# MATERIALS

## Stabilizer

- Fusible Woven (optional)
- Ultra Clean and Tear Plus
- StitchH2O
- Heat2Go topping
- Expert Embroidery Tape TearAway

## Fabric/Notions

- 1 - Hand Towel
- 1 - Bath Towel
- 1 - 6.5" square of fabric for Lion's Mane
- 1 - 5.5" square of fabric for Lion's face and paws
- Isacord thread (per thread chart and to coordinate with appliques)
- Scissors
- Rotary cutter & cutting mat (optional)

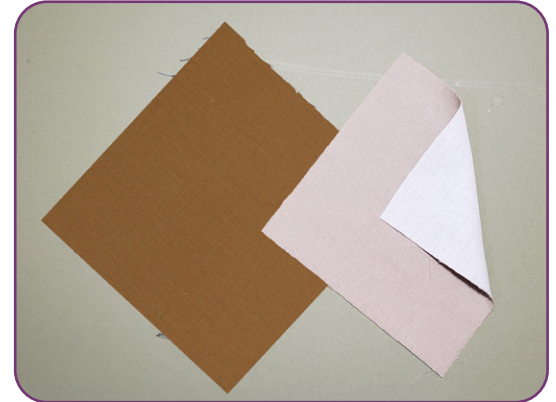

# INSTRUCTIONS

## Step 1

- Apply Fusible Woven to the back of the lion's face and paw fabric to prevent shadow through of the towel and lion's mane fabric.

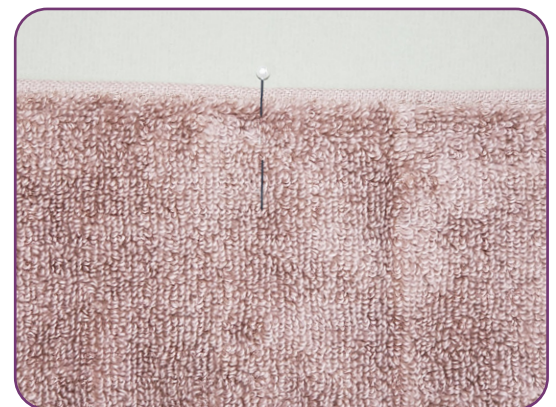

## Step 2

- Trim Excess from one short edge of the towel so that the length is 20"-22".

## Step 3

- Fold hand towel in half short sides together and mark the center bottom edge with a pin.

# INSTRUCTIONS

## Step 4

- Hoop Ultra Clean and Tear Plus Stabilizer paper side up. Score paper and peel away to reveal the light adhesive surface.

## Step 5

- Stitch Machine Step 1, Towel Placement Guide.

## Step 6

- With the towel right side up, align the marked center and lower edge of the towel with the placement line. Finger press to secure to the stabilizer.

# INSTRUCTIONS

## Step 7

- Cover the stitching area with StitchH2O topper.

## Step 8

- Stitch Machine Step 2, Brown Placement Stitch.

## Step 9

- Stitch Machine Step 3, Tackdown and Cut Line.

# INSTRUCTIONS

## Step 10

- Remove the hoop from the machine, but not the project from the hoop. Trim away the excess mane fabric close to the stitching. The topper helps to keep your scissors from catching the towel loops while trimming.
- Return the hoop to the machine and stitch Machine Step 4, Tan Fabric Placement Stitch.

## Step 11

- Place the fabric for the face and paws over the placement stitches.
- Tape in place to secure.
- Stitch Machine Step 5, Cut Line and Tack down.

## Step 12

- Carefully remove the hoop from the machine, but not the project from the hoop. Trim away the excess tan fabric from the face and paws close to the tackdown stitching.

# INSTRUCTIONS

## Step 13

- Cover the design area with Heat2Go topper. Tape corners to secure.

## Step 14

- Continue stitching the remaining colors of the design per the thread chart.

## Step 15

- Remove the hoop from the machine.
- Remove all excess topper from the design.

# INSTRUCTIONS

## Step 16

- Trim the top of the hand towel so it measures 11" high, as shown.

## Step 17

- Fold the hand towel in half, wrong sides together. Stitch the towel with a 1" seam allowance from the bottom edge to the top, as shown. This creates the hood.
- Then trim the seam allowance to about 1/4".

