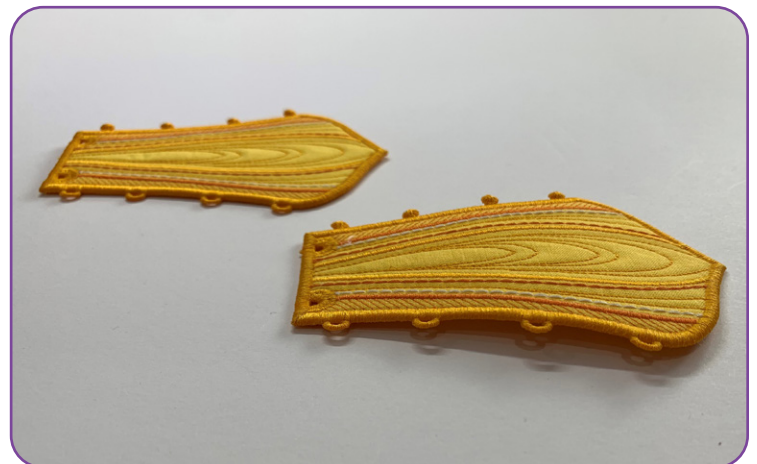

STEP 2

- Press each piece, right side down, on a Perfect Embroidery Press Cloth.

STEP 3

- Slightly bend the side pieces.

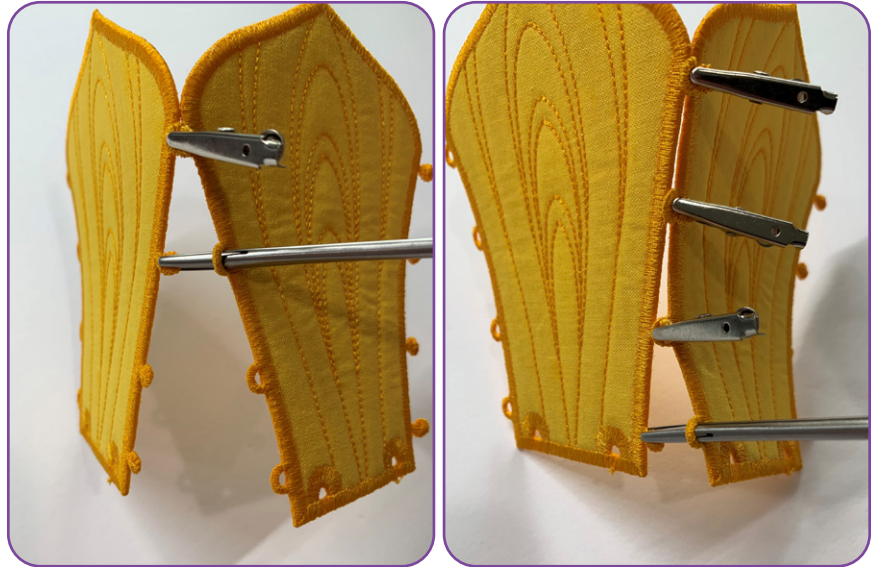

ASSEMBLY

STEP 4

- Assemble the flower bowl sides by inserting the four buttonettes of one side piece 02 Flower 1 into the four eyelets of one side piece 02 Flower 1.
- Tip: Use Button Clips to temporarily hold the buttons in place.

STEP 5

- Continue with all 8 pieces until all the sides of the bowl are together, forming a circle.

