EMBROIDERY

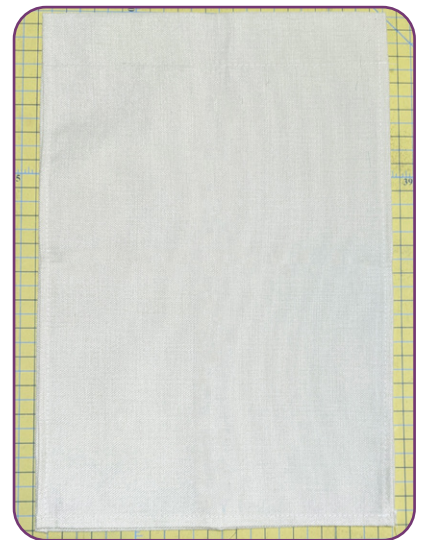

Step 1

- Hoop OESD StabilStick CutAway shiny(paper) side up.
- Score with a needle or pin and remove the paper to reveal the adhesive surface.

Step 2

- With a temporary fabric marker, mark the center of the flag on the right side of the fabric.

EMBROIDERY

Step 3

- Right sides together, fold the bottom of the flag horizontally up to the top edge of the rod pocket.
- Fold the flag vertically, right sides together.

Step 4

- Place the flag on the stabilizer, matching the folds to the center markings on the hoop. Finger press to adhere to the stabilizer.
- Open the flag and continue pressing until the flag front is attached to the stabilizer.

EMBROIDERY

Step 5

- Place a piece of OESD StitcH2O over the design area and tape in place.
- Place the hoop on the machine.
- Load the design 51258-03 into the machine.
- Use the positioning tools on the machine to center the design with the center of the flag.
- Tip: If the embroidery machine has a basting function, this is a good option to use with adhesive stabilizers. It helps keep the project from shifting in the hoop.

Step 6

- Machine Stitch following the thread chart.

EMBROIDERY

Step 7

- When the design is completed, remove the project from the hoop.
- Trim excess stabilizer from the project and remove the StitchH2o from the front of the flag.

Step 8

- Sew the front to the back along the sides and bottom. Be sure to leave the hanging sleeve unsewn.
- The Garden flag is complete. Hang and enjoy.
