FSA - Freestanding Appliqué

FSL - Freestanding Lace

Listings below indicate color sample, stitching order and suggested thread color number. Most numbers indicate Isacord thread. Colors beginning with 20501 refer to YLI Fine Metallics, 7 refer to Yenmet Metallic, 8 refer to YLI Variations Variegated Thread and 9 refer to Isacord Multicolor Variegated.

**Isacord / Yenmet Thread Colors Used in “Gifts of Gold Ornaments”
Collection #12644**

0015 White	0941 Golden Grain
0822 Palomino	7013 (S-14) Mayan Gold

General Freestanding Lace Guidelines

Supplies:

Embroidery Thread:

- Use the same embroidery thread in the bobbin as the needle.

Needles:

- Use an Organ 80/12 Titanium needle for extended needle life.

Stabilizer:

- Use water-soluble stabilizer or film water-soluble stabilizer.

Handy Hints:

For Stiffer Lace:

- DO NOT rinse away all of the stabilizer for a “stiffer” lace. Note that the thread may appear a shade darker if stabilizer is not removed completely.
- If you happen to wash too much out, easily re-stiffen by diluting some stabilizer scraps in water and dipping the item in the solution.

For Very Soft Lace:

- Cut away excess stabilizer. Remove remaining stabilizer by rinsing under warm running water until all traces of the stabilizer are gone. **Note:** If lace should become too limp to work with, dissolve stabilizer scraps in warm water and apply to the lace.

Drying Lace:

- The lace looks best when left to dry completely. Lay lace piece with right side down to dry. This will minimize the tendency for the lace to curl. Be sure to flatten the piece out entirely and allow ample time to dry.

General Instructions

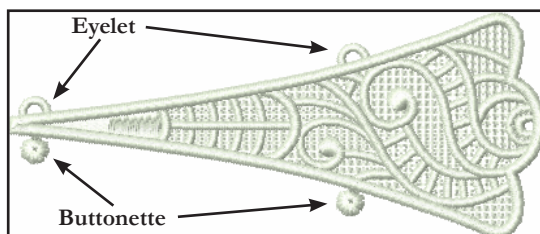

1. Hoop two layers of water-soluble stabilizer.
2. Attach the hoop to the machine and select the design of your choice.
3. Stitch the design.
4. Remove the hoop from the machine and the design from the hoop. Trim excess stabilizer from the design.
5. Rinse away remaining stabilizer and allow it to dry.

Handy Hints:

For 3D Lace Projects:

- Rinsing out lace with very hot water can cause wrinkles in some fabrics after it has been embroidered. To prevent this, pre-shrink cotton fabric by washing it in warm water and drying it in a dryer.
- If item becomes too limp to work with, iron the appliqué pieces on the wrong side while applying spray starch. After ironing, spray again with starch and allow to dry completely. This will stiffen the lace pieces nicely and aid in construction.
- A pair of tweezers, hemostats, stiletto or a tiny crochet hook can be extremely helpful when inserting the buttonettes into the eyelets. (Please see **Diagram 1** for explanation of “buttonette” and “eyelet”.)
- Insert the tip of the tweezers, hemostats or crochet hook into the eyelet, grasp the buttonette and pull through the eyelet. Or a stiletto could be used to push the buttonette through the eyelet.

Diagram 1

General Freestanding Appliqué Guidelines

Supplies:

Embroidery Thread:

- Use the same embroidery thread in the bobbin as the needle.

Needles:

- Use an Organ 80/12 Titanium needle for extended needle life.

Stabilizer:

- Use water-soluble stabilizer or film water-soluble stabilizer.

