# MATERIALS

## Stabilizer

- OESD Fusible Woven White
- Ultra Clean and Tear
- Ultra Clean and Tear Fusible (optional, use to eliminate spray basting)

## Supplies

- 9 Pieces base fabric in white/ivory cotton fabric 2" larger than hoop
- 1 Fat Quarter for Sand in tan
- 5 Fat Quarters for Water in 5 different shades of blue
- Backing fabric 26" x 32"
- Batting 26" x 32"
- Fabric strip for binding 3.5 yards
- Assortment of multi-color fabrics for sea animal appliques
- OESD Perfect Embroidery Press Cloth or Ironing Board Cover
- 505 Temporary Spray Adhesive
- Applique Scissors
- OESD Bobbin thread white
- Bobbin wound with contrasting thread (i.e. black, dark blue, etc.)
- Embroidery hoop to accommodate 7.5" x 9.5" design

## Isacord Thread Colors

0015 White	1141 Tan	3815 Reef Blue
0020 Black	1362 Shrimp	3820 Celestial
0132 Dark Pewter	2241 Mauve	3920 Chicory
0250 Lemon Frost	2532 Pretty in Pink	4101 Wave Blue
0546 Ginger	2650 Impatiens	5610 Bright Mint
0630 Buttercup	2912 Sugar Plum	5722 Green Grass
0904 Spanish Gold	3210 Blueberry	6141 Spring Green
1114 Clay	3710 Blue Bird	7029 (AN3) Pearlescence Light Blue

# Aquatic Adventures Tiling Scene

## Applique Blocks

- All blocks are created with “In the Hoop” technique, with multiple applique and decorative stitch embellishments. Refer to the color chart of each block for specific steps and thread changes.

### 1

- Spray baste 2 layers of Ultra Clean and Tear with a layer of the cotton base fabric and hoop.
- No-Spray Alternative: fuse one layer of Ultra Clean and Tear Fusible to the back of the base fabric. Fuse a second layer of Ultra Clean and Tear Fusible to the back of the first layer.

### 2

- Wind a bobbin with a bit of thread in a color that will contrast with other threads on the back of the fabric. Put the bobbin in the machine.
- Load machine with blue thread.

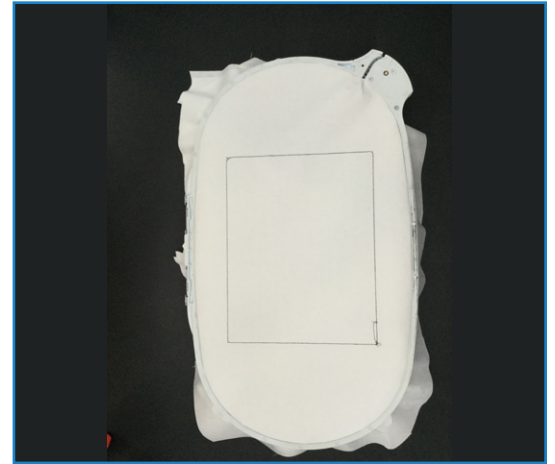

- Stitch Machine Step 1, Seam Stitch.

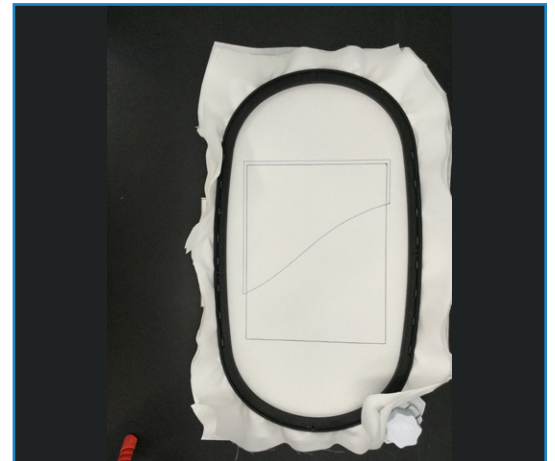

## 2a

- **Note:** The Seam Stitch will be used during the final assembly of the wall hanging. Once the block is complete, it is only visible from the back and is the reference line for trimming and sewing the blocks together.

## 3

- Change bobbin to white.
- Stitch Machine Step 2, Medium Blue Fabric Placement Stitch.

## 4

- Place medium Blue fabric piece on stabilizer covering the placement stitch.
- Stitch Machine Step 3, Cut Line and Tackdown.

# EMBROIDERY

5

- Trim the applique close to the stitching. It is optional whether the outer perimeter is trimmed at this time.

6

- Stitch Machine Step 4, Dark Blue-Green Fabric Placement Stitch.

7

- Place dark blue-green fabric over the stitched area.
- Stitch Machine Step 5, Cut Line and Tackdown.

8

- Trim the applique fabric.

9

- Stitch Machine Step 6, Dark Blue Fabric Placement Stitch.

10

- Place a piece of dark blue fabric over the stitched area.
- Stitch Machine Step 7, Cut Line and Tackdown.

