General Instructions

The applique instructions, included in the collection, are general instructions. For demonstration purposes, a sample design that best demonstrates the technique is shown.

Fabric and thread requirements will vary by design, but the general technique is the same.

The leaves in Freestanding Houseplants 2 have an additional machine step so that the channel the wire goes into can be a different color than the cut line and tackdown.

Note: Some thread colors in instructions have been changed or digitally enhanced for better visibility.

This example uses: Rex Begonia Vine (PK50015-10, PK50015-11, PK50015-12) from collection PK50015, Freestanding Houseplants.

Step 1

• Hoop one layer of Medium Weight TearAway Black.
