Pre-Cut Appliqué Instructions

- 1. Print out the necessary pages from the PDF of the applique pattern(s).
- 2. Mark the right side of the pattern pieces so you'll know which direction to lay the pattern on the fabric.
- 3. Lightly spray the wrong side of the pattern pieces with temporary adhesive spray and allow it to set for a few minutes.
- 4. Place the pattern pieces on the right side of the fabric and carefully cut them out. **PHOTO 1**
- 5. Sew the placement stitch on your hooped fabric. **PHOTO 2**
- 6. With the paper still stuck to the right side of the appliqué fabric, spray the wrong side of the fabric with temporary spray adhesive.
- 7. Place the fabric inside the sewing placement stitch so that it matches the stitching line, and then remove the paper pattern. PHOTO 3
- 8. Sew the tackdown. **PHOTO 4**
- 9. Sew the remainder of the design and repeat for any remaining pieces. **PHOTO 5**

NOTE: The patterns are sized for the designs as they were made. If you resize the design, you will need to resize the pattern the same amount. You can print out the pattern at the normal size then copy it on a copy machine at the changed size. For example, resize the designs to 80%, resize the printed pattern to 80%.

TIP: When Printing the patterns, make sure that the "Fit to page" option is UNCHECKED in the Print Dialog Box. If this option is checked the printed patterns will not be actual size.

Instructions

Stitch 'n' Turn Instructions

- 1. Hoop a single layer of Mesh Cut-Away stabilizer.
- 2. Spray the stabilizer lightly with Temporary Adhesive Spray.
- 3. Stitch the first color, which is the "Placement Guide Stitch". Use a thread color that blends with your fabric choice.
- 4. Place a piece of fabric right side up onto the Mesh Stabilizer, being sure to cover the "Placement Guide Stitch". **See Photo 1**

Note: If using fabric with pile, lightly spray a piece of Wash-Away topping with Temporary Adhesive Spray. Place the topping sprayed side down onto the fabric.

- 5. Attach the hoop to the machine and stitch the second color, which is the "Basting Stitch" to keep fabric in place.
- 6. Embroider all but the last color of the design. See Photo 2.
- 7. Remove the hoop from the machine, but DO NOT remove the fabric from the hoop.
- 8. Clip all jump threads.
- 9. Gently tear away excess Wash-Away topping. (Do not wet to remove at this time).
- 10. Place another piece of fabric right side down directly over the first piece. If desired, pin or tape at corners to secure.
- 11. Reattach the hoop to the machine and stitch the final color change (through both layers of fabric). Use a thread color that blends with your fabric color. For photography purposes we've purposely used a contrasting thread.
- 12. Remove the hoop from the machine and the fabric from the hoop.
- 13. Using embroidery scissors, carefully cut out the stitch 'n' turn project close to the stitching line. Cut around the stitches at the opening to create a tab. **See Photo 3**.
- 14. Clip curves and corners as needed.
- 15. Turn the project right side out. Use a chopstick to turn out corners and curves.
- 16. Stuff with polyester stuffing. **Hint:** To speed up the stuffing process cut the bottom off of a cone shaped cup (such as the ones from a water cooler) and use it as a funnel to insert the stuffing. **See Photo 4**.
- 17. Fold tabs in and slip stitch the slit closed with hand needle or insert a piece of fusible webbing and fuse closed.

For Extra Fun:

- Add definition stitching with a sewing machine or by hand.
- Stitch ribbon bows or embellishments on your projects to dress them up. Please keep in mind the age of the person to be using them then plan (or omit) add-ons accordingly.

NOTE: Some designs may contain a Ribbon Placement Guide. This is an

optional feature that allows you to turn your designs into ornaments if you so wish. To create a hanging loop, after stitching the Ribbon Placement Guide, create a loop out of ½" ribbon and place it within the guide with loop facing into the center of the project and tails of the ribbon facing out. Lightly spray ribbon with Temporary Adhesive Spray to hold in place.

NOTE: Design pictured is for instructional purposes and may not be included in this collection.

Supplies:

- 2 pieces of fabric one inch larger (in all dimensions) than chosen design
- Mesh Cut-Away Stabilizer
- Wash-Away topping (if using fabric with pile such as Minkee® or terrycloth)
- Temporary Adhesive Spray
- Embroidery Thread
- Polyester bobbin thread
- Embroidery machine
- Polyester stuffing
- Hand needle or fusible webbing

by Claudette Barjoud / #80043 / 21 Designs

ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

TO SAVE PAPER

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.
