General Instructions

The applique instructions, included in the collection, are general instructions. For demonstration purposes, a sample design that best demonstrates the technique is shown. Design 80388-16 is shown here. Fabric and thread requirements will vary by design, but the general technique is the same. Applique technique shown is pre-cut.

Note: Some thread colors in the instructions have been changed or digitally enhanced for better visibility.

☐ Step 1

- Print the mirrored version of the applique patterns (at 100% scale or 1:1 ratio) onto the paper side of Applique Fuse and Fix. The applique patterns are included at the end of the instructions.
- Cut approximately 1/4" – 1/2" outside the printed applique patterns.

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2025 Kaffe Fassett. All rights reserved.

Step 2

- Cut the applique fabric 1/4" – 1/2" larger than the applique patterns.
- Fuse the trimmed patterns to the back of the applique fabric with the paper side of the printed patterns up. Hold the iron on the pattern for 10–15 seconds for a secure fuse.

Step 3

- Trim the applique fabric on the outer edges of the black outline.
- Set aside.
- **Tip: This is a great time to preview the block.**

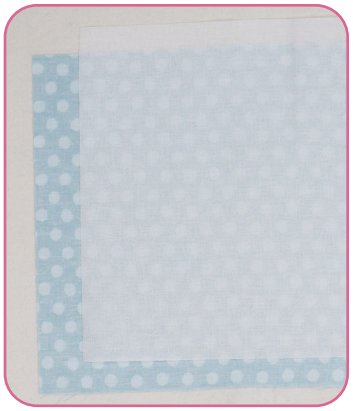

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2025 Kaffe Fassett. All rights reserved.

Step 4

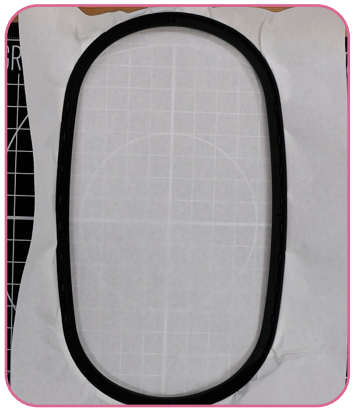

- Apply OESD Fusible Woven to the back of the background fabric per the product directions.

Step 5

- Using the OESD Grippy Grid, hoop one layer of Ultra Clean and Tear for all designs.
- Center the background fabric in the hoop.
- Tape in place with OESD Expert Embroidery Tape TearAway to secure.
- **Note: Generally, we recommend hooping all layers when embroidering. In this case, the design is light density, and we can economize on fabric by floating.**

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2025 Kaffe Fassett. All rights reserved.

Step 6

- Load the selected design into the machine.
- Example design is 80388-16.
- Thread the machine per the thread chart.
- Place the hoop on the machine.
- Select a machine basting stitch (if that is an available option on the embroidery machine).
- Stitch Machine Step 1, Fabric Placement Stitch A.
- **Note: Basting stitches assist in holding the fabric to the stabilizer. This is helpful when floating fabric and is extra security to prevent fabric shifting.**

Step 7

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- On the back of the applique fabric, use the OESD Perfect Scoring Tool to score and remove the paper backing to reveal the adhesive surface.
- Place the applique fabric within the placement stitching.
- Finger press to secure.
- **Tip: Applique Fuse and Fix is repositionable.**

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2025 Kaffe Fassett. All rights reserved.

Step 8

- Return the hoop to the machine.
- Stitch Machine Step 2, Blanket Stitch Tackdown.

Step 9

- Stitch the remaining steps following the process above per the thread chart.

Step 10

- When the design is complete, remove the project from the hoop.
- Gently tear away excess stabilizer.

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
Electronic designs are licensed to the original purchaser for use at one location. ©2025 Kaffe Fassett. All rights reserved.

ASSEMBLY

OESD™ PREMIER COLLECTION

Step 11

- Press right side down on an OESD Perfect Embroidery Press Cloth.
- Trim block to 8 1/2″ x 8 1/2″.
- **Tip: Label each block with the design number to keep from mixing up the blocks.**