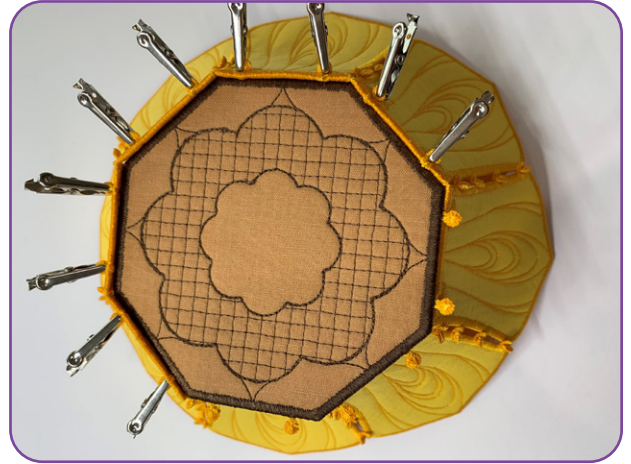

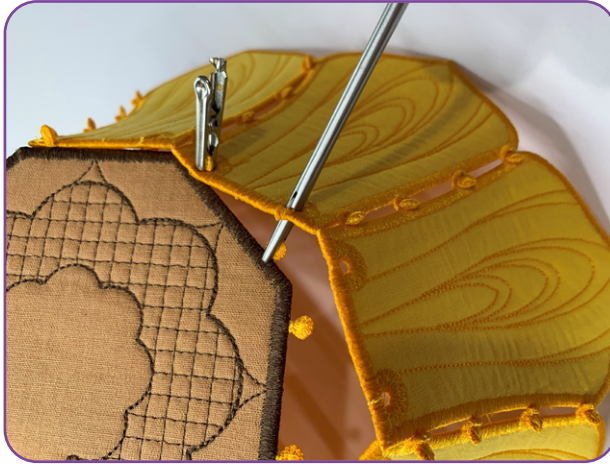

ASSEMBLY

STEP 6

- Complete the flower bowl by pulling the buttonettes of the bowl base through the eyelets at the base of each petal as shown.

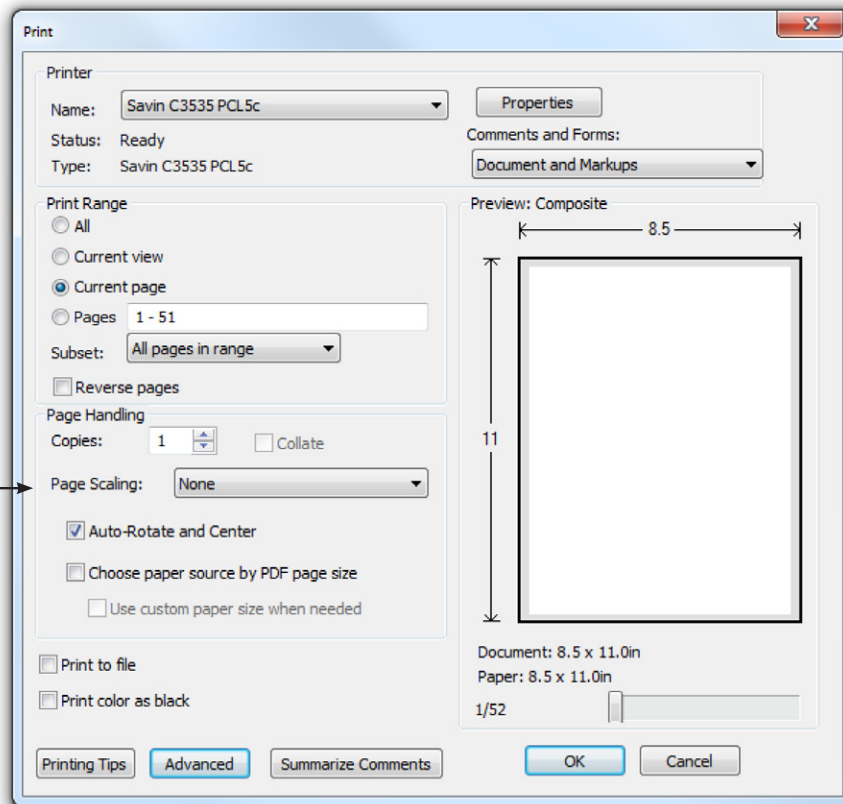

STEP 7

- The Flower Bowl is complete!

