Supplies

- OESD embroidery collection Quilted Dimensions 2 #12668
- ½ yard Outer Fabric
- ½ yard Lining Fabric
- ½ yard (45" wide) Batting
- ½ yard Fusible Interfacing
- OESD HeavyWeight Tear-Away Stabilizer
- Temporary Spray Adhesive

Prepare Pattern Pieces

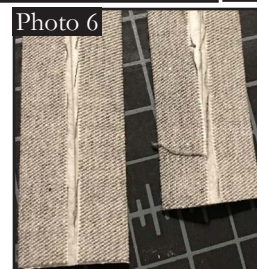

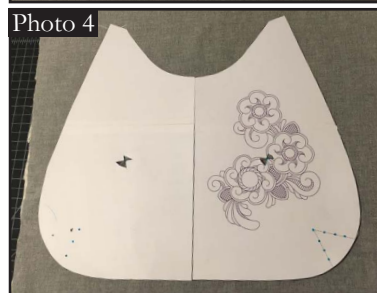

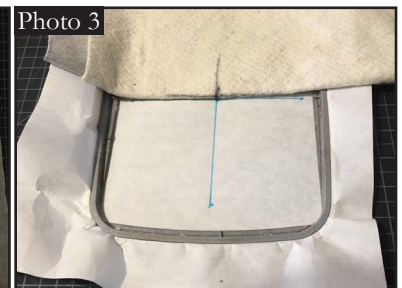

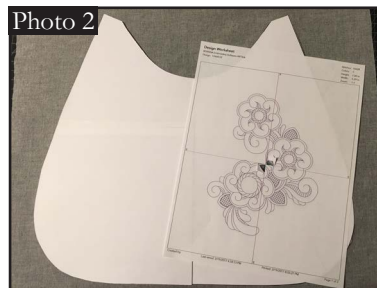

Prepare pieces according to pattern. All seam allowances are 3/8" unless otherwise noted.

- Print pattern pieces and assemble. Cut main fabric, lining fabric, and interfacing according to the pattern. Note that outer fabric will first be cut to larger rectangles for embroidery, and later cut to pattern shape. Prepare lining pieces by fusing interfacing on the back of the lining and strap pieces according to manufacturer's instructions. Mark dart placement on the interfacing side of the lining pieces. **PHOTO 1**

Outer Embroidered Quilting

- Lightly spray the batting with temporary spray adhesive. Lay the outer fabric square over top the batting. Mark the placement line of the design. **PHOTO 2.** Sample uses 12668-02 twice, mirror-imaging the second design.
- Hoop the OESD HeavyWeight Tear-Away stabilizer. Lightly spray the hooped stabilizer with temporary spray adhesive. Mark the center line of the hoop. Center the prepared outer front and smooth onto the stabilizer. **PHOTO 3**
- Load the hoop in the machine and begin stitching the design, matching the needle and bobbin thread. Remove the hoop from the machine and carefully tear away the stabilizer. Repeat as desired for remaining hooppings.
- Once you have embroidered the outer squares, use the pattern piece and template to cut to the pattern piece. Mark dart placement on the batting side of the outer. **PHOTOS 4 & 5**

Prepare Strap

- Fold and press the long sides of the strap pieces to the center with the right side down. Place one strap on top of the other with the raw edges sandwiched between them. Pin in place, then sew along the folded sides.

PHOTOS 6, 7 & 8

Prepare Lining and Outer

- Stitch the darts on the lining and outer pieces. Backstitch at the beginning and end. Trim to 1/4" from the seam. **PHOTOS 9 & 10**
- Right sides together, line up the outer pieces at the darts and pin. Continue pinning around the outer edge. Stitch around the sides and bottom. Repeat for the lining pieces, leaving a 4" opening at the bottom of the lining for turning. **PHOTOS 11 & 12**

