MATERIALS

Stabilizers

- OESD Fuse and Fleece

Fabrics/Textiles

- Silver/Gray quilter's cotton- (4) 10" squares
- Blueberry, cherry, or peach quilter's cotton- (1) 8" square
- Tan quilter's cotton- (1) 8" square

Notion & Tools

- OESD Expert Embroidery Tape TearAway
- OESD Expert Point and Press Tool
- OESD Perfect Embroidery Press Cloth
- OESD Grippy Grid
- Embroidery Needle Sharp 75/11
- Water soluble marking pen
- Scissors

Isacord Thread Colors

- Per the thread chart

Scissortail STITCHES

General Instructions

The applique instructions, included in the collection, are general instructions. For demonstration purposes, a sample design that best demonstrates the technique is shown.

Fabric and thread requirements will vary by design, but the general technique is the same.

Note: Some thread colors in instructions have been changed or digitally enhanced for better visibility.
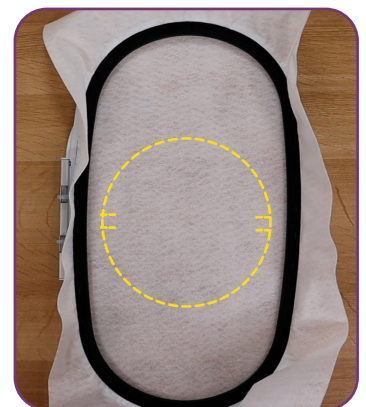

☐ Step 1

• Hoop one layer of Fuse and Fleece with the fusible (shiny side) down.
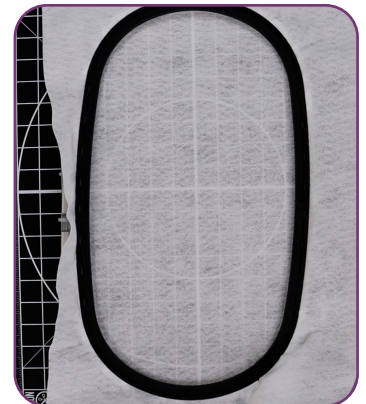

☐ Step 2

• Load the selected design into the machine.
• Design in the example is 51309-02.
• Thread the machine per the thread chart.
• Stitch Machine Step 1, Silver Fabric Placement Stitch.

EMBROIDERY

☐ Step 3

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Use a water-soluble marking pen or pencil and extend the placement stitches on either side of the circle.
- Place one piece of Fuse and Fleece, fusible (shiny side) up, and one piece of silver fabric (right side up), completely covering the placement stitch.
- Tape in place to secure.

☐ Step 4

- Return the hoop to the machine.
- Stitch Machine Step 2, Fabric Tackdown.

☐ Step 5
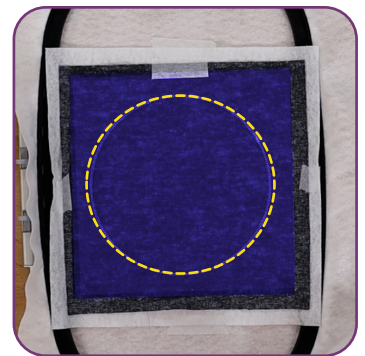

- Stitch Machine Step 3, Blue Fabric Placement Stitch.

Step 6

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Place the blue fabric right side up, over the placement stitch, covering entirely.
- Tape in place to secure.

Step 7

- Return the hoop to the machine.
- Stitch Machine Step 4, Cut Line and Tackdown.

Step 8

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place on a flat surface.
- Trim the excess fabric as close to the cut line as possible. If the outermost stitches (cut line) are cut, the inner stitches (tackdown) will hold the applique in place.
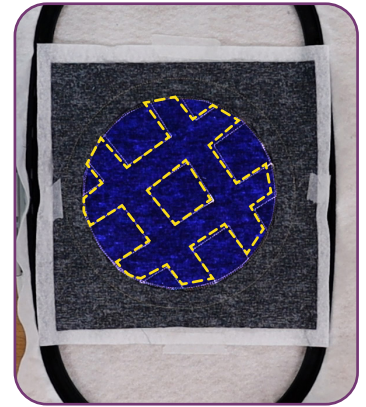

☐ Step 9

- Return the hoop to the machine.
- Stitch Machine Step 5, Tan Fabric Placement Stitch.

☐ Step 10

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Place the tan fabric right side up, over the placement stitch, covering entirely.
- Tape in place to secure.