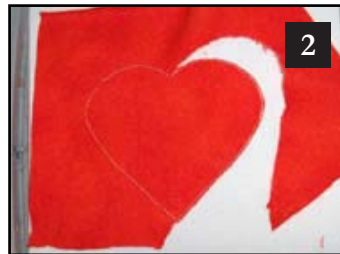

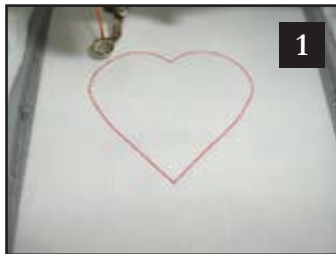

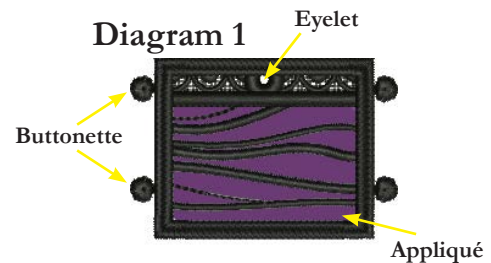

General Appliqué Instructions

1. Hoop two layers of water-soluble stabilizer.
2. Attach the hoop to the machine and select the design of your choice.
3. Stitch the Placement Stitch. **Photo 1**
4. Place a piece of appliqué fabric over the Placement Stitch so that it is completely covered.
5. Stitch the Cut Line & Tackdown Stitch.
6. Carefully cut away the excess appliqué fabric. **Photo 2**
7. Stitch the remainder of the design and repeat for any remaining pieces. **Photo 3**
8. Remove the hoop from the machine and the design from the hoop.
9. Trim excess stabilizer from the design.
10. Rinse away remaining stabilizer and allow it to dry.

Handy Hints

For 3D Appliqué Projects:

- Adhere 2 layers of heavy weight stabilizer to the back of appliqué fabrics with temporary adhesive spray **BEFORE** hooping or placing down for tackdown and cut in place. This gives fabric a more rigid structure.
- A pair of tweezers, hemostats, stiletto or a tiny crochet hook can be extremely helpful when inserting the buttonettes into the eyelets. (See **Diagram 1** for explanation of “buttonette” and “eyelet”.)
- Insert the tip of the tweezers, hemostats or crochet hook into the eyelet, grasp the buttonette and pull through the eyelet. Or a stiletto could be used to push the buttonette through the eyelet.

Supplies

- OESD Aqua Mesh stabilizer
- OESD StabilStick Tear Away (for ornaments with appliqué sections)
- Isacord and Yenmet threads
- Appliqué fabrics (for ornaments with appliqué sections)

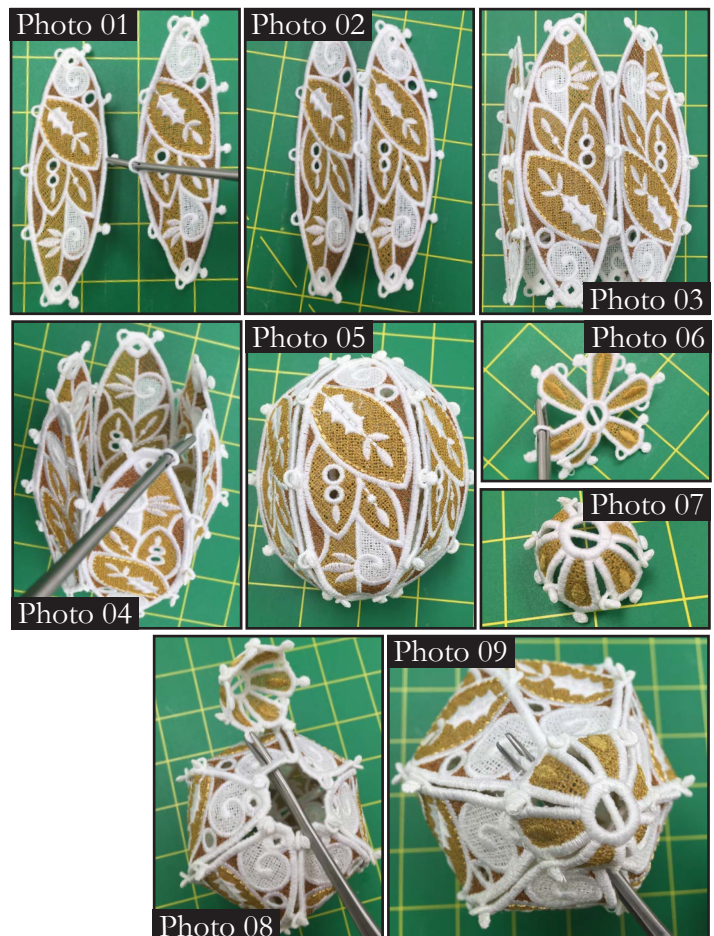

General Ornament Instructions

- To make appliqué designs two-sided, use two pieces of appliqué fabric for each appliqué section. The fabrics will be wrong sides together so the right side shows on both sides of the ornament.
- For each appliqué section, place a scrap of OESD StabilStick on the wrong side of one of the appliqué pieces. This will interface and stiffen the appliqué fabrics to help them hold up to the lace stitching and the rinsing and drying process.
- Follow the basic appliqué instructions above for each appliqué section.
- Stitch each ornament or ornament piece on two layers of OESD Aqua Mesh stabilizer.
- For best results, match the bobbin thread to the top thread throughout the design. (This will mean switching out the bobbin several times for each design.)
- After stitching each design, cut away the excess OESD Aqua Mesh stabilizer. Rinse the design in warm running water.
- Allow the pieces to dry overnight. Press each piece flat with a warm iron if needed once dry. Use starch if needed.
- For dimensional ornaments, follow the assembly instructions below.

