Supplies

- OESD embroidery collection All Flakes Welcome
- 2 yd. fabric (embroidered blocks)
- 3/8 yd. fabric for Border 1
- 1/4 yd. contrasting fabric for Border 2
- 3/4 yd. fabric for Border 3
- 3 yd. fabric for backing and binding (sample used the same fabric for all but Border 2 – 6 1/4 yds. will do them all)
- Assorted fabrics in red, green and blue – 1/4 yd. or fat quarter of at least 6 of each color
- 1/2 yd. white fabric and assorted fabric scraps for snowpeople appliques
- Heavy Weight Tear Away Stabilizer
- Light Weight Tear Away Stabilizer
- Applique Fuse and Fix Stabilizer
- Isacord embroidery threads

Embroidered Blocks

1. Cut fabric for the snowpeople appliques 12" X 16". Hoop with 1 sheet of Heavy Tear Away and 1 sheet of Lightweight Tear Away. Fuse Applique Fuse and Fix Stabilizer to the back of the fabrics being used for the appliqué pieces. Using the appliqué patterns in the design collection, cut out the appliqué pieces and press in place after each placement line is stitched in the embroidery of the designs.

Create the Blocks

2. Each embroidered block is surrounded by red, green or blue fabrics. It is easiest to determine which fabrics to use around the designs if they are cut into different sized strips and laid out so they can all be seen. **Photo 1** Cut each fabric in 1 1/2" and 2 1/2" strips. Two reds and one green will also need to be cut in a 3 1/2" strip. Cut all strips the width of fabric or the longest direction on a fat quarter.
3. Each design can then be previewed with different strips until a pleasing arrangement has been made. **Photo 2**

Design 1

- Centering the design, cut the block 6 1/2" wide by 7 1/2" high. Measurements will be given for each strip, but it is wise to cut them a little longer. They can then be squared up as the strips are sewn to the block. On the left-hand side of the block, lay a red 1 1/2" strip, on the right 2 1/2", top and bottom 2 1/2". Cut the left and right strips 7 1/2". Cut the top and bottom strips 9 1/2" long. Sew the strips on, starting with the shorter strips, pressing and squaring up before proceeding to the top and bottom strips. See **Design 1**

Design 1

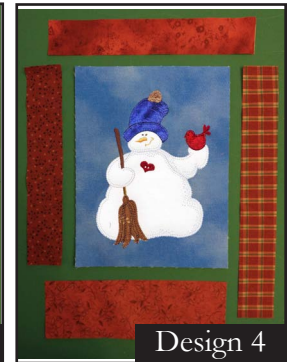

Design 2

Design 2

- Cut this block 5 1/2" wide by 9 1/2" high. Using green strips, all 1 1/2" wide on each side, lay the strips. See **Design 2** Cut the left and right strips 9 1/2" long and the top and bottom strips 7 1/2" long. Sew the strips on.

Design 3

Design 4

Design 3

Cut the two side strips 8 1/2" long. The bottom strip and the 2 1/2" strip on the top should be cut 8 1/2" long.

Design 5

Design 4

- Block 4 is cut 6 1/2" wide by 8 1/2" high. Using red strips, lay 1 1/2" strips on the top and sides and a 2 1/2" strip on the bottom. See **Design 4** Cut the left strip 8 1/2" long. Cut the bottom strip 7 1/2" long. Cut the right strip 10 1/2" long. The top strip is cut 8 1/2" long.

Create the Block Units

Unit 1

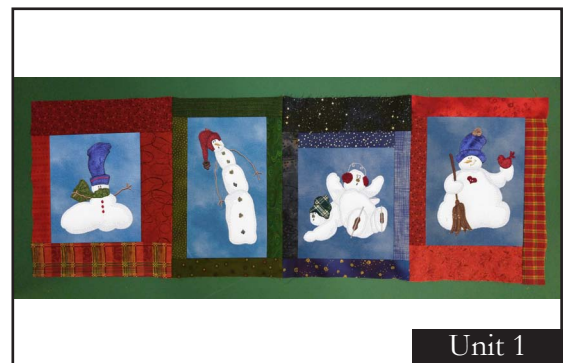

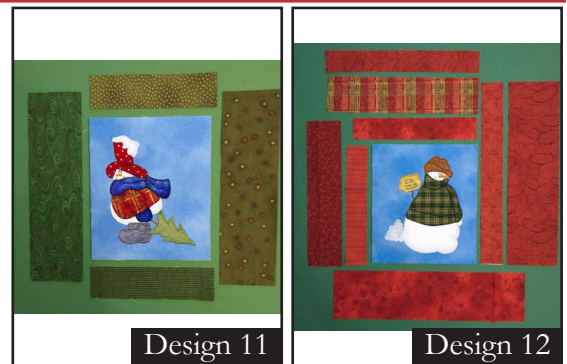

1. Sew the right side of Design Block 1 to the left side of Design Block 2 and the right side of Design Block 3 to the left side of Design Block 4. Press seams to one side. Then sew the right side of Design Block 2 to the left side of Design Block 3 and press seams to one side. This completes Unit 1. See **Unit 1**

