# COLLECTION SUPPLIES

## Stabilizer

- OESD AquaMesh WashAway
- OESD Applique Fuse and Fix or OESD SoftWeb

## Supplies

- Embroidery thread
- Fabric for applique
- Embroidery machine

# INSTRUCTIONS

## STEP 1

- Prep applique fabric with 1 sheet of OESD Applique Fuse and Fix or OESD SoftWeb on the back side of each fabric piece.

## STEP 2

- Hoop desired fabric and stabilizer and sew color #1, Black Fabric Placement Stitch.

## STEP 3

- Place fabric over the placement stitch covering it entirely. Sew color # 2, Cut Line and Tackdown.

# INSTRUCTIONS

## STEP 4

- Remove the hoop from the machine and trim along the cut line.

## STEP 5

- Replace the hoop on the machine and sew color #3, Gold Fabric Placement Stitch.

## STEP 6

- Lightly spray adhesive to the wrong side of the fabric and place it over the placement stitch covering it entirely. Sew color # 4, Cut Line and Tackdown.

# INSTRUCTIONS

## STEP 7

- Remove the hoop from the machine and trim along the cut line.

## STEP 8

- Replace the hoop on the machine and sew color #5, Light Green Fabric Placement Stitch.

## STEP 9

- Lightly spray adhesive to the wrong side of the fabric and place it over the placement stitch covering it entirely. Sew color # 6, Cut Line and Tackdown.

# INSTRUCTIONS

## STEP 10

- Remove the hoop from the machine and trim along the cut line.

## STEP 11

- Replace the hoop on the machine and sew color #7, Dark Green Fabric Placement Stitch.

## STEP 12

- Lightly spray adhesive to the wrong side of the fabric and place it over the placement stitch covering it entirely. Sew color # 8, Cut Line and Tackdown.

# INSTRUCTIONS

## STEP 13

- Remove the hoop from the machine and trim along the cut line.

## STEP 14

- Replace the hoop on the machine and sew color #9, Green Fabric Placement Stitch.

## STEP 15

- Lightly spray adhesive to the wrong side of the fabric and place it over the placement stitch covering it entirely. Sew color # 10, Cut Line and Tackdown.

# INSTRUCTIONS

## STEP 16

- Remove the hoop from the machine and trim along the cut line.

## STEP 17

- Replace the hoop on the machine and sew the remaining colors.

## General Freestanding Lace Guidelines

### Supplies:

#### Embroidery Thread:

- Use the same embroidery thread in the bobbin as the needle.

#### Needles:

- Use an Organ 80/12 Titanium needle for extended needle life.

#### Stabilizer:

- Use OESD AquaMesh stabilizer.

### Handy Hints:

#### For Stiffer Lace:

- DO NOT rinse away all of the stabilizer for a “stiffer” lace. Note that the thread may appear a shade darker if stabilizer is not removed completely.
- If you happen to wash too much out, easily re-stiffen by diluting some stabilizer scraps in water and dipping the item in the solution.

#### For Very Soft Lace:

- Cut away excess stabilizer. Remove remaining stabilizer by rinsing under warm running water until all traces of the stabilizer are gone. **NOTE:** If lace should become too limp to work with, dissolve stabilizer scraps in warm water and apply to the lace.

#### Drying Lace:

- The lace looks best when left to dry completely. Lay lace piece with right side down to dry. This will minimize the tendency for the lace to curl. Be sure to flatten the piece out entirely and allow ample time to dry.

### General Instructions

1. Hoop two layers of OESD AquaMesh Stabilizer.
2. Attach the hoop to the machine and select the design of your choice.
3. Stitch the design.
4. Remove the hoop from the machine and the design from the hoop. Trim excess stabilizer from the design.
5. Rinse away remaining stabilizer and allow it to dry.

### Handy Hints:

#### For 3D Lace Projects:

- If item becomes too limp to work with, iron the lace pieces on the wrong side while applying spray starch. After ironing, spray again with starch and allow to dry completely. This will stiffen the lace pieces nicely and aid in construction.
- A pair of tweezers, hemostats, stiletto or a tiny crochet hook can be extremely helpful when inserting the buttonettes into the eyelets. (Please see **Diagram 1** for explanation of “buttonette” and “eyelet”.)
- Insert the tip of the alligator clamps, tweezers, hemostats or crochet hook into the eyelet, grasp the buttonette and pull through the eyelet. Or a stiletto could be used to push the buttonette through the eyelet.