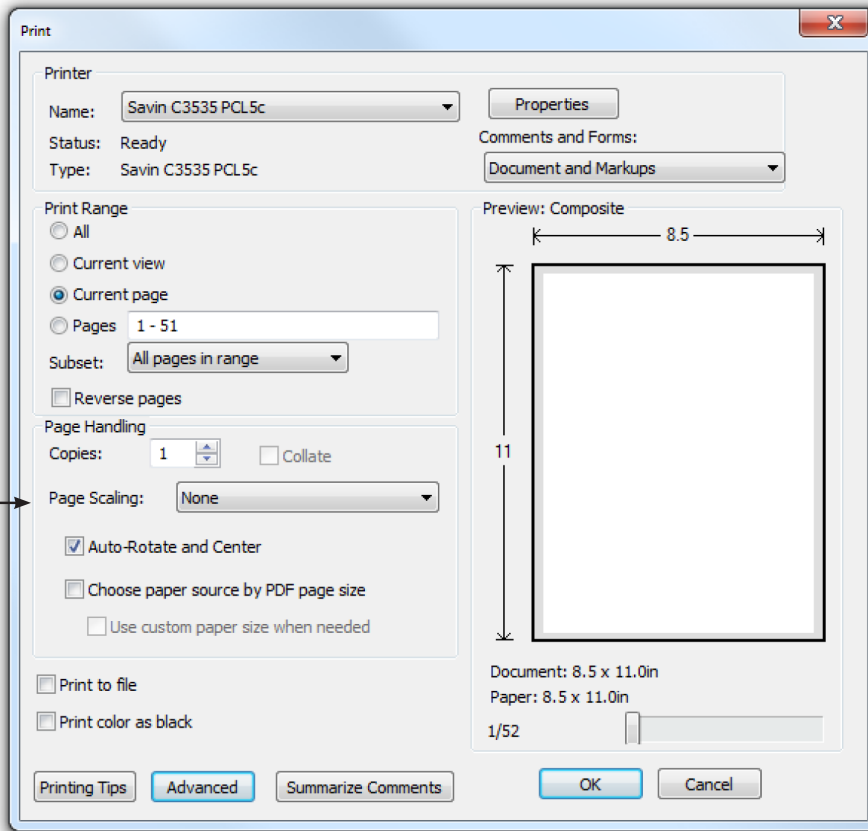

Assemble Purse

- Carefully pin the strap to either side of the outer, allowing the strap to fall inside the purse. Right sides together, insert the lining piece, matching up the top edge. Pin around the edge. **PHOTO 13**
- Stitch two reinforcing lines of stitching along the strap sides. Continue stitching around the top edge, attaching the liner to the purse outer. **PHOTO 14**
- Turn and press. Stitch the opening in the lining closed. Top stitch the top of the purse. **PHOTO 15**

