1. Print out the necessary pages from the PDF of the appliqué pattern(s).
2. Mark the right side of the pattern pieces so you'll know which direction to lay the pattern on the fabric.
3. Lightly spray the wrong side of the pattern pieces with temporary adhesive spray and allow it to set for a few minutes.
4. Place the pattern pieces on the right side of the fabric and carefully cut them out. **PHOTO 1**
5. Sew the placement stitch on your hooped fabric. **PHOTO 2**
6. With the paper still stuck to the right side of the appliqué fabric, spray the wrong side of the fabric with temporary spray adhesive.
7. Place the fabric inside the sewing placement stitch so that it matches the stitching line, and then remove the paper pattern. **PHOTO 3**
8. Sew the tackdown. **PHOTO 4**
9. Sew the remainder of the design and repeat for any remaining pieces. **PHOTO 5**

**NOTE: The patterns are sized for the designs as they were made. If you resize the design, you will need to resize the pattern the same amount. You can print out the pattern at the normal size then copy it on a copy machine at the changed size. For example, resize the designs to 80%, resize the printed pattern to 80%.**

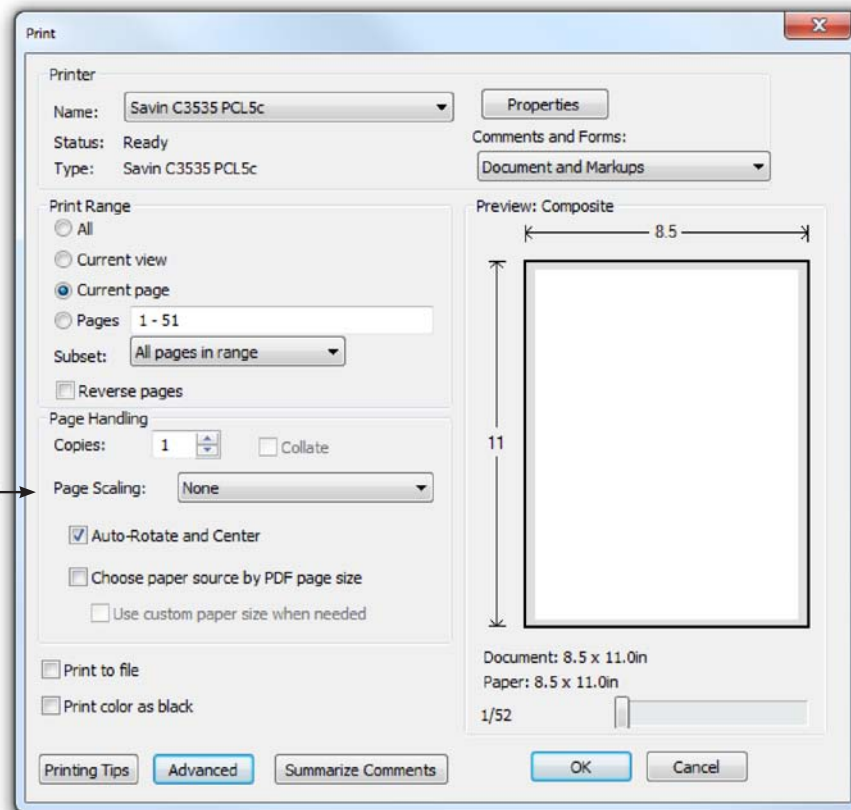

**TIP: When Printing the patterns, make sure that the “Fit to page” option is UNCHECKED in the Print Dialog Box. If this option is checked the printed patterns will not be actual size.**

