- 1. Fabric Placement Stitch Match Fabric..... 0020
- 2. Linework/Tackdown..... 3241

COLLECTION SUPPLIES

Stabilizers

- OESD Applique Fuse and Fix
- OESD Ultra Clean and Tear

Fabrics/Textiles

- Assorted colors cotton fabric 3" squares
- White quilter's cotton
- Note: Fabric sizes are estimates and may result in overage.

Notions & Tools

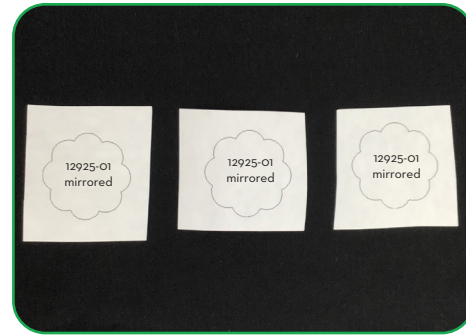

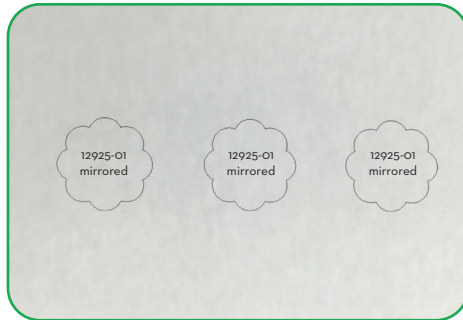

- OESD Perfect Embroidery Press Cloth
- Embroidery Needle Sharp 75/11

Isacord Thread Colors

- Per thread chart
- Note:** The applique instructions, included in the collection, are general instructions. For demonstration purposes, a sample design that best demonstrates the technique is shown. Fabric and thread requirements will vary by design, but the general technique is the same.

STEP 1

- Print the mirrored version of the templates (at 100% scale or 1:1 ratio) onto the paper side of of Applique Fuse and Fix.

STEP 2

- Cut the prepared applique fabrics 1/4"-1/2" larger than the applique templates.
- Fuse the trimmed templates to the wrong side of the applique fabric with the paper side of the printed template up.

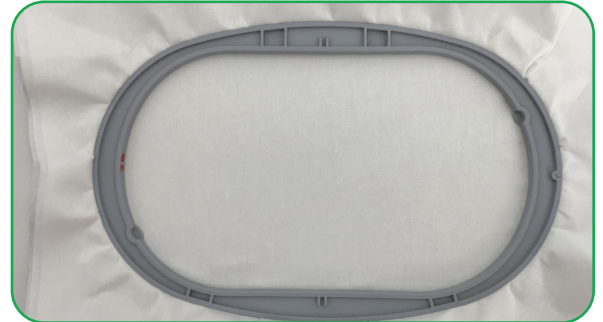

STEP 3

- Trim the prepared appliques on the outer edge of the black outline. Set aside.

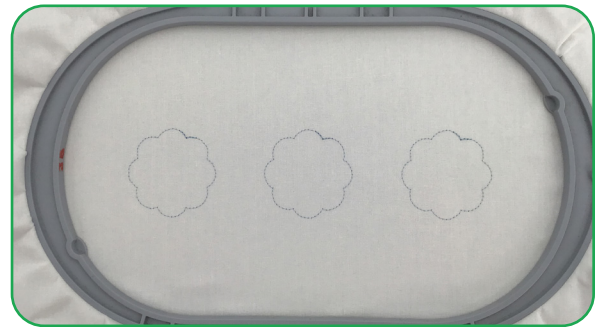

STEP 4

- Hoop the desired stabilizer and fabric for the project.
- In the example, we used Ultra Clean and Tear stabilizer and white quilter's cotton fabric.

