## Pre-Cut Appliqué Instructions

1. Print out the necessary pages from the PDF of the appliqué pattern(s).
2. Mark the right side of the pattern pieces so you'll know which direction to lay the pattern on the fabric.
3. Lightly spray the wrong side of the pattern pieces with temporary adhesive spray and allow it to set for a few minutes.
4. Place the pattern pieces on the right side of the fabric and carefully cut them out. **PHOTO 1**
5. Sew the placement stitch on your hooped fabric. **PHOTO 2**
6. With the paper still stuck to the right side of the appliqué fabric, spray the wrong side of the fabric with temporary spray adhesive.
7. Place the fabric inside the sewing placement stitch so that it matches the stitching line, and then remove the paper pattern. **PHOTO 3**
8. Sew the tackdown. **PHOTO 4**
9. Sew the remainder of the design and repeat for any remaining pieces. **PHOTO 5**

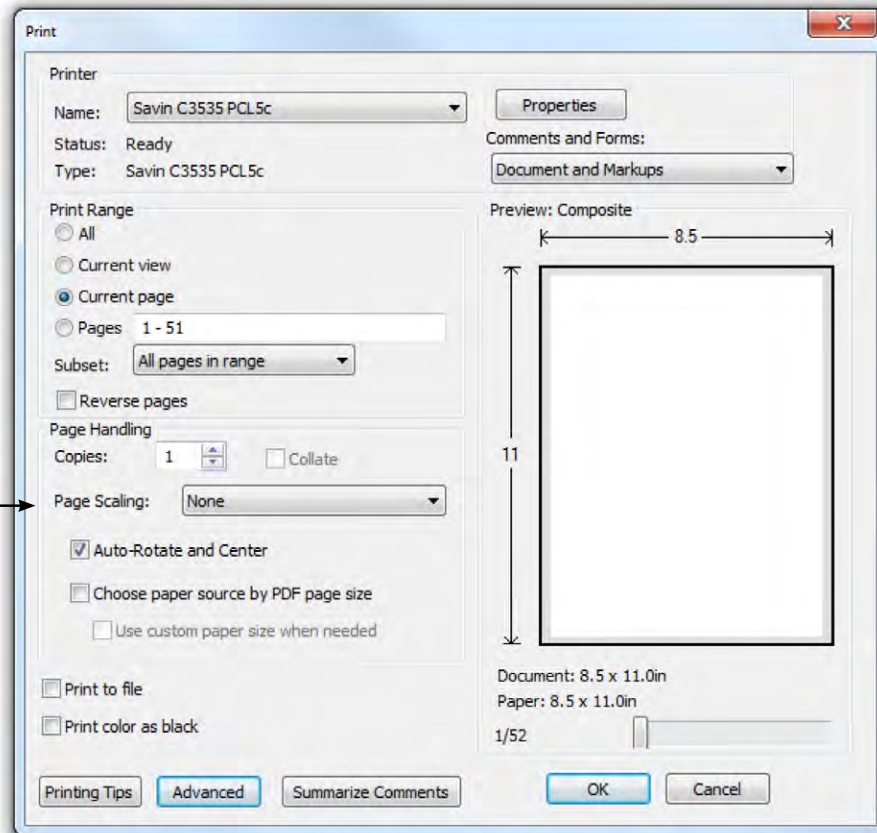

**NOTE:** The patterns are sized for the designs as they were made. If you resize the design, you will need to resize the pattern the same amount. You can print out the pattern at the normal size then copy it on a copy machine at the changed size. For example, resize the designs to 80%, resize the printed pattern to 80%.

**TIP:** When Printing the patterns, make sure that the “Fit to page” option is **UNCHECKED** in the Print Dialog Box. If this option is checked the printed patterns will not be actual size.

## ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

## TO SAVE PAPER

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.
