MATERIALS

Stabilizer

- 2 rolls Heavy Weight Tear Away Stabilizer 15"
- 2 rolls of Fusible Woven 15" Black (or 1.5 rolls of 20")
- **Note** - These yardages assume that stabilizer and fabrics will be cut 10" x 15" for hooping. More or less fabric and/or stabilizer may be needed depending on the size hoop used or if more than one tile is stitched per hooping.

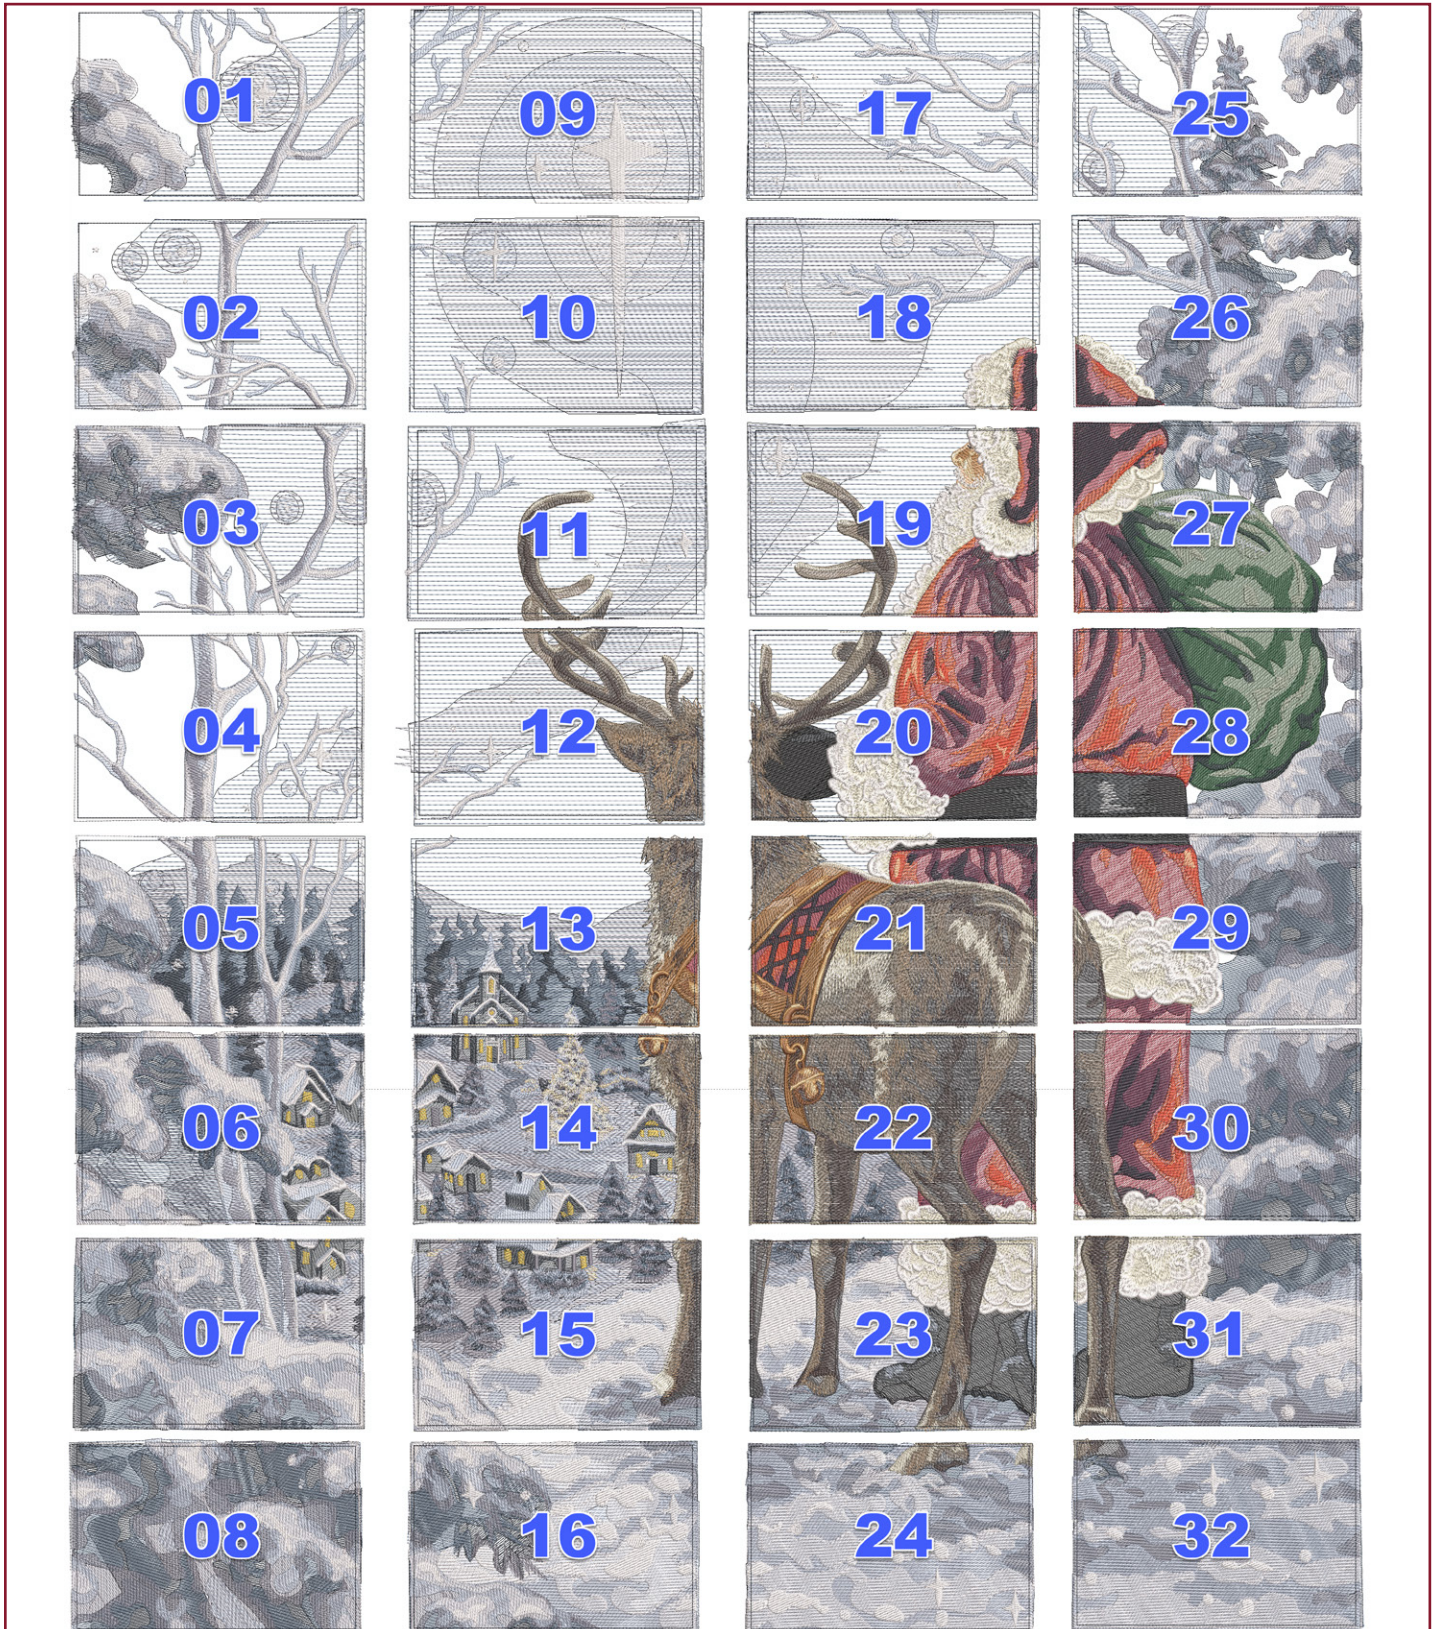

Fabric/Notions

- OESD embroidery collection Starry Night by Donna Gelsinger #80194
- OESD bobbin thread
- Water soluble thread or invisible thread (optional)
- Temporary spray adhesive
- 3 1/3-yard solid navy fabric for tiles*
- Batting 32" x 40"
- 1 yard backing
- 1/3 yard fabric for binding, cut 4 strips width of fabric x 2 1/2" strips and stitch together at 45° angle to make one long strip.