## Step 18

- Fold the hand towel back at the seam with the right sides together.
- Create a French seam by stitching over the back seam with a 3/8" seam allowance. The raw edge is now enclosed.

# INSTRUCTIONS

## Step 19

- Mark the top center of the bath towel with a pin and lay it flat with the wrong side up.
- Position the long outside edge of the hood along the edge of the towel matching the towel center with the center back seam of the hood. Pin in place. Stitch the two together using a 1/2" seam allowance.

## Step 20

- Trim the edge of the hood only, not the bath towel, to about 1/4".

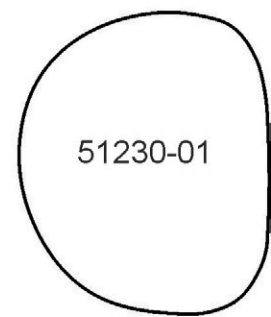

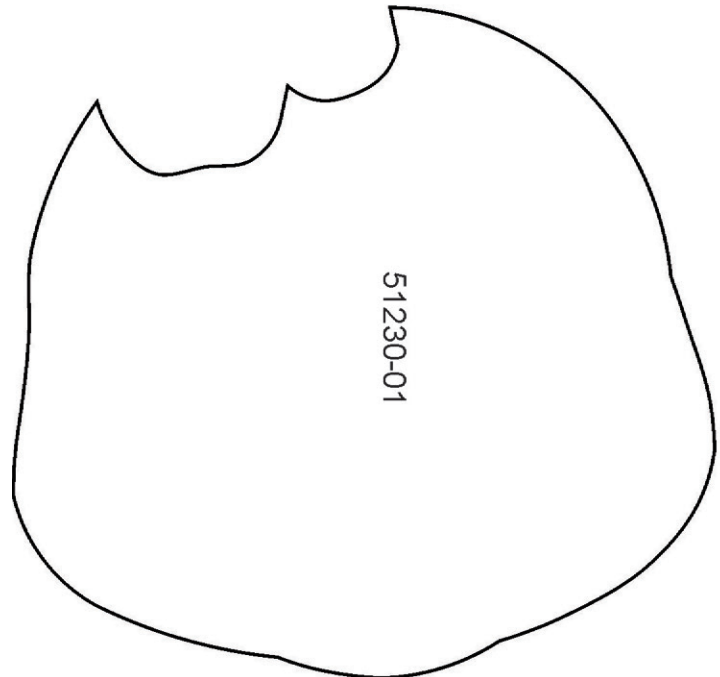

