MATERIALS

Stabilizers

- OESD AquaMesh WashAway
- OESD BadgeMaster WashAway
- OESD StabilStick CutAway

Fabrics/Textiles

See summary on pages 11 and 12 for details.
Note: Fabric sizes are estimates and may result in overage.

Notion & Tools

- OESD Alligator Clamps
- OESD Button Clips
- OESD Expert Embroidery Tape WashAway
- OESD Perfect Punch Tool
- OESD Perfect Embroidery Press Cloth
- 4" of Embroidery Floss or Baker's Twine (for tag)
- Embroidery Needles Sharp 75/11

Isacord Thread Colors

- Per thread chart
- Match the bobbin thread to the upper thread.

SUMMARY

Size 2 ¾ " H x 5 ½" W x 4 ¾" D
(with doily and cup centered)

Floral Teacup

Cream quilter's cotton (8) 2 ½" x 4"	(51281-01, 02 & 03 Side Pieces, Outer Cup Fabric)
Cream quilter's cotton (1) 3" x 3"	(51281-04 Base, Outer Fabric)
Cream quilter's cotton (2) 2" x 6"	(51281-05 Handle, Both Sides)
Cream quilter's cotton (2) 6" x 6"	(51281-06 Doily, Both Sides)
Cream quilter's cotton (2) 2 ½" x 3"	(51281-07 Tag, Both Sides)
Blue quilter's cotton (8) 2 ½" x 4"	(51281-01, 02 & 03 Sides Pieces, Inner Cup Fabric)
Blue quilter's cotton (1) 3" x 3"	(51281-04 Base, Inner Fabric)

EMBROIDERY

General Instructions

The freestanding applique instructions, included in the collection, are general instructions. For demonstration purposes, a sample design that best demonstrates the technique is shown.

Fabric and thread requirements will vary by design, but the general technique is the same.

All designs are stitched with matching thread, top and bobbin.

Note: Some thread colors in instructions have been changed or digitally enhanced for better visibility.

☐ Step 1

- Hoop one layer of AquaMesh and one layer of BadgeMaster in the hoop for all designs.

☐ Step 2

- Adhere one layer of StabilStick CutAway to the wrong side of all applique fabrics, to provide stiffness to the finished structure.
- Note: Since this is a double-sided applique only 1 layer per fabric is needed to provide stiffness to the structure.
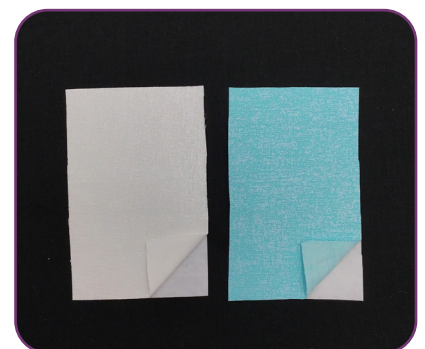

☐ Step 3

- Load selected design into the machine.
- Example design is 51281-01
- Thread the machine per the thread chart.
- Stitch Machine Step 1, Cream Front Fabric Placement Stitch.
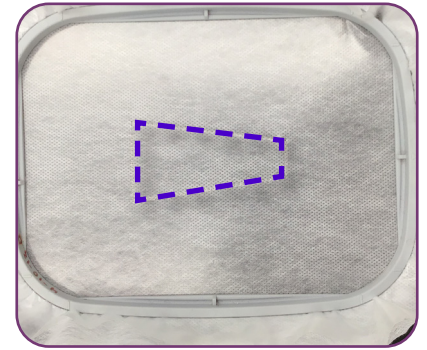