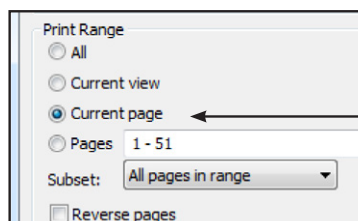

ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

TO SAVE PAPER

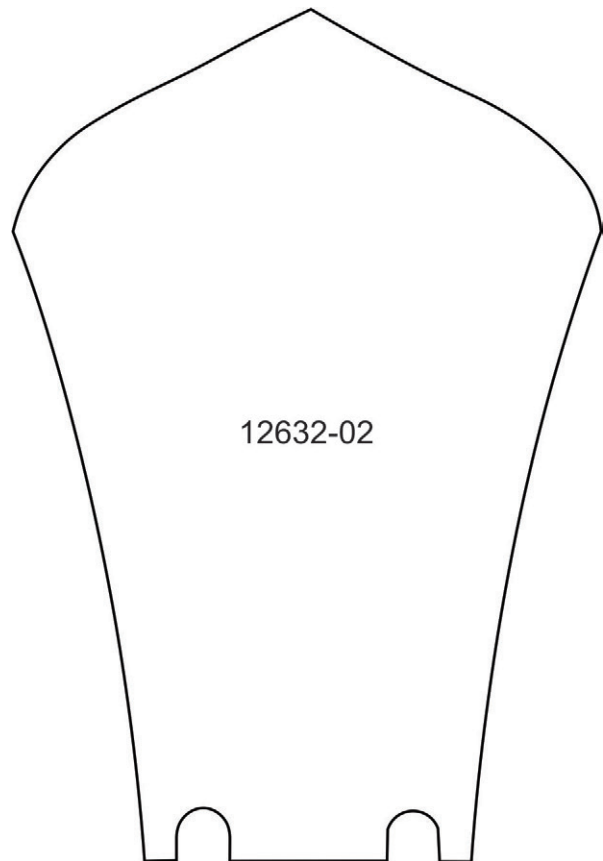

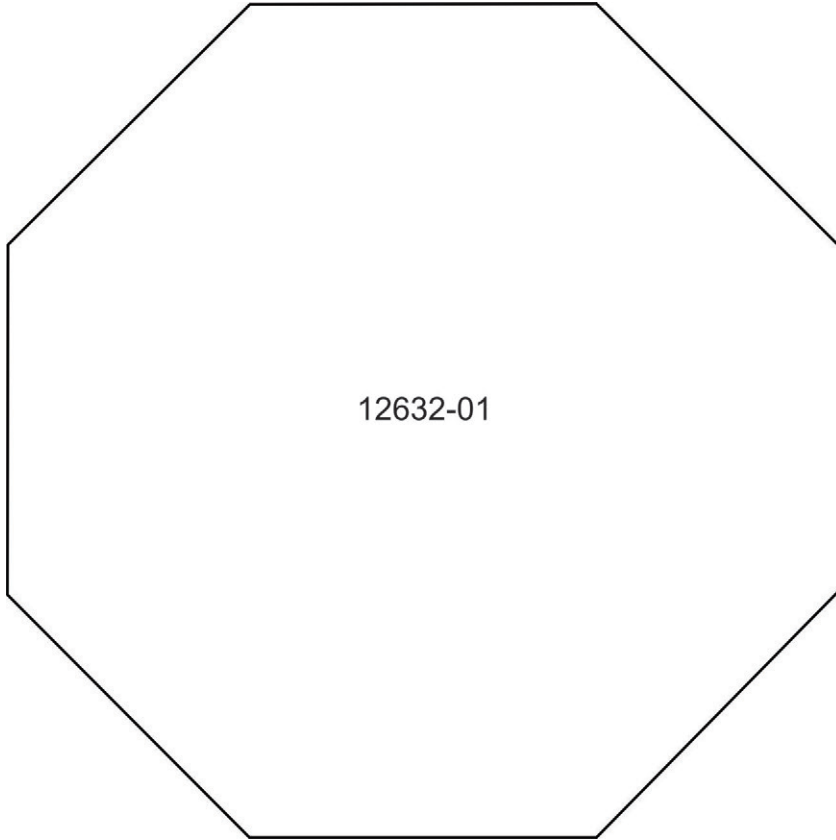

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.

