EMBROIDERY

- Prep background fabric with Fusible Woven.
- Cut fabric to a hoop-size piece.
- Spray a hoop-sized piece of Ultra Clean and Tear with temporary spray adhesive and apply to the wrong side of prepped background fabric. Use the list for fabric background recommendations. Hoop the background fabric and stabilizer together.
- Place the hoop on the machine and stitch the first embroidery design.
- The final color on each design is notated on the thread chart as Seam Stitch. This color change should be stitched in a thread color that will blend with the background fabric used for each design or use water-soluble thread. Also, change the bobbin thread to a contrasting color to make it visible on the seam stitch only.
- Remove the hoop from the machine and the fabric from the hoop.
- Repeat for all 27 embroidery files.
- Turn each block over and trim to ½" outside the seam stitch.

ASSEMBLY

- With right sides together, use a ½" seam allowance and the Seam Stitch as a guide. For best results stitch together just inside the seam allowance.
- Press the seams open and remove excess stabilizer from the seam allowance only.

LAYOUT

BLOCK 1

- Assemble and sew individual designs, as shown, to create block 1.

BLOCK 2

- Assemble and sew designs together, as shown, to create block 2.

Block 2

LAYOUT

BLOCK 3

- Assemble and sew designs together, as shown, to create block 3

Block 3

LAYOUT

QUILT

- Assemble and sew blocks together, as shown, to create completed quilt.

Quilt

FINISHING

- Place backing fabric right side down. Stack batting on wrong side of backing fabric and stack the quilt top down last, right side up. You may wish to use temporary spray adhesive when layering the quilt to hold the layers in place.
- Pin layers together stitch in the ditch.
- Trim batting and backing to the same size as the quilt top.
- Bind the quilt as desired.
