Notes

The applique instructions included in the design pack are general instructions for the collection.

For demonstration purposes, a sample design that best represents the entire collection is shown. Fabric and thread requirements will vary by design, but the general technique will be the same.

Design 80300-08 from Celestial Lights by Amanda Murphy was used as the sample.

STEP 1

- Press OESD Fusible Woven to the wrong side of the applique fabric.
- Note: Use the printed templates as a guide to help determine the selected design's amount of stabilizer and fabric required.

O℮SD™ **PREMIER** COLLECTION

STEP 2

- Hoop the desired stabilizer and fabric for the project, in the example we used white quilter's cotton and two layers of Ultra Clean and Tear.
- Load the selected design into the machine.
- Design in the example is 80300-08.
- Thread the machine per the thread chart.
- Stitch Machine Step 1, Medium Blue Placement Stitch.

STEP 3

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Place the prepared applique fabric right side up, over the placement stitch, covering entirely.
- Tape in place to secure.
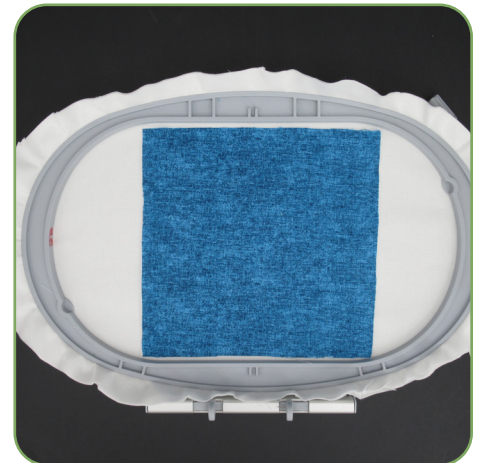

STEP 4

- Return the hoop to the machine.
- Stitch Machine Step 2, Cut Line and Tackdown.

STEP 5

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place on a flat surface.
- Trim the excess fabric as close to the tackdown stitching as possible.
- Note: If the outermost row of stitching is accidentally cut, the inner stitches will hold the applique in place.
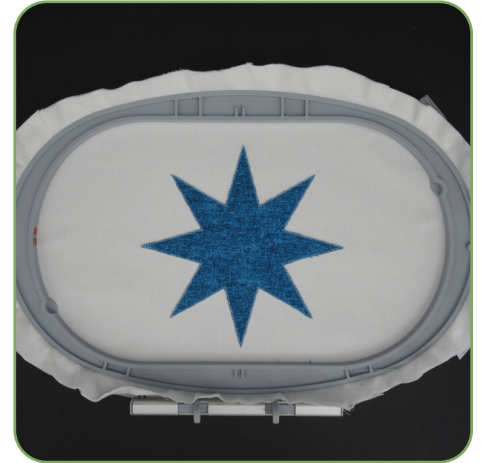

STEP 6

- Return the hoop to the machine and stitch the remaining steps per the thread chart.
- Remove the project from the hoop and any excess stabilizer from the project.
- Press face down on a Perfect Embroidery Press Cloth.