Isacord Thread Colors

0015 White	1133 Peru	3743 Harbor
0020 Black	1141 Tan	3951 Azure Blue
0138 Heavy Storm	1233 Pony	3953 Ocean Blue

0970 Linen	3574 Darkest Blue	

DIAGRAM

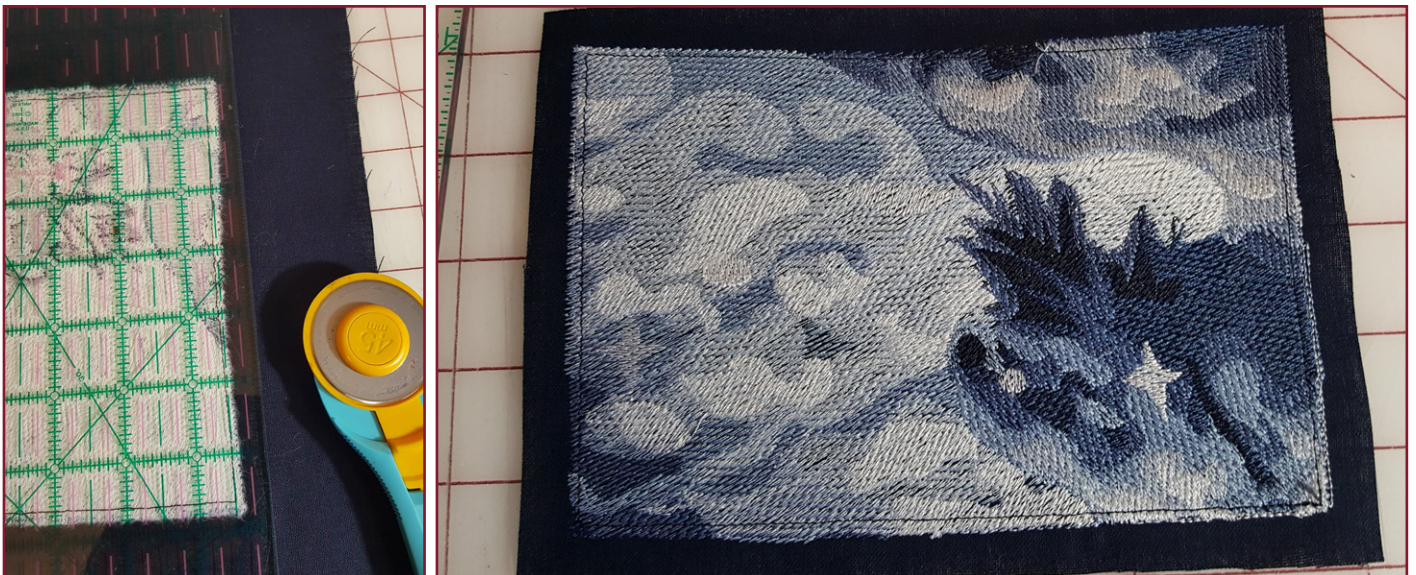

EMBROIDERY

STEPS

- Embroider one of each design file 80194-01 through 80194-32. For each hooping, cut the following 10" x 15", or large enough to hoop:
 - 1 piece of Fusible Woven
 - 2 pieces of HeavyWeight TearAway
 - 1 piece of navy fabric
- Apply Fusible Woven to the back of the navy fabric per package directions. Baste remaining layers together with temporary spray adhesive. Hoop securely.
- The last color change in each block is called "Seam". This stitch is very important in the process of assembling the wall hanging. Stitch the top color in a thread that blends with the fabric, invisible thread or water-soluble thread. For the bobbin, use red or another easily visible color. You will use this line as a guide when trimming the blocks.
- After embroidery is complete, remove excess stabilizer to the edge of the stitching. Then, trim away excess fabric ½" away from the "Seam." Trim from the back (with quilt top facing down) so you can easily see the seam line.

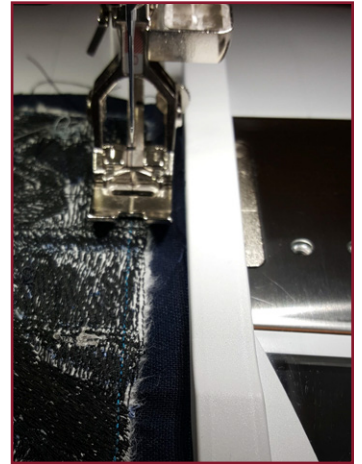

ASSEMBLY

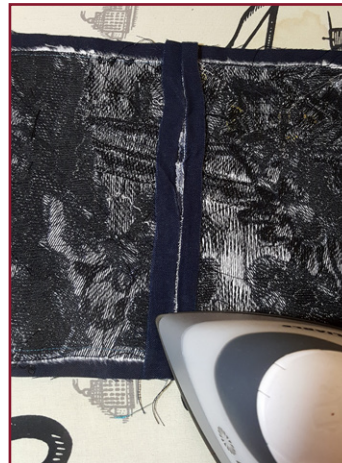

STEP 1