☐ Step 4

- Remove the hoop from the machine, but NOT the project from the hoop.
- Lay the hoop on a flat surface.
- Completely cover the placement stitch with the prepared fabric.
- Tape in place to secure.
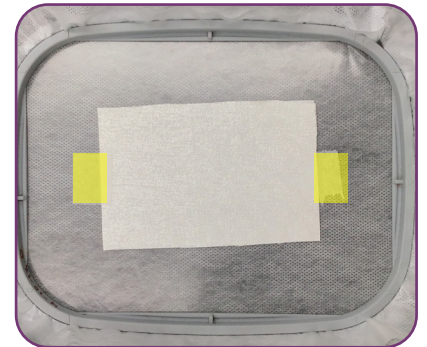

☐ Step 5

- Return the hoop to the machine.
- Stitch Machine Step 2, Cut Line and Tackdown.
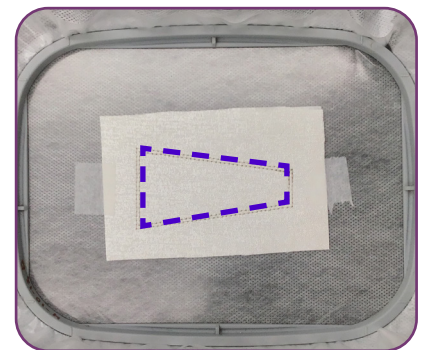

☐ Step 6

- Remove the hoop from the machine, but NOT the project from the hoop.
- Trim the excess fabric as close to the cut line as possible. If the outermost stitches (cut line) are cut, the inner stitches (tackdown) will still hold the applique in place.
- Tip: If the AquaMesh is cut or a hole is created while trimming the fabric, use OESD Expert Embroidery Tape WashAway as a patch.
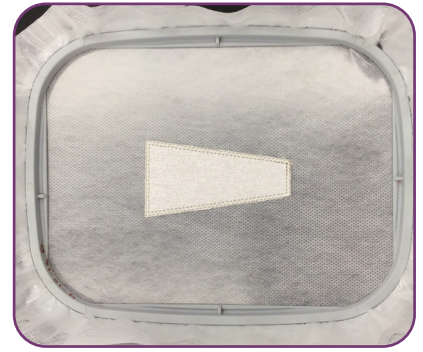

☐ Step 7

- Return the hoop to the machine and stitch machine steps 3-9, per the thread chart.
- Stop before machine step 10.
- Tip: For best results, trim jump threads after each machine step.

☐ Step 8

- Remove the hoop from the machine, but NOT the project from the hoop.
- Turn the hoop over and place the prepared lining fabric, right side up, completely covering the placement stitch.
- Carefully tape to secure. Avoid pushing too hard on the stabilizer to prevent it from dislodging from the hoop.

BACK OF HOOP

☐ Step 9

- Return the hoop to the machine.
- Stitch Machine Step 10, Blue Fabric Cut Line and Tackdown.
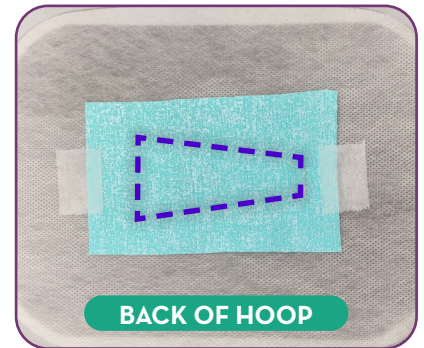

BACK OF HOOP

☐ Step 10

- Remove the hoop from the machine, but NOT the project from the hoop.
- Turn the hoop over and trim the excess fabric as close to the cut line as possible.

BACK OF HOOP

☐ Step 11

- Return the hoop to the machine.
- Stitch Machine Step 11, Cover Stitch.

☐ Step 12

- When the design is complete, remove the project from the hoop and trim the stabilizer 1/4"- 1/2" outside the design.

Step 13

- Rinse each piece in warm running water until the design is only slightly tacky.

Step 14

- Lay right side down on a non-stick surface to dry. Parchment paper or a cooling rack work well to prevent curling. Dry completely.
- Once dry, press right side down on a Perfect Embroidery Press Cloth.