Unit 2

2. Sew the right side of Design Block 5 to the left side of Design Block 6. Press seams to one side. This completes Unit 2. See **Unit 2**

Unit 3

3. Sew the bottom of Design Block 8 to the top of Design Block 10. Sew the bottom of Design Block 9 to the top of Design Block 11. Press seams to one side. Sew the right side of Design Blocks 8 and 10 to the left side of Design Blocks 9 and 11. Press seam to one side. This completes Unit 3. See **Unit 3**

Connect Lower Units

4. Units 2 and 3 are connected with Design Blocks 7 and 12 with a 4 1/2" square of the design background fabric. **Photo 3** Starting with Design Block 12 sew the square to the upper left corner of Design Block 12 from the left corner on the top of the Design Block about 2" creating a partial seam. **Photo 4**
5. Connect Design Block 7 to the square at the lower left corner of Design Block 7 in a partial seam sewing the right side of the fabric square to the bottom left side of Design Block 7 up for 2". **Photo 5**
6. Connect Unit 2 to the square at the lower right corner of Unit 2 in a partial seam. **Photo 6**
7. Complete the partial seam which connects Design Block 7 to Design Block 12. **Photo 7**
8. Complete the partial seam which connects Design Block 7 to Unit 2. **Photo 8**
9. Connect the right side of Unit 3 to the left side of Design Block 12. **Photo 9**
10. Finally, connect the top of Unit 3 to the bottom of Unit 2 completing the partial seam that connects Unit 2 to the square. **Photo 10** Press all seams to one side.
11. Sew the bottom of Unit 1 to the top of the entire lower unit sections and press seams. **Photo 11**

Borders

12. Cut 5 2 1/2" strips of the border 1 fabric. Measure across the center of the pieced top width and cut 2 strips that length. Sew each to the top and the bottom. Press seams toward the border. Piece the other 3 strips end to end. Measure across the center of the pieced top length and cut 2 strips from the pieced strip that length. Sew each cut strip to the sides and press seams toward the border.
13. Cut 5 1 1/2" strips of the border 2 fabric. Piece all 5 strips end to end. Measure the center of the pieced top in the same manner as in the last step and cut 2 border pieces for the top and bottom. Sew on each piece and press seams toward the border. Again measure the center for the length, cut 2 pieces for the sides, sew and press.

- Cut 6 4 1/2" strips of the border 3 fabric. Piece all 6 strips end to end. Measure in the same manner and sew on the final borders, again sewing the tops and bottoms first.

Embroider Trees

- The trees are embroidered after the entire quilt top has been pieced and the borders are on. Placement is suggested, but does not need to be completely accurate. Hoop the quilt top with 2 pieces of Light Weight Tear Away stabilizer. Suggested placement is as follows:
- Tree #13 – upper left corner of Design Block 3;
Tree #14 – left side, intersection of Design Blocks 8 and 10; Tree #15 – lower left corner of Design Block 9; Tree #16 – lower right corner of Design Block 10; Tree #17 – lower left corner of Design Block 5; Tree #18 – the 4" square of blank fabric;
Tree #19 – lower right corner of Design Block 1; Tree #20 – upper right corner of Design Block 4; Tree #21 – lower right corner of Design Block 12