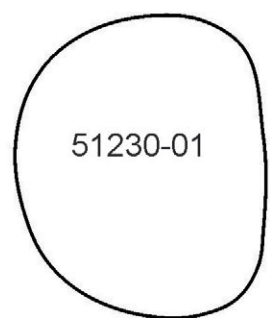

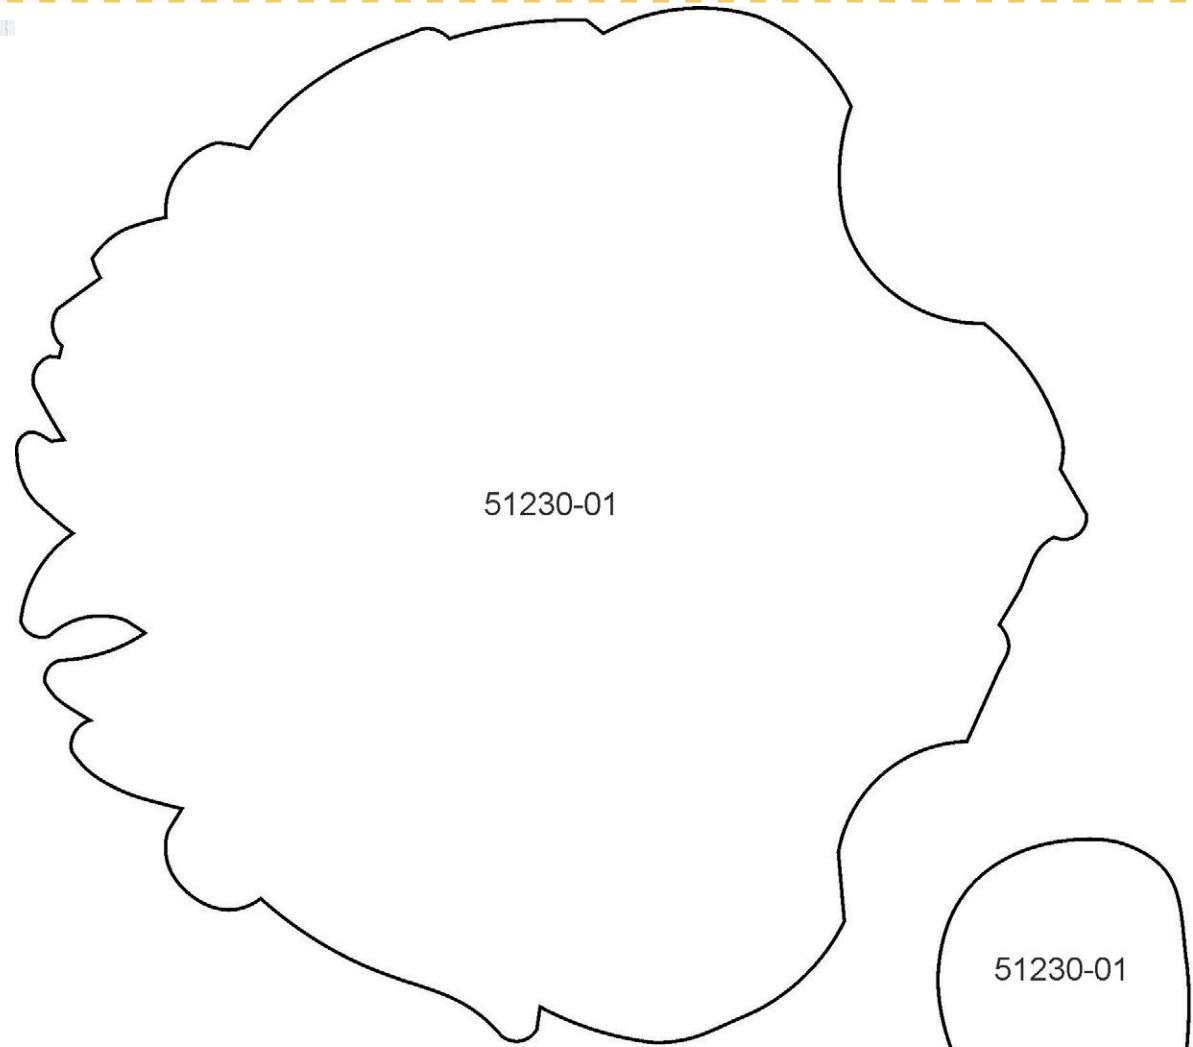

## Step 21

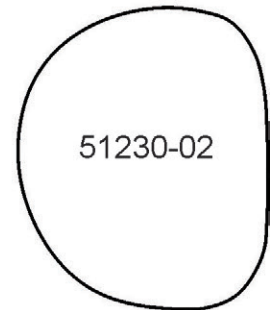

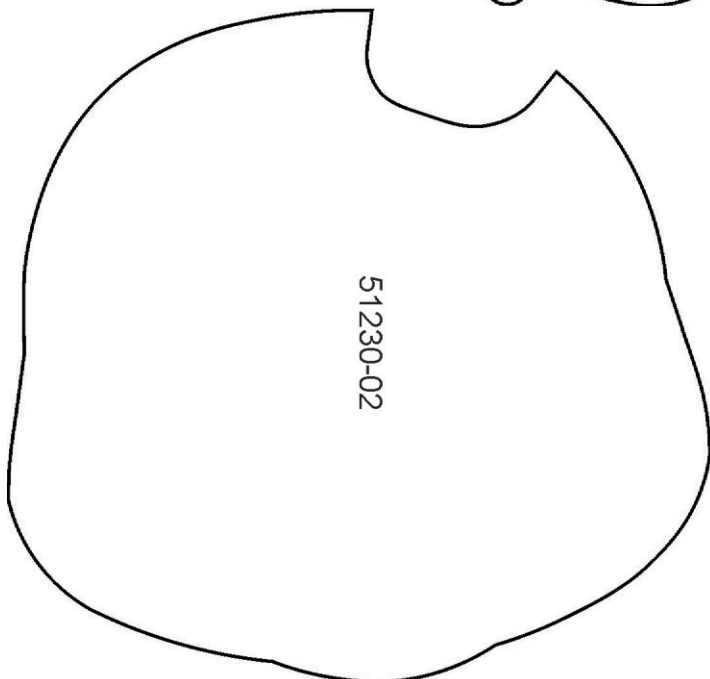

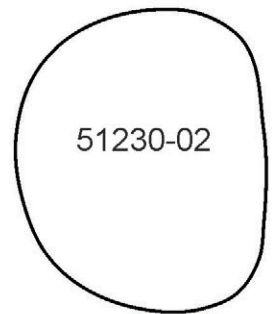

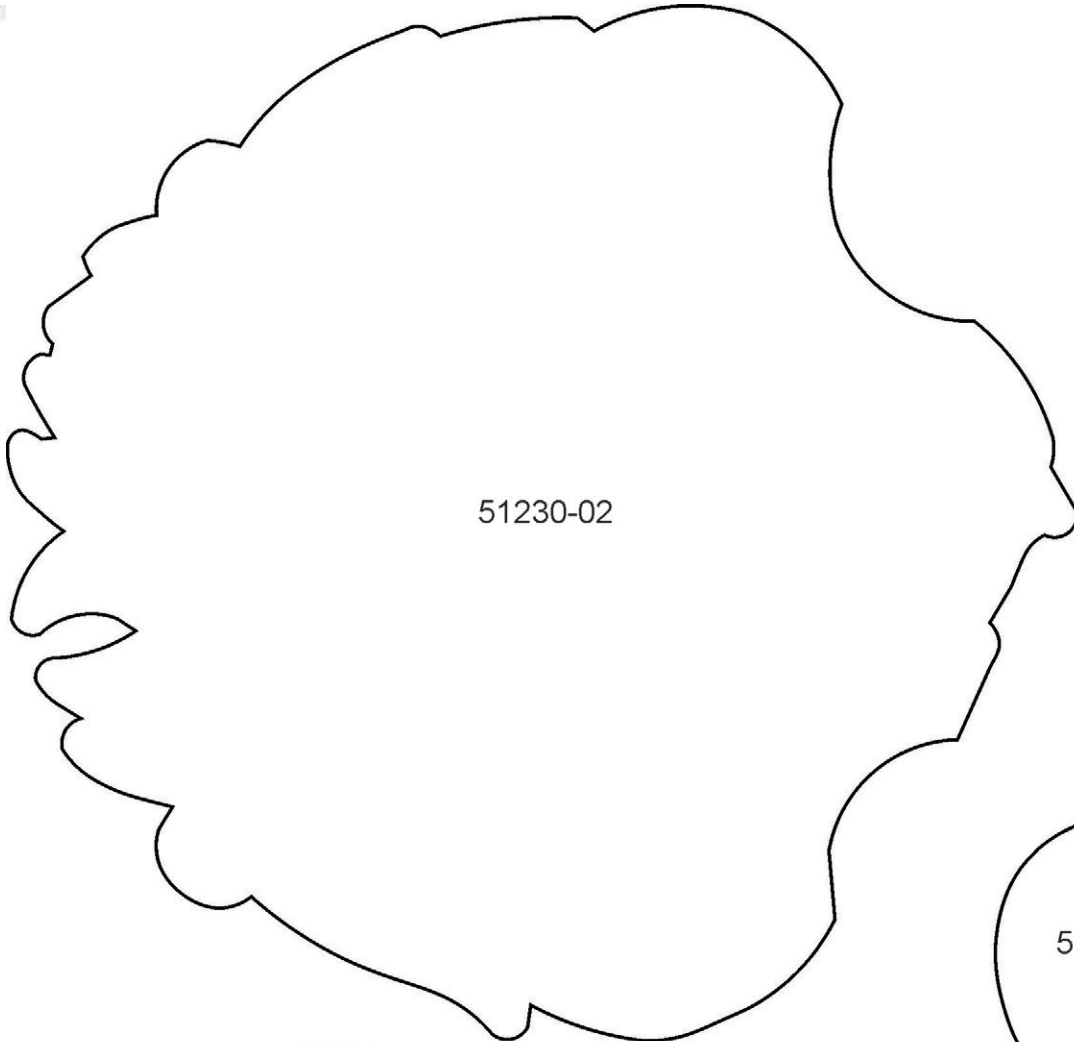

- Fold up the edge of the bath towel to cover the raw end of the hood.
- Top stitch to secure.