## 11

- Trim away the excess fabric close to the stitching line.
- Stitch Machine Step 8, Dark Blue Fabric Cover Stitch.
- Stitch Machine Step 9, Dark Blue-Green Fabric Cover Stitch.

## 12

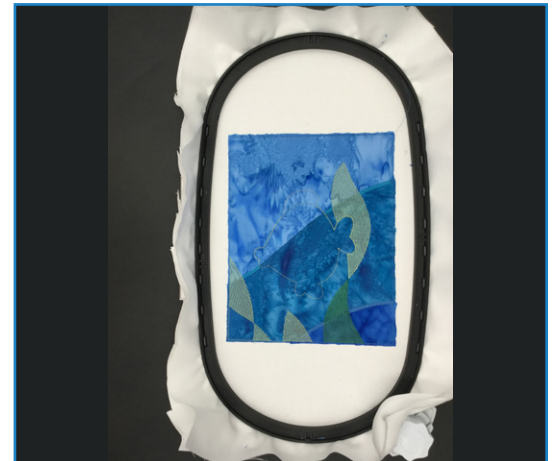

- Load machine with Light Green thread.
- Stitch Machine Step 10, Light Green Leaves and Placement Stitch for fish.

- Load machine with Dark Green thread.

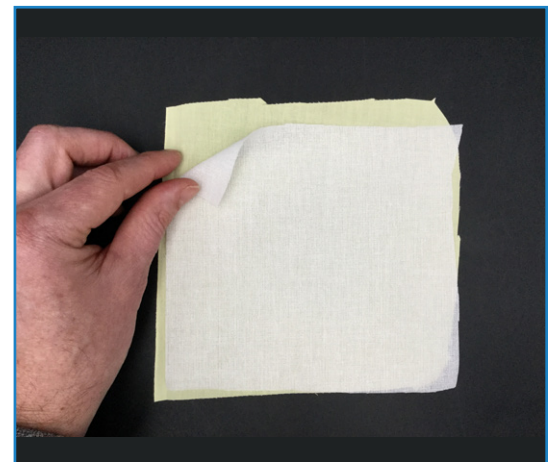

- Stitch Machine Step 11, Dark Green Leaf.

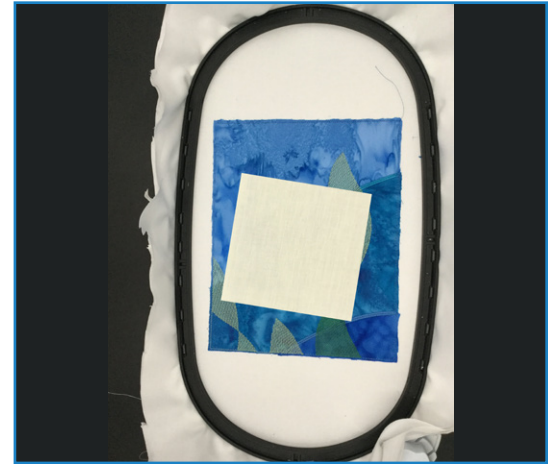

## 13

- Cut yellow fabric large enough for the fish applique (see templates in Sewing Instructions). Cut a piece of Fusible Woven white in approximately the same size.
- Fuse the Fusible Woven to the back of the yellow fabric with a medium hot iron.
- Load machine with Yellow thread.
- Stitch Machine Step 12, Light Yellow Fabric Placement Stitch.

## 14

- Place the prepared applique fabric over the fish placement lines. Tape in place if desired.
- Stitch Machine Step 13, Cut Line and Tackdown.

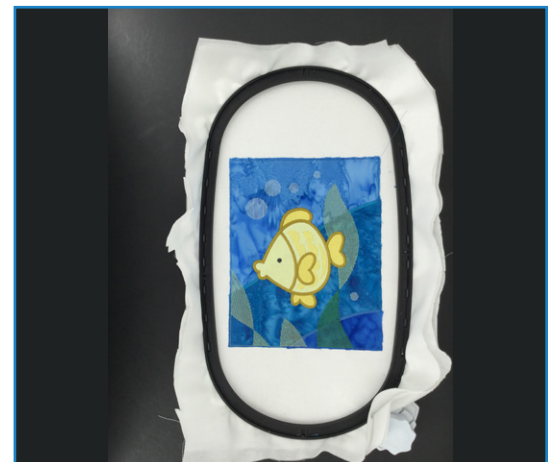

## 15

- Trim away the excess applique fabric close to the stitching.
- Stitch Machine Step 14, Fish Fins and Scales.

## 16

- Load machine with Tan thread.
- Stitch Machine Step 15, Fish Cover Stitch.

- Load machine with Grey thread.

- Stitch Machine Step 16, Eye.

- Load machine with Yenmet 7029 thread.

- Stitch Machine Step 17, Bubbles.

- Stitch all nine blocks using the Thread Color Chart and these instructions as a guide.