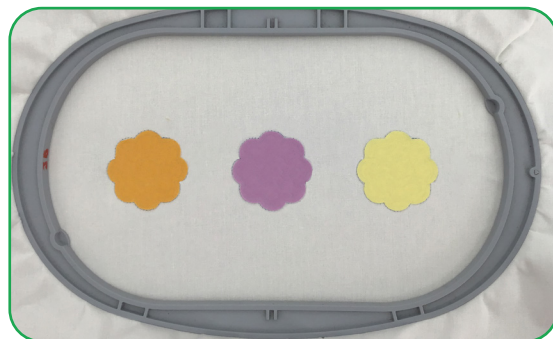

STEP 5

- Load selected design into the machine.
 - Example design is 12925-01.
 - Thread the machine per the thread chart.
 - Place the hoop on the machine.
 - Stitch Machine Step 1, Fabric Placement Stitch/Match Fabric.
- Note: Some thread colors in instructions have been changed or digitally enhanced for better visibility.

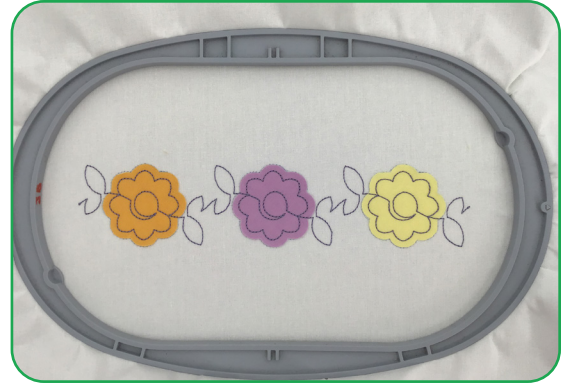

STEP 6

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- On the back of the prepared applique fabric, score and remove the paper backing to reveal the adhesive surface.
- Place the applique within the placement stitching.
- Finger press to secure.
- Return the hoop to the machine.
- Tip: Applique Fuse and Fix is repositionable.

STEP 7

- Stitch Machine Step 2, Linework/Tackdown.

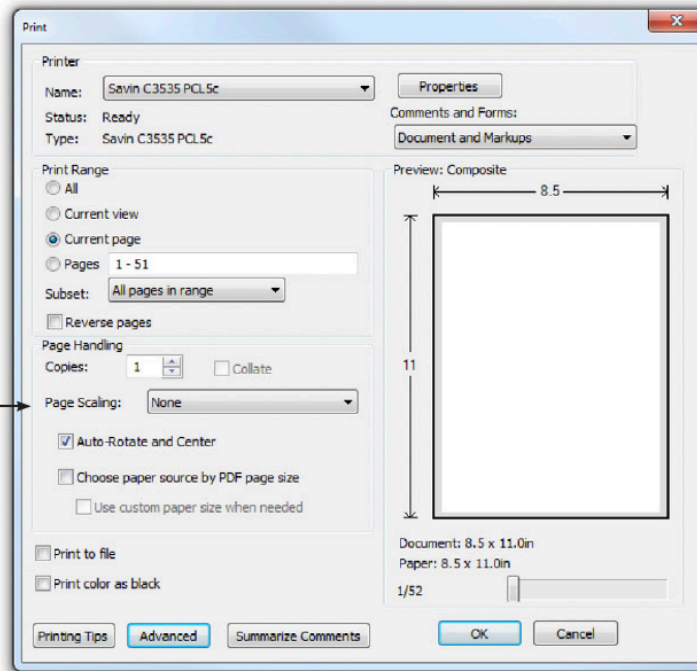

STEP 8

- When the design is complete, remove the hoop from the machine AND remove the project from the hoop.
- Rehoop fabric and stabilizer.
- Use machine placement features to align the design to connect with the previous stitchout.
- Continue the length of the project as desired.
- The project is complete. Enjoy!