ASSEMBLY

Step 15

- Before assembly, use a craft knife and cut through all the layers of the tab entry, taking care not to cut the satin stitching.
- Use the OESD Perfect Punch Tool fitted with the 3mm tip, punch out the designated eyelets on Designs 51281-03, 51281-06 & 51281-07.
- Punch tool guides are located on page 24.
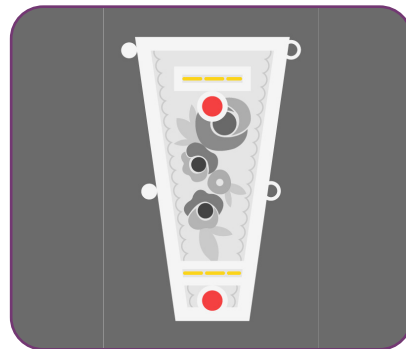

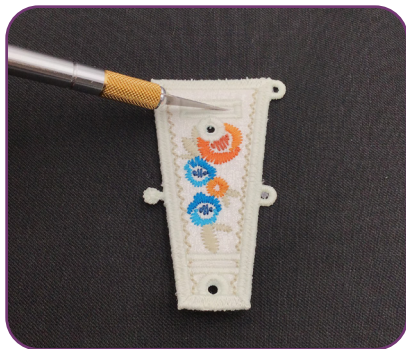

Step 17

- To connect, alternate the three 51281-01 pieces with the four 51281-02 pieces and the one 51281-03 right sides up.
- Place the base 51281-04 right side down as shown.
- Thread the sewing machine with matching thread in the top and bobbin.
- Stitch together using a multi-step zigzag stitch (also known as a serpentine stitch). Back stitch at the beginning and end to secure. Trim thread tails.
- TIP: An open toe or edge stitch foot is helpful.

19
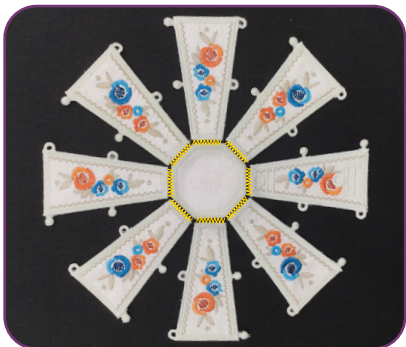

Step 18

- Match the eyelets to the buttonettes. Pull each buttonette through the corresponding eyelet. Attach a button clip to hold the eyelet in place temporarily when needed.
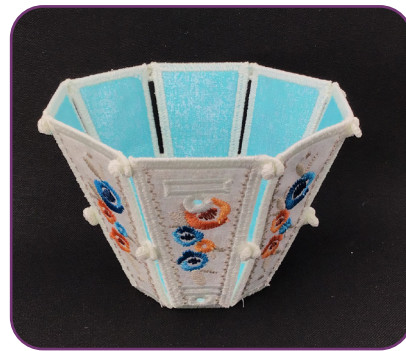

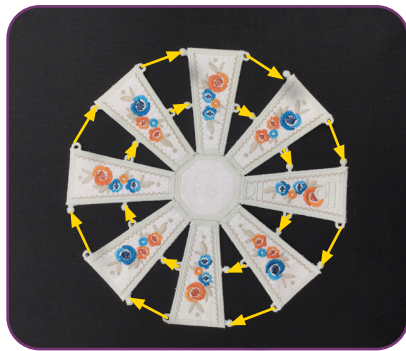

Step 19

- Insert the long end of the handle 51281-05 face down into the bottom entry point on the side piece 51281-03 as shown.