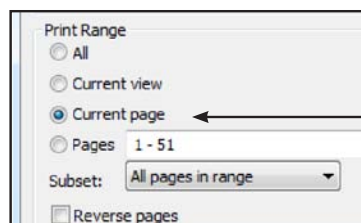

## ATTENTION

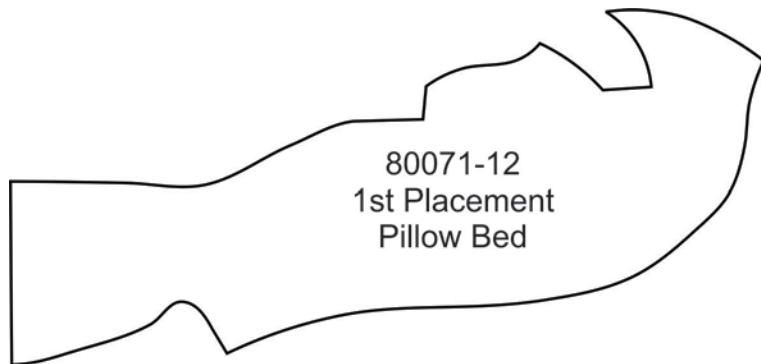

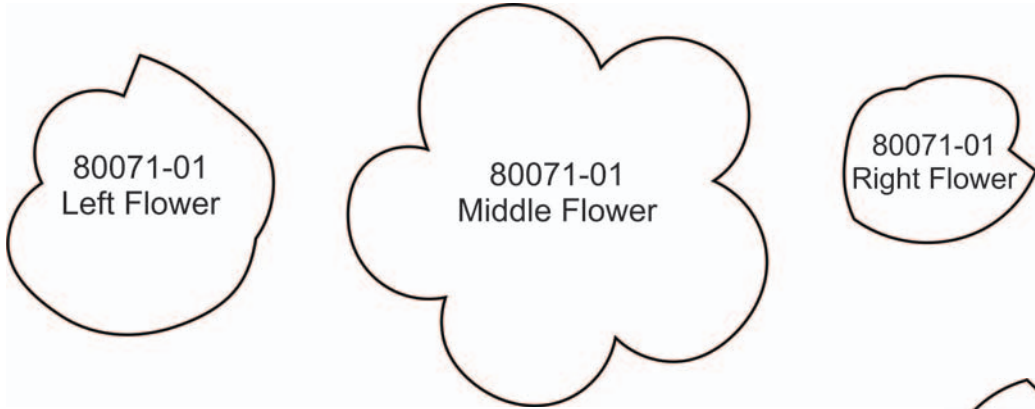

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

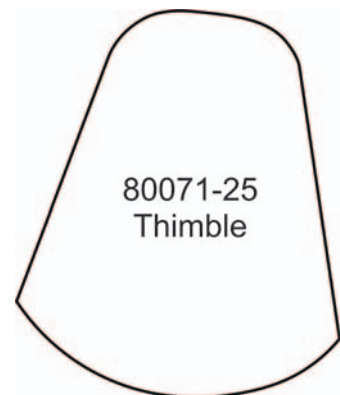

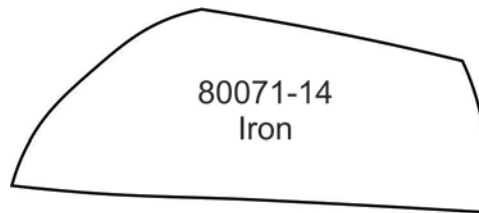

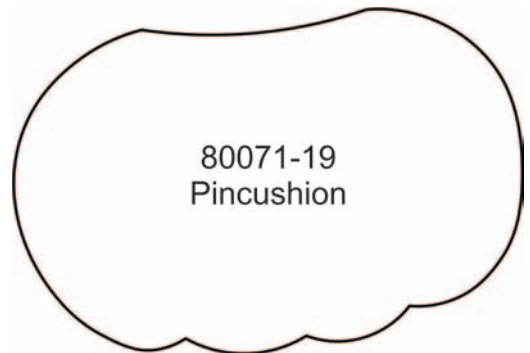

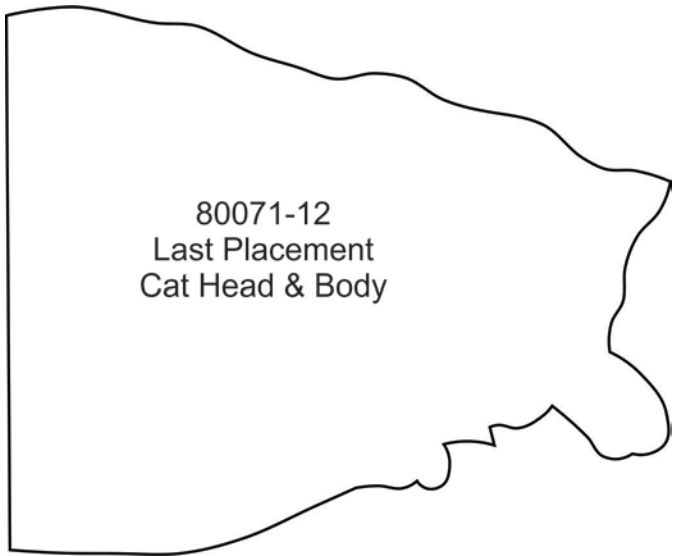

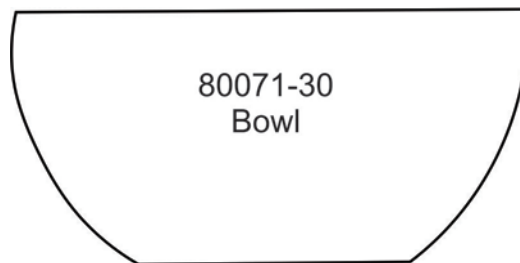

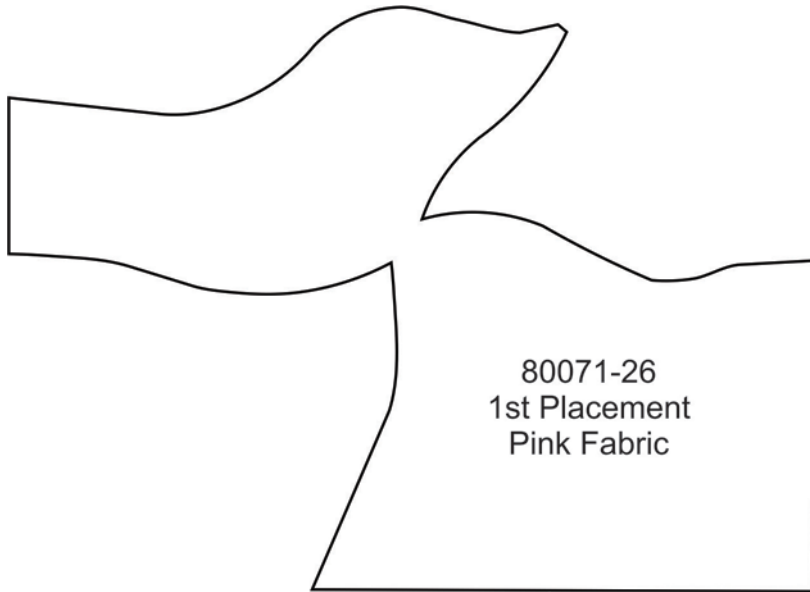

## TO SAVE PAPER

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.

### Supplies

- OESD embroidery collection #80071 Sewing Quilt by Krista Hamrick
- OESD Light Weight Tear-away stabilizer
- OESD Heavy Weight Tear-away stabilizer
- Background fabrics
  - 1 ¼ yard cream background fabric
  - ¾ yard or fat quarter dark purple background fabric
  - ½ yard pink background fabric
  - ½ yard dark blue background fabric
  - 1 yard brown background fabric
  - Fat quarter (or scrap large enough to hoop) blue gingham fabric
  - ½ yard red background fabric
  - ¾ yard or fat quarter light purple background fabric
  - ¾ yard or fat quarter dark blue background fabric
- 1 ½ yard of fabric for quilt backing
- 1 yard dark brown sashing fabric, cut into 12 1 ½" strips
- 1 yard print for border, cut into 4 ½" strips
- ½ yard fabric for binding or 5 yards of pre-made binding
- ⅛ yard or scraps of several fabrics for the appliqué design pieces
- 42" x 52" batting (crib size)
- Temporary spray adhesive

### Embroider & Prepare Blocks

- Spray a hoop-sized piece of OESD Heavyweight Tear-away stabilizer with temporary adhesive spray and apply to the wrong side of a hoop-sized piece of background fabric. Spray a hoop-sized piece of OESD Lightweight Tear-away stabilizer with temporary adhesive spray and apply to the stabilizer. Hoop the background fabric and stabilizer together.
- Place the hoop on the machine and stitch the first embroidery design. Use the chart below to determine which background fabric to use for each design. The final color on each design is notated on the thread chart as "Seam Stitch". This color change should be stitched in a thread color that will blend with the background fabric used for each design. **\*Tip:** Stitch the seam stitch using a dark colored bobbin thread to make it easier to trim the finished block later.