- The quilt will be assembled in four columns of eight blocks, and then these columns will be stitched together to form the quilt.
- Place block 80194-01 right sides together with block 80194-02. Stitch together along the bottom edge of 80194-01 and top edge of 80194-02. Use a seam guide to help you keep a consistent ½" seam, and stitch each seam a hair to the inside of each seam line.

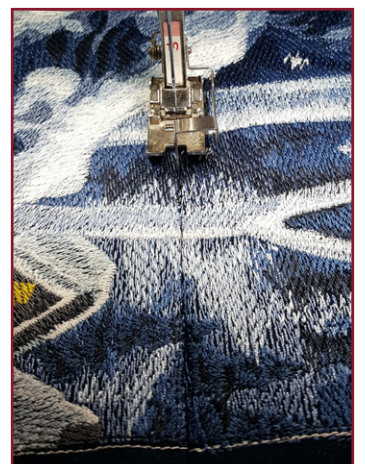

STEP 2

- Use a ½" seam for all blocks and press all seams open. Using a ½" seam and pressing each seam open will help the quilt to lie flat when complete. After pressing each seam open, flip it right side up onto a Perfect Embroidery Press Cloth. Press with steam to set the steam.

STEP 3

- Stitch the remaining blocks (80194-01 through 80194-08) to form column 1.
- Repeat this process for each of the 4 columns.
- Stitch the columns together to form the quilt top.
- Layer the backing, batting and quilt top together. Baste all layers with temporary adhesive spray. Stitch in the ditch to quilt the layers together. Use a coordinating thread to blend with the quilt top. Use an edgestitch foot to improve accuracy.

ASSEMBLY

STEP 4

- Square up the quilt top, batting, and backing by trimming away the outer border to $\frac{1}{4}$ " from the outer seam line all the way around the quilt.

STEP 5

- Zig-Zag over the edge of the quilt to seal edges together.
- Stitch on binding as desired.