 - For a visual, refer to the picture of the completed quilt.**

Completed

Finishing

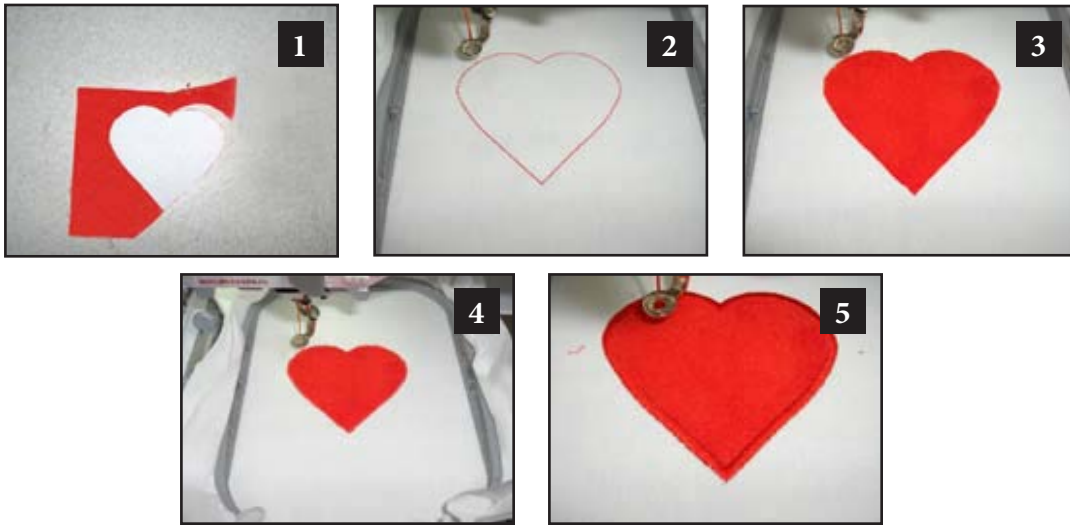

- Cut 6 2 1/4" strips of fabric for binding and piece and prepare for binding as desired. Cut 2 pieces of fabric 50" long for backing. Sew together selvedge to selvedge. Trim seam to 1/4" and press.
- Layer a quilt sandwich, by placing pieced back wrong side up, cotton batting and the pieced top right side up. Use curved safety pins or temporary spray adhesive to baste the layers together.
- Quilt as desired. In our sample we stitched in the ditch and lightly meandered in the larger areas.
- Square up the quilt, this is trimming the quilt until the sides are equal. This prepares the quilt for stitching on the binding.
- Stitch on the binding as desired. For stitching on the binding the mitered corner technique was used.

Pre-Cut Appliqué Instructions

1. Print out the necessary pages from the PDF of the appliqué pattern(s).
2. Mark the right side of the pattern pieces so you'll know which direction to lay the pattern on the fabric.
3. Lightly spray the wrong side of the pattern pieces with temporary adhesive spray and allow it to set for a few minutes.
4. Place the pattern pieces on the right side of the fabric and carefully cut them out. **PHOTO 1**
5. Sew the placement stitch on your hooped fabric. **PHOTO 2**
6. With the paper still stuck to the right side of the appliqué fabric, spray the wrong side of the fabric with temporary spray adhesive.
7. Place the fabric inside the sewing placement stitch so that it matches the stitching line, and then remove the paper pattern. **PHOTO 3**
8. Sew the tackdown. **PHOTO 4**
9. Sew the remainder of the design and repeat for any remaining pieces. **PHOTO 5**

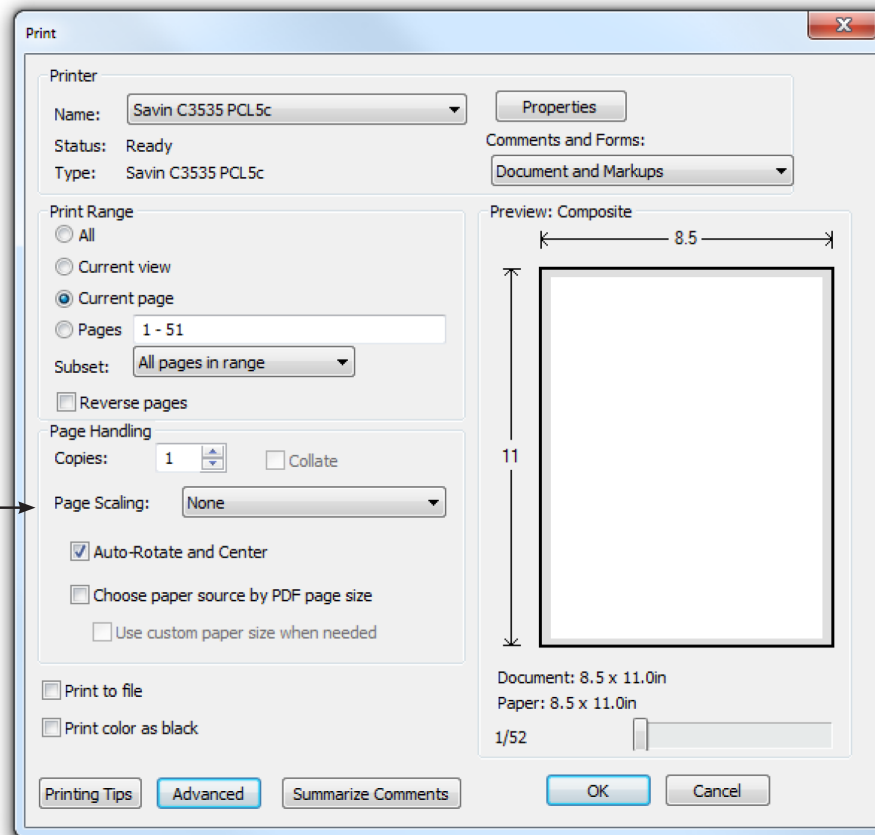

NOTE: The patterns are sized for the designs as they were made. If you resize the design, you will need to resize the pattern the same amount. You can print out the pattern at the normal size then copy it on a copy machine at the changed size. For example, resize the designs to 80%, resize the printed pattern to 80%.

TIP: When Printing the patterns, make sure that the “Fit to page” option is **UNCHECKED** in the Print Dialog Box. If this option is checked the printed patterns will not be actual size.

ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

TO SAVE PAPER

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.
