Notes

The applique instructions included in the design pack are general instructions for the collection. For demonstration purposes, a sample design that best represents the entire collection is shown. Fabric and thread requirements will vary by design, but the general technique will be the same.

STEP 1

- Print the mirrored version of the required templates (100% or 1:1 ratio) onto the paper side of Applique Fuse and Fix.

- Roughly cut out each template about a 1/4" outside of the line.
STEP 2

- Fuse the trimmed templates to the back of the appropriate applique fabric with the paper side of the printed template up.

- Hold the iron on the template for 10-15 seconds for a secure fuse.
STEP 3

- Trim the prepared appliques precisely on the outer edge of the black outline.
- Set aside.
STEP 4

- Hoop the desired stabilizer and fabric for the project, in the example we used Medium Weight TearAway Black and an OESD tea towel in blue.

STEP 5

- Load the selected design into the machine.
- Design in the example is 12932-05.
- Thread the machine per the thread chart.
- Stitch Machine Step 1, Blue Whisks.

STEP 7

- Remove the hoop from the machine, but NOT the project from the hoop.

- Position the applique, fabric side up, within the placement stitch, matching the cut edges with the stitching line.
- Finger press to secure.
- Note: Applique Fuse and Fix is repositionable.

STEP 8

- Return the hoop to the machine.
- Stitch Machine Step 4, Blanket Stitch Tackdown.

STEP 9