APPLIQUE PATTERNS

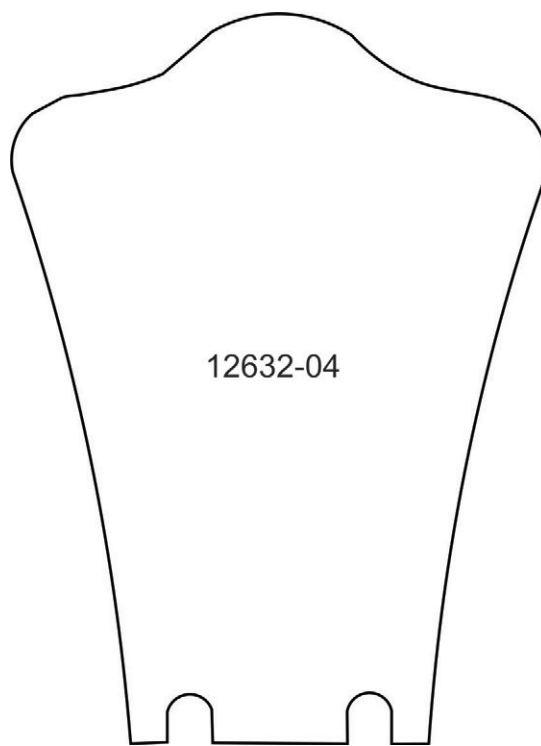

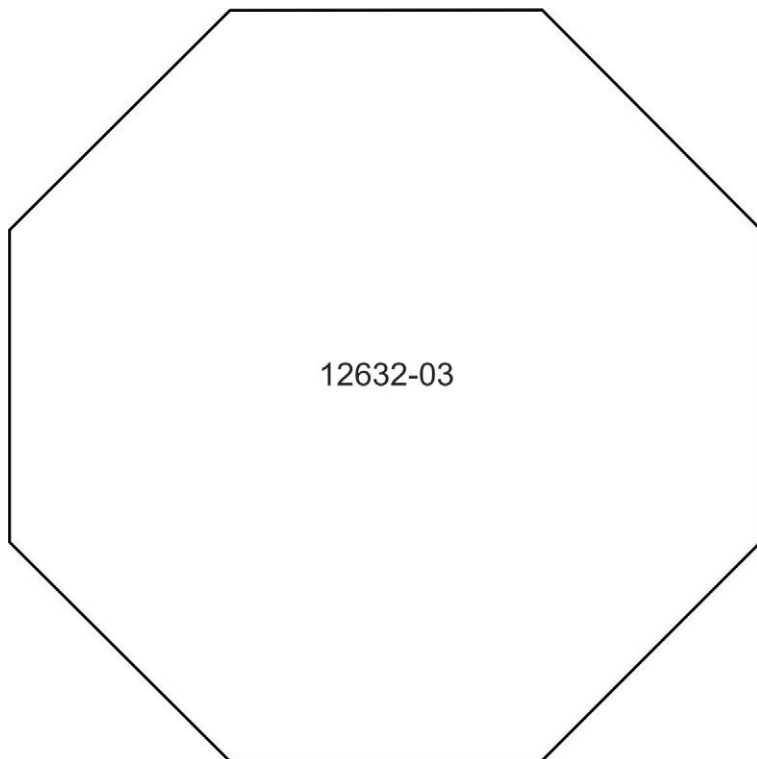

Print at 100%. No scaling. This box measures 1" x 1". Use the box as an accuracy guide when printing templates.