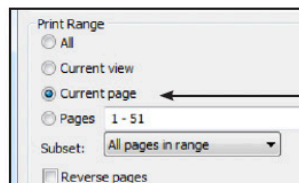

ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

TO SAVE PAPER

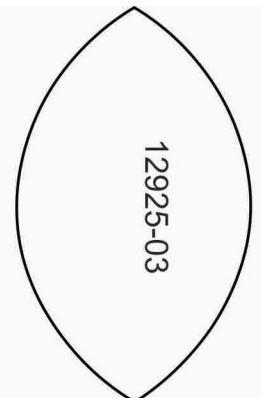

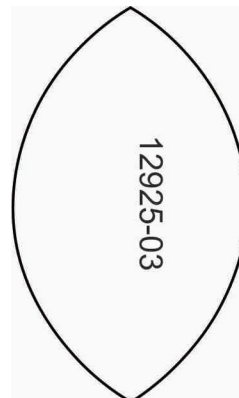

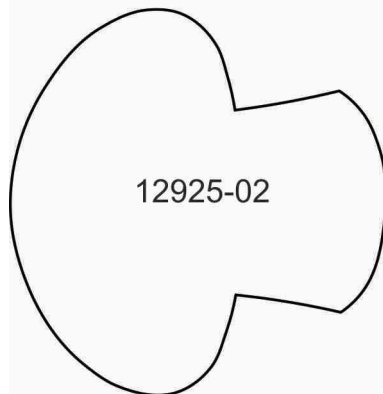

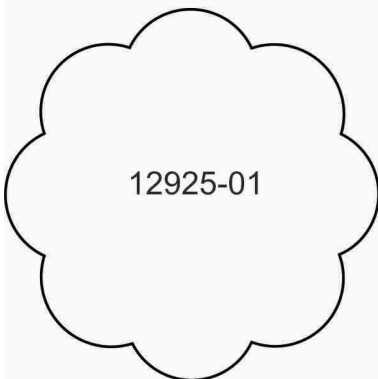

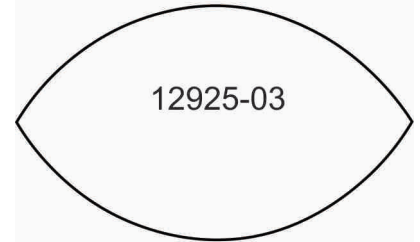

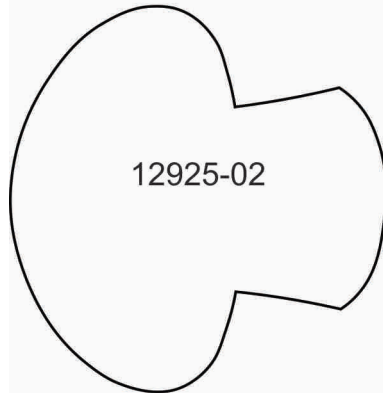

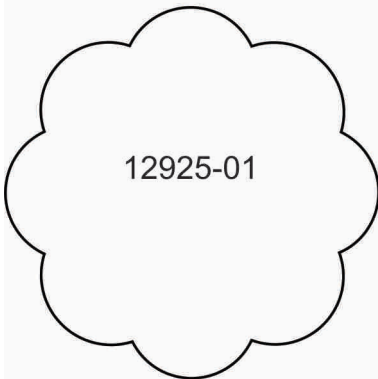

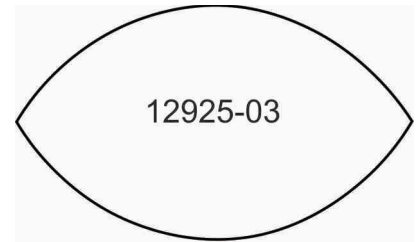

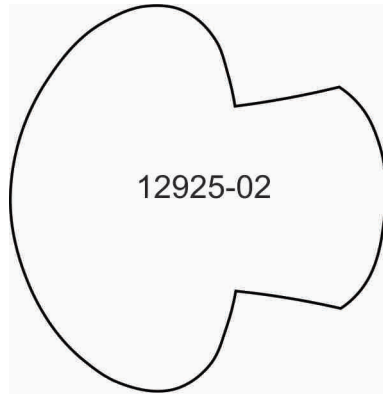

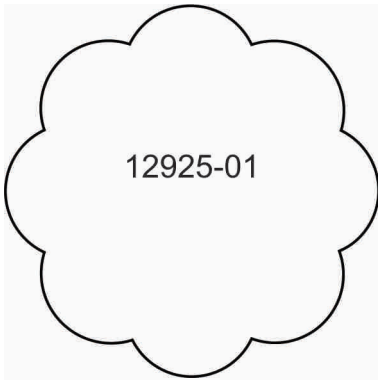

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.
