0824 Liberty Gold	1701 Red Berry	4220 Island Green
0832 Sisal	1753 Strawberries N' Cream	5912 Erin Green
0904 Spanish Gold	2504 Plum	

INSTRUCTIONS

STEP 1

Fold each handle piece in half lengthwise (right sides together) and press.

STEP 2

Open and fold each side toward pressed line and press. Then fold in half and press again.

STEP 3

Top stitch $\frac{1}{8}$ " from the outside edge on each side of pressed handles. Set Aside.

INSTRUCTIONS

STEP 4

Apply Fusible Woven to wrong side of both 11" x 13" outside pieces, following label instructions.

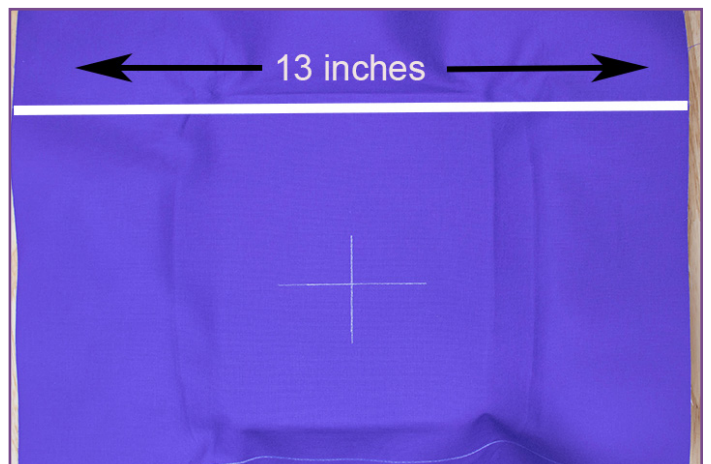

STEP 5

Hoop OESD StabilStick CutAway Stabilizer. Use a Loop and Tail Wand to score paper backing and remove to reveal the tacky stabilizer.

STEP 6

Using a fabric pen or pencil, draw a line 1" from top of outside fabric and another line 3" from bottom of outside fabric. Your lines will be 13" long across the width. Your design will be centered between the 2 lines - mark with a crosshair. Place your fabric onto stabilizer centering the crosshair with the center marks on your hoop.

INSTRUCTIONS

STEP 7

Embroider your choice of designs on both outside pieces. Use the printable thread chart as a guide to thread changes.

STEP 8

Fuse the Fuse and Fleece pieces to the wrong sides of both lining pieces and outside pieces.

STEP 9

Sew outside pieces together on bottom and sides using a ¼" seam allowance.

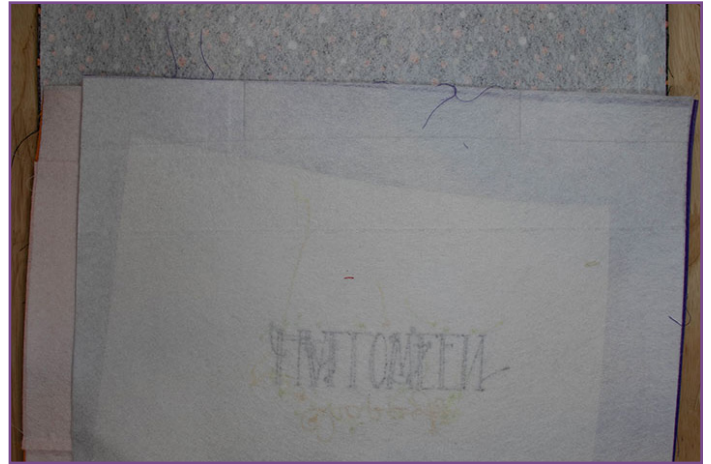

INSTRUCTIONS

STEP 10

Sew lining pieces together on bottom and sides using a $\frac{1}{4}$ " seam allowance. Leave about 3" open in the center of the bottom of lining. You will use this to turn right side out later.

STEP 11

Fold each corner matching the seams. Measure up 3" along the seamline and then perpendicular across the seamline 6" to create the stitching line to box the corners. Mark on the 6" line.

STEP 12

Stitch along this line. Do this for both corners on the outside and the lining pieces. Trim corners about $\frac{1}{4}$ " from stitched line.

INSTRUCTIONS

STEP 13

Measure 4 ½" from each side seam on the outer bag toward the center and make a mark. Do this on both sides of the outer bag.

STEP 14

Align the inside of the handles on the marks with the raw edges matching the raw edges of the bag. Machine baste into place. Be careful not to twist handles.

STEP 15

With outside of bag right side out and lining right side in, place outside of bag inside the lining. Line up side seams. Be careful not to catch handles in seam allowance. Stitch the outside to lining with a ¼" seam allowance.

INSTRUCTIONS

STEP 16

Pull outside through opening in bottom of lining.

STEP 17

Hand or machine sew lining opening closed.

STEP 18

At this point, your bag should look like this.

INSTRUCTIONS

STEP 19

Push lining down into outside matching the corners. The lining is longer so that it will make a border around the top of the finished bag. Once the lining is folded in place, top stitch around top of bag. This is a good time to choose one of your decorative stitches. Once you have topstitched, your bag is complete!