Assembly Instructions

• Ball Ornaments

- Stitch (6) of the ball side (12644-01 or 12644-03)
- Stitch (1) of the ball hanger (12655-02 or 12644-04)
- Using alligator clamps, pull the center buttonette through the center eyelet on a second piece of the ball. **PHOTO 01**
- Button the two eyelet/buttonette sets above and below the center buttonette. **PHOTO 02**
- Repeat for the remaining 4 pieces, then connect piece 6 to piece 1 in the same manner. **PHOTO 03**
- Connect the top and bottom eyelets all the way around the ball. **PHOTO 04** and **PHOTO 05**
- Connect the eyelet/buttonette sets along the sides of the ball hanger. **PHOTO 06** and **PHOTO 07**
- Connect the bottom buttonettes of the ball hanger to the eyelets along the top of the ball. **PHOTO 08** and **PHOTO 09**

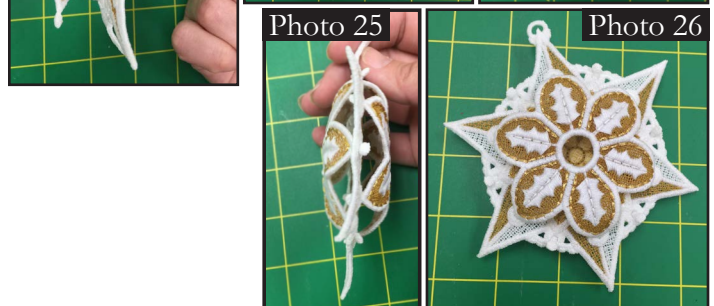

• Bell Ornament

- Using alligator clamps, pull the second buttonette (from the top) of one bell piece through the coordinating eyelet on a second bell piece. **PHOTO 10**
- Continue buttoning down the side of the bell pieces. **PHOTO 11**
- Repeat the process with the remaining bell pieces, connecting piece 1 to piece 6 at the end. **PHOTO 12**
- Connect the top buttonettes all the way around the bell. **PHOTO 13** and **PHOTO 14**
- Connect the eyelet/buttonette sets along the sides of the bell hanger. **PHOTO 15** and **PHOTO 16**
- Connect the bottom buttonettes of the ball hanger to the eyelets along the top of the bell. **PHOTO 17**, **PHOTO 18** and **PHOTO 19**

• Snowflake Ornaments

- Stitch one of the center piece (12644-07, 12644-09, or 12644-11) and two of the front/back piece (12644-08, 12644-10, or 12644-12) **PHOTO 20**
- Pull one of the buttonettes of one front/back piece through an eyelet on the center piece. **PHOTO 21**
- Button the remaining buttonettes through every other eyelet on the center piece. **PHOTO 22** and **PHOTO 23**
- Follow the same process with the other center piece, pulling the buttonettes through the alternating eyelets. **PHOTO 24** and **PHOTO 25**
- Your ornament is complete. **PHOTO 26**

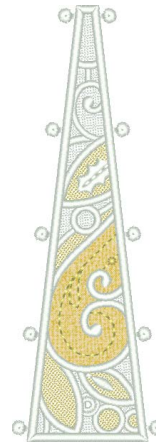

• Angel Ornament

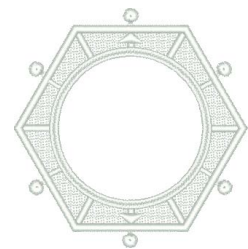

- Stitch (2) of the side dress pieces (12644-13)
- Stitch (2) of the front/back dress piece (12644-14)
- Stitch (1) of the base (12644-15)
- Stitch (1) of the angel head and wings (12644-16)
- Stitch (1) of the angel arms (12644-17)
- Pull the second (from the top) buttonette of the front piece through the coordinating eyelet on one of the side pieces.
- Button the remaining eyelet/buttonette sets the rest of the way down the dress pieces.
- Repeat the process, adding the back piece to the side piece.
- Next, add the remaining side piece to the back piece.
- Connect the front piece and side piece together in the same manner.
- Connect the top buttonette/eyelet sets all the way around the top of the dress.
- Button the base into the eyelets at the bottom center of each dress piece.
- Button the buttonettes at the shoulder of the arm piece into the coordinating eyelets in the angel wings and head piece.
- Insert the angel top into the angel dress, aligning the wings with the slits at the sides of the dress. The v shape at the center of the angel top will fit within the angel dress.
- Your angel is complete.