- Remove the hoop from the machine and the fabric from the hoop.
- Carefully trim all jump threads and gently remove excess stabilizer following the manufacturer's instructions.
- Repeat for all embroidery files, applying appliqué fabric where required. (Refer to appliqué instructions if needed.)
- Turn each block over and trim to ¼" outside the seam stitch. **SEE PHOTO 01**

## Assembly

With right sides together and pressing seams to the sashing as you go, use a 1/4" seam allowance, or simply stitch directly on top of the seam stitch that sewed last during the embroidery process and stitch together in the following order: (**NOTE:** After stitching each combination, square each block component by trimming the excess sashing fabric even with embroidery blocks.)

### Section 1

\*Section 1 is assembled with NO sashing

- Assemble a row with Design 08 + Design 09 + Design 10
- Assemble a second row with 11 + 12 + 13
- Assemble these two rows together to form section 1.

### Section 2

- 32 + sashing + 20

### Section 3

- 16 + sashing + 18

### Section 4

- 17 + sashing + 33

### Section 5

- 19 + sashing + 21

## Combine Sections

- Section 2 + sashing + Section 3 = left of center section
- Section 4 + sashing + Section 5 = right of center section
- Left of center section + sashing + Section 1 + sashing + right of center section = Row 3

## Create Rows

- Assemble the remaining rows (1, 2, 4, & 5) each in numerical order from left to right, with sashing in between each block.
- Assemble rows together with long sashing pieces between each row.
- Add another sashing piece to the top and bottom of the rows.
- Add sashing to the left and right of the quilt.

## Finishing

- Sew the 4 1/2" border strips to the top and bottom of the quilt center then to the sides of the quilt.
- Place backing fabric right side down. Stack batting on wrong side of backing fabric and stack the quilt top down last, right side up. You may wish to use temporary spray adhesive when layering quilt to hold the layers in place.
- Pin layers together and quilt as desired. We simply stitched in the ditch in our sample.
- Trim batting and backing to the same size as the quilt top.
- Bind the quilt edges using your favorite method.