# ASSEMBLY

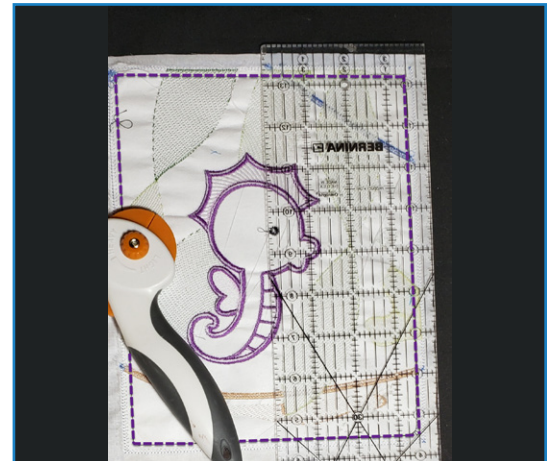

## 1

- Remove the excess stabilizer from all nine blocks on the outer edge only, as shown.

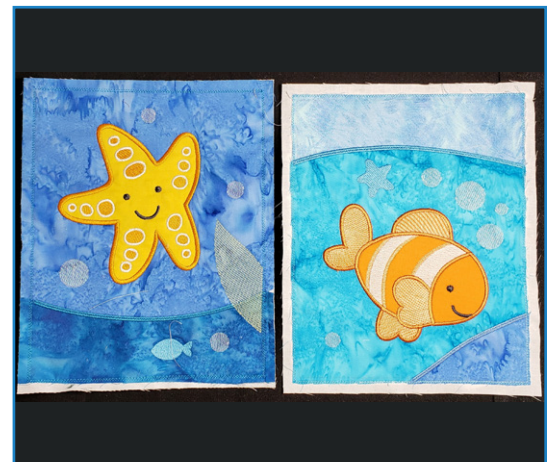

## 2

- Turn the block right side down on a cutting mat. Use a quilter's ruler and rotary cutter to trim all four sides of each block  $\frac{1}{2}$ " from the visible seam line (stitched in step 1 with contrasting bobbin thread).

## 3

- Finished blocks may or may not have all the fabric trimmed to the outer tackdown. It is the stitcher's preference whether it is removed and does not affect the finished project.

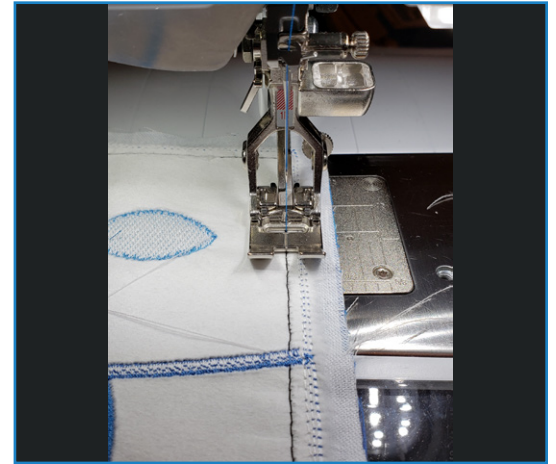

# ASSEMBLY

4

- Lay out all nine blocks in the proper order. Select two adjacent blocks and stitch them right sides together along the Seam Line with a  $\frac{1}{2}$ " seam allowance. To match intersecting seams of the water background, it may be helpful to pin or stitch those first with a basting stitch. A walking foot or dual feed function is very helpful here.

5

- Stitch each row of three. Press the seams open.
- Stitch all three rows together and press the open.

6

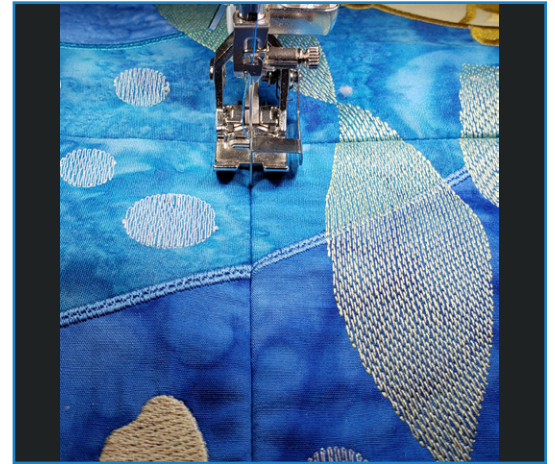

- Layer the following: backing fabric wrong side up, batting, Aquatic Adventures panel centered on top. Spray or pin baste as desired.
- **Note:** the batting and backing should be the same size and over an inch larger on all sides than the panel.

# ASSEMBLY

7

- Stitch in the ditch on both horizontal columns and both vertical rows. Again, a walking foot or a dual feed foot is very helpful here, especially if it is an edge-stitch foot or open toed to make it easier to stay in the ditch.
- Trim away excess batting and backing while squaring up the four outer sides. Zigzag raw edges if desired.

8

- Bind the quilt as desired. This quilt was bound with a  $\frac{3}{8}$ " binding, cut 2  $\frac{1}{2}$ " wide and folded in half (right sides together).

Finished size: approx. 21" x 27"