Step 20

- From the outside of the cup pull the buttonette from the handle back through the eylete toward the outside of the cup.
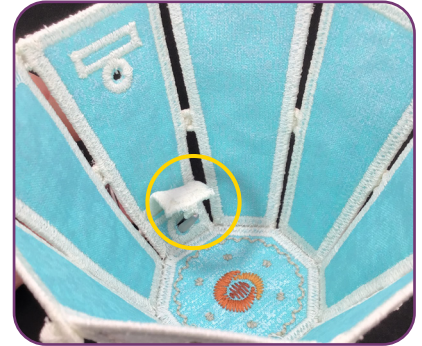

Step 21

- Bend the handle and pull the remaining end of the handle 51281-05 through its corresponding entry toward the inside of the cup.
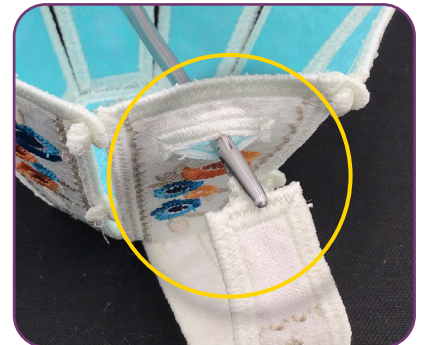

Step 22

- Pull the remaining buttonette through its corresponding eyelet back to the outside of the cup.
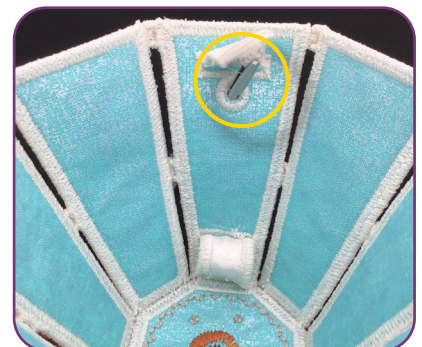

ASSEMBLY

☐ Finishing Touches

- Attatch 51281-07 Floral Teacup Tag FSA using thread for finished look.
- Your teacup is now complete, enjoy!

PRINTING INSTRUCTIONS

ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.
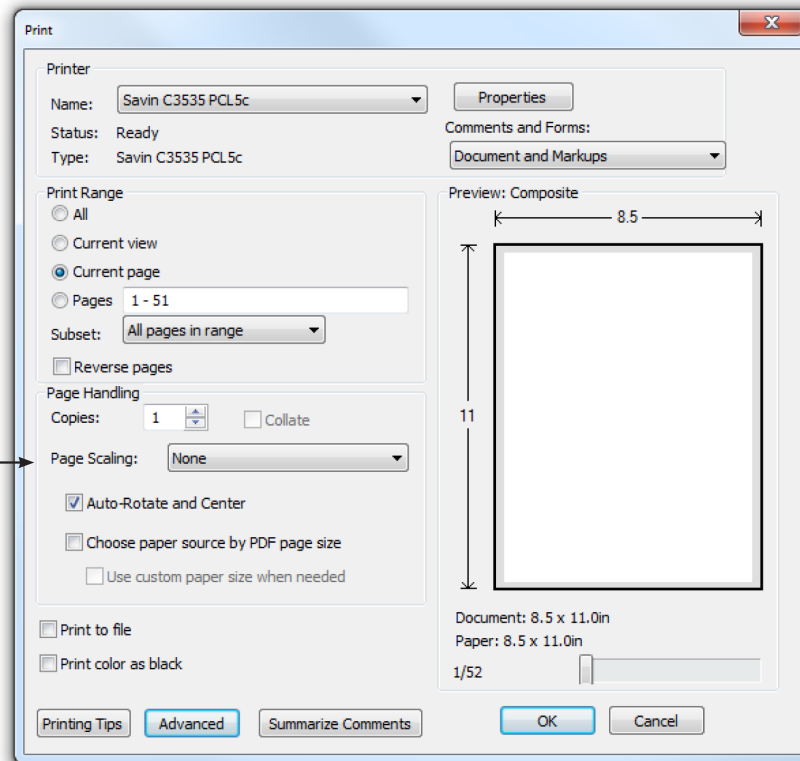

TO SAVE PAPER

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.
