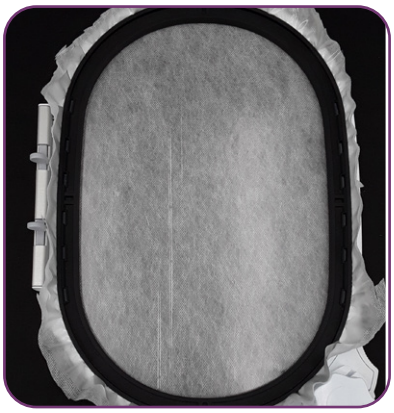
# EMBROIDERY

## Note

- The applique instructions included in the design pack are general instructions for the collection. For demonstration purposes, a sample design that best represents the entire collection is shown. Example design is 51264-01. Fabric and thread requirements will vary by design, but the general technique will be the same.
- All designs are stitched with matching thread in the top and bobbin.
- Note: Some thread colors in instructions have been changed or digitally enhanced for better visibility.

## Step 1

- The project includes freestanding applique designs.
- All applique designs are stitched the same as shown in the instructions.
- Hoop one layer of AquaMesh and one layer of BadgeMaster for all designs.



## Step 2

- Prep the wrong side of the background and letter applique fabrics with one layer of Fusible Woven.

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.

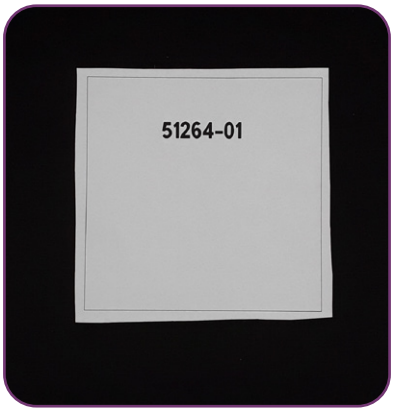
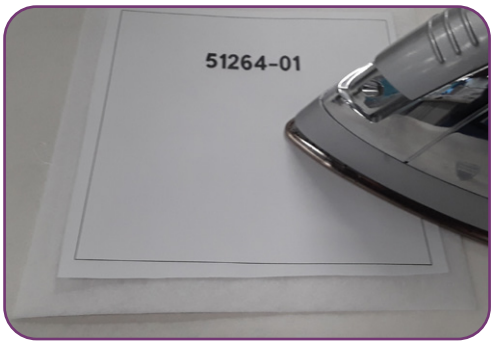
## Step 3

- Cut the prepared applique fabrics¼" – ½" larger than the templates located at the end of the instructions.
- Print the mirrored version of the templates (100% or 1:1 ratio) onto the paper side of Applique Fuse and Fix. Roughly cut approximately ¼" – ½" outside the printed applique templates.



## Step 4

- Fuse the template to the back of the Fiber Form paper side up. Hold the iron on the template for 10-15 seconds for a secure fuse.



## Step 5

- Cut the Fiber Form out on the outer edge of the black outline and set aside.

- Remove the hoop from the machine, but NOT the project from the hoop.
- Trim the excess fabric as close to the tackdown stitching as possible. If the outermost stitches are cut, the inner stitches will still hold the applique in place.

## Step 18

- Return the hoop to the machine.
- Stitch Machine Step 6, Pink Cover Stitch.

## Step 19

- When the design is complete, remove the project from the hoop and trim the stabilizer 1/4"- 1/2" outside the design.

# ASSEMBLY

## Step 1

- Rinse each piece in warm running water until the design is only slightly sticky.
- Lay face down on a non-stick surface to dry. Parchment paper or a cooling rack work well. This prevents the piece from curling.

## Step 2

- Press each piece, right side down, on a Perfect Embroidery Press Cloth.

## Step 3

- Before assembly, use a utility knife to cut through all the layers of the tab entry, on page 27. Take care to not cut the satin stitching. See cutting tool guide following the instructions for punch tool and craft knife guidelines.

## Step 5

- Line up the 3 frame side pieces 51264-28 and 51264-27 (only the frame piece) to connect.
- Load the sewing machine with matching thread in the top and bobbin. An open toe or edge stitch foot is helpful.
- Stitch together using a multi-step zigzag stitch 3.6mm width 1.50 length (also known as a serpentine stitch). Back stitch at the beginning and end to secure. Trim thread tails.

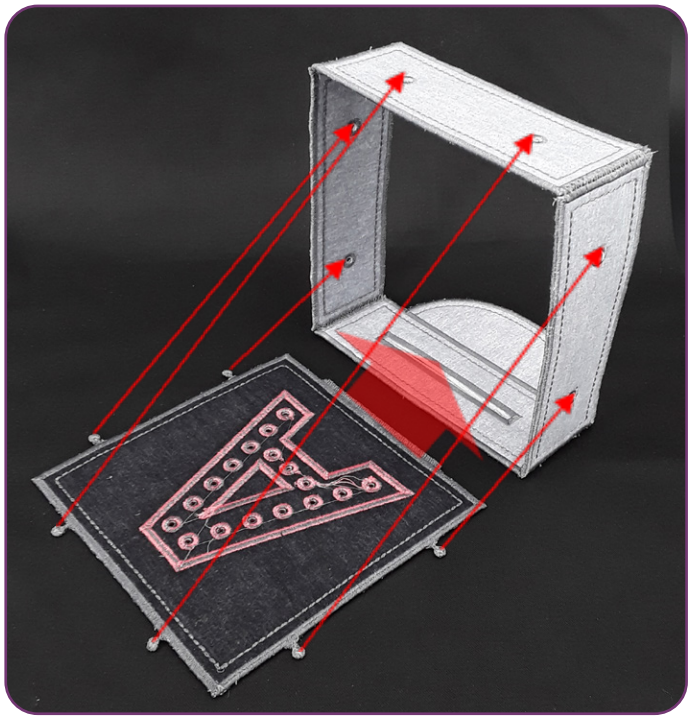
- Insert the tab into the corresponding slot.



## Step 9

- Add pixie lights to the designated holes to create a glow.
- Note: Not all letters will use every available pixie light.