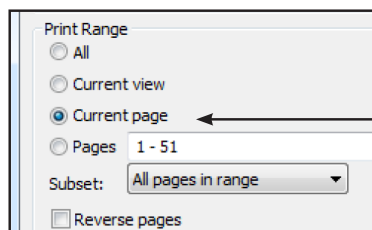

ATTENTION

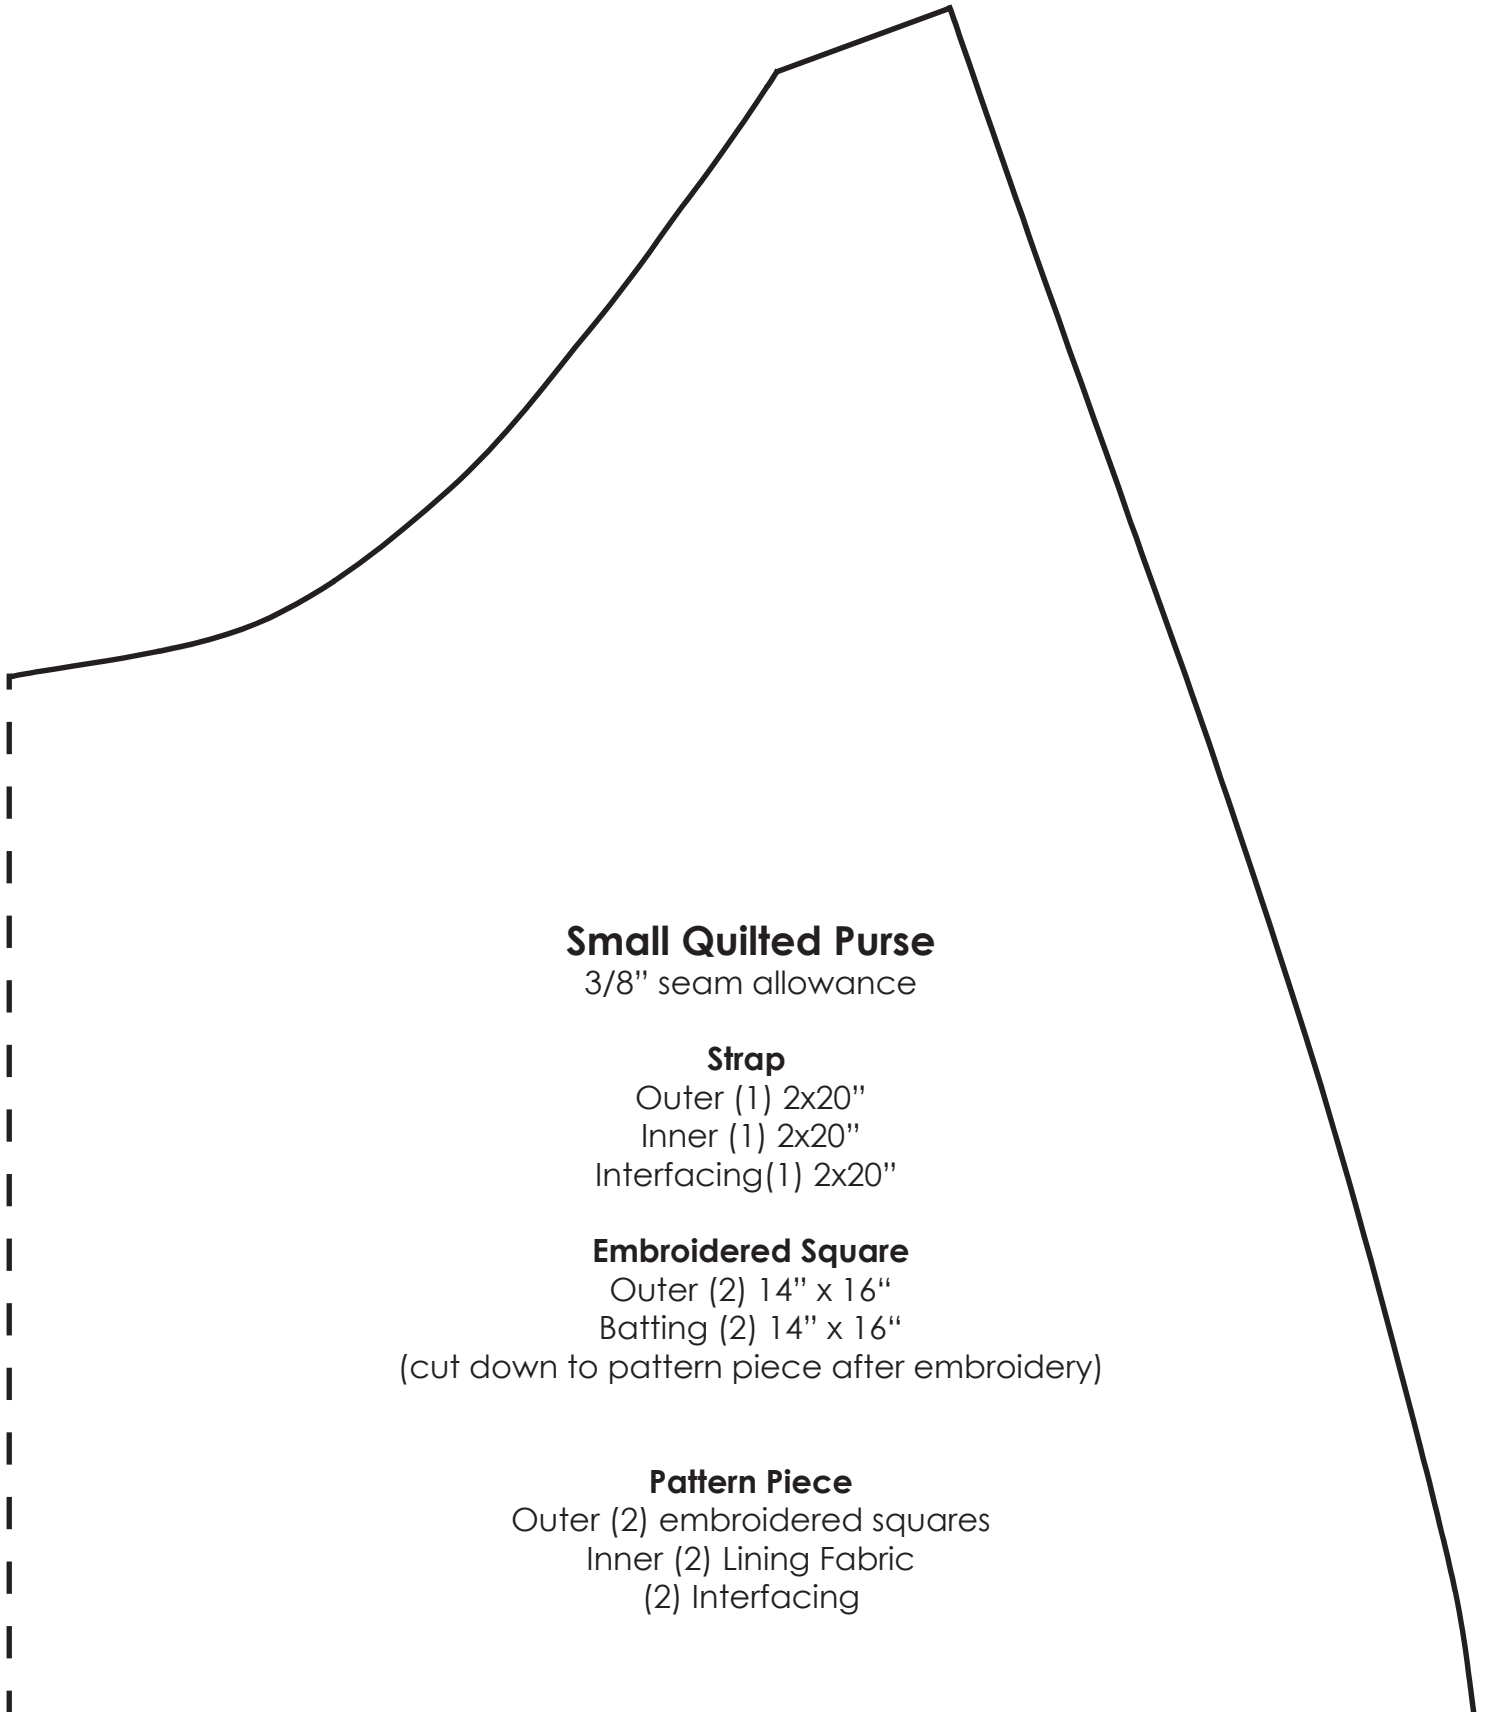

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

TO SAVE PAPER

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.