☐ Step 11

- Return the hoop to the machine.
- Stitch Machine Step 6, Cut Line and Tackdown.

Scissortail STITCHES

Step 12

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place on a flat surface.
- Trim the excess fabric as close to the cut line stitching as possible.

Step 13

- Return the hoop to the machine.
- Stitch Steps 7-9 per the thread chart.
- STOP before the final machine step.

Step 14

- Remove the hoop from the machine, but NOT the project from the hoop.
- Turn the hoop over and place one silver 10" square, right side up, completely covering the placement stitch.
- Tape the corners to secure.

BACK OF HOOP

EMBROIDERY

☐ Step 15

- Turn the hoop back to the front and use a water-soluble marking pen or pencil and transfer the extended placement stitches on either side of the circle to the top fabric.

☐ Step 16

- Fold two squares of 10" silver fabric in half, wrong sides together.
- Press.
- Position the first folded fabric over the bottom of the design, aligning the folded edge with the upper placement line as shown.
- Tape in place to secure.

☐ Step 17

- Position the second folded fabric over the top of the design aligning the folded edge with the lower placement line so that the two fabrics overlap.
- Tape in place to secure.
- Note: Overlapping the two fabrics in the listed order will prevent the embroidery foot from catching on the overlapped edge of the fabric.

☐ Step 18

- Return the hoop to the machine.
- Stitch Machine Step 10, Seam.
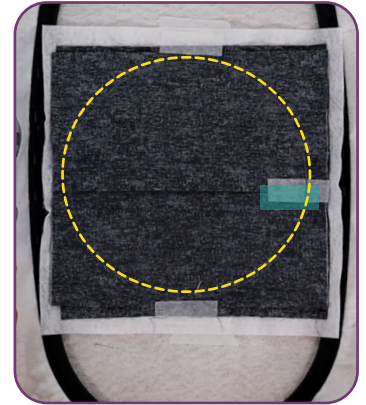

☐ Step 19

- Remove the project from the hoop and trim approximately 1/4" from the outermost stitching line.
- With the lining side up, press to fuse the lining to the Fuse and Fleece.
- Tip: Use steam to create a stronger fuse.

EMBROIDERY

☐ Step 20

- Turn project right side out.
- Use the Expert Point and Press Tool to push out the seams.
- Press right side down on a Perfect Embroidery Press Cloth.

☐ Step 21

- The project is complete. Enjoy.

PRINTING INSTRUCTIONS

ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.
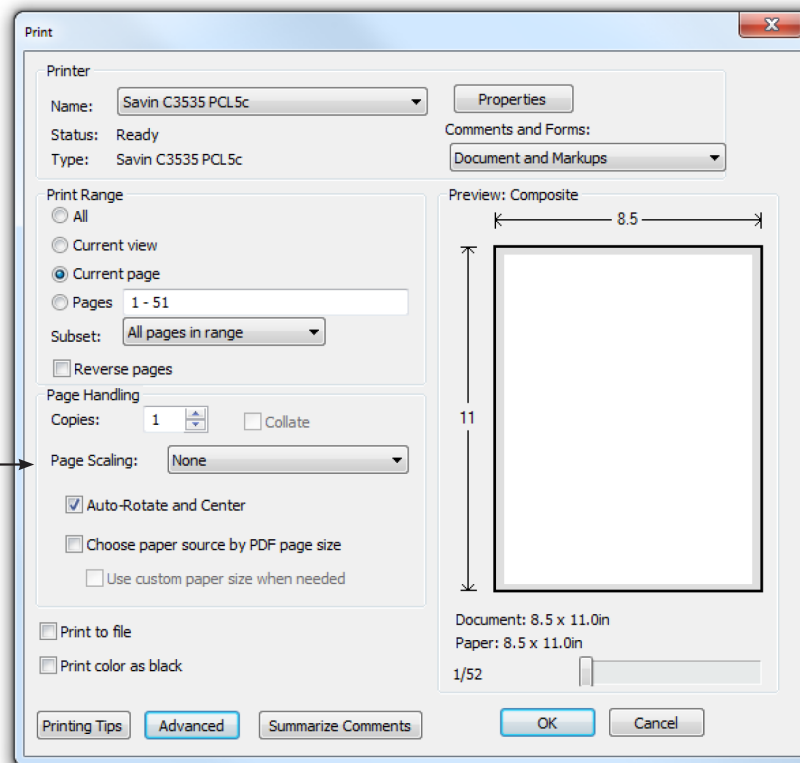

TO SAVE PAPER

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.