Step 12

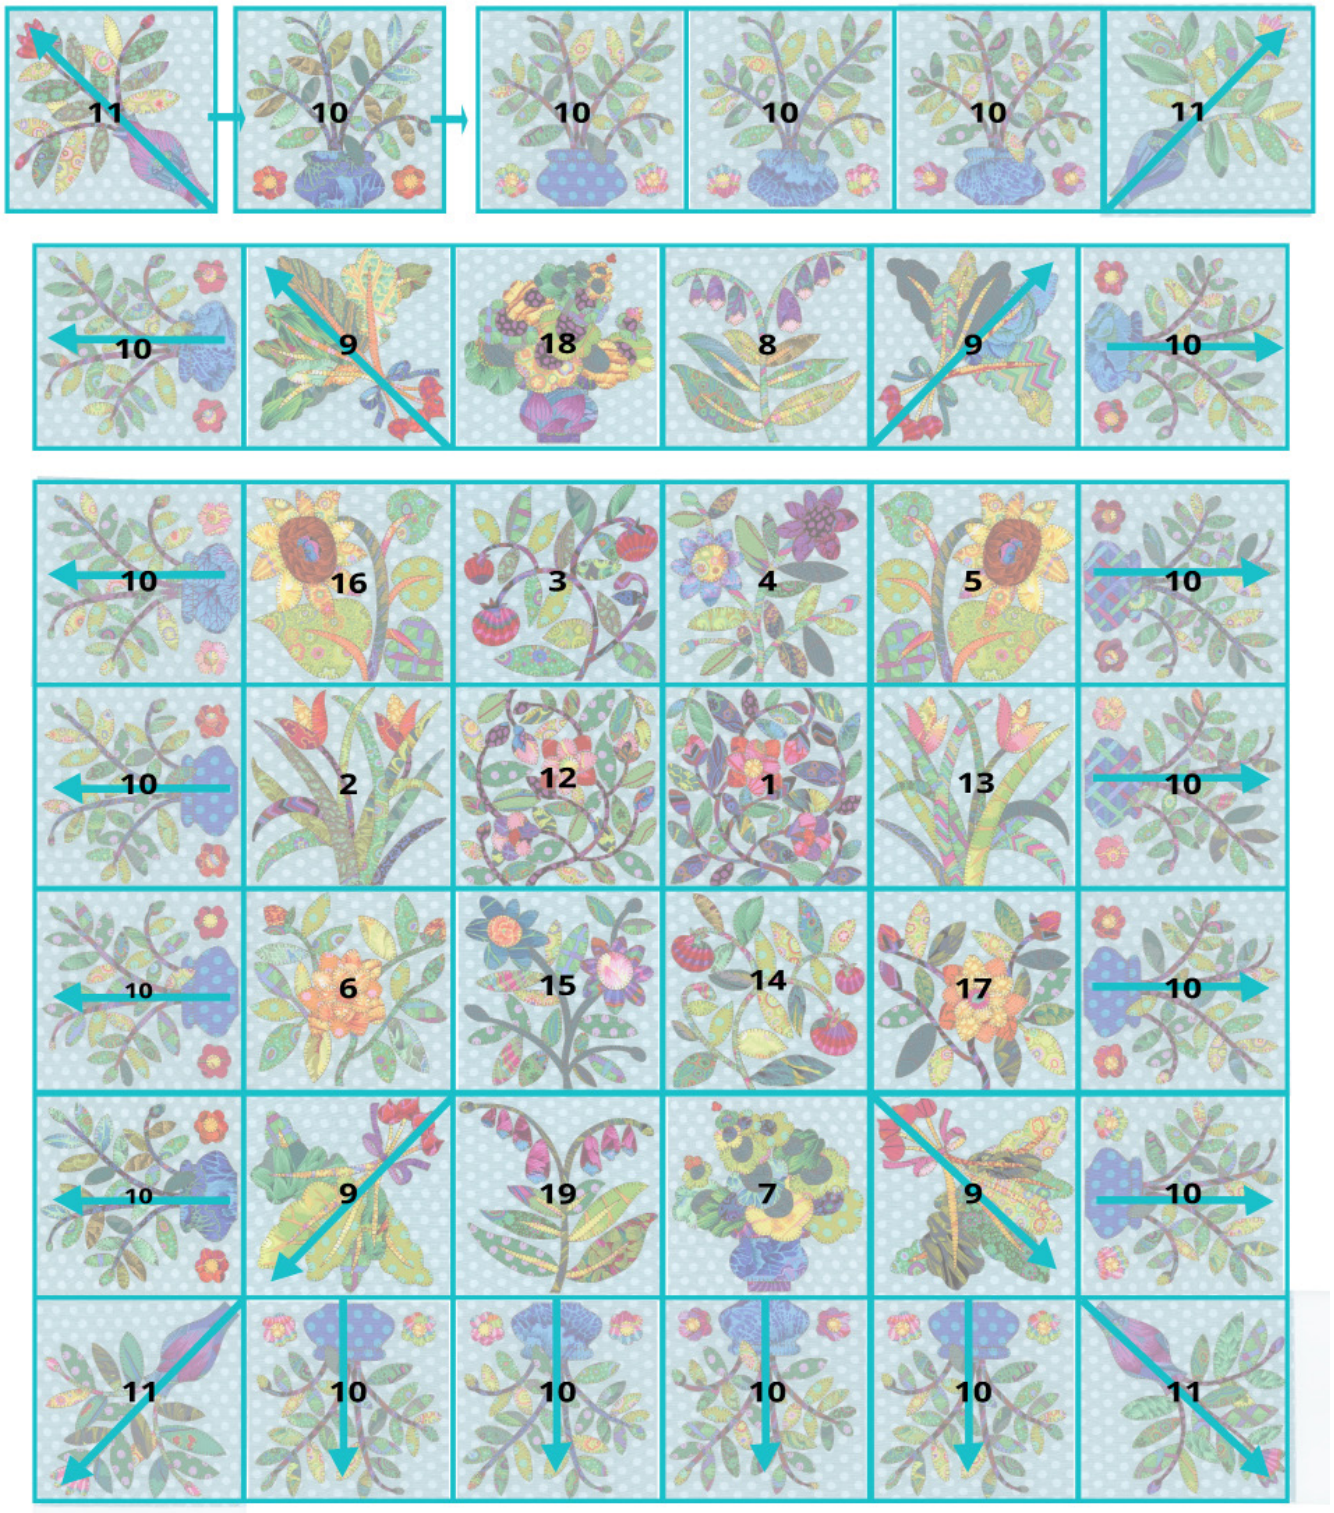

- Follow the diagram on page 12 when arranging the blocks for the quilt top.
- Arrange the blocks in seven horizontal rows of six blocks each as shown.
- All the blocks are positioned upright except those with arrows. On the blocks with arrows, the arrowhead points to the top of the block, so turn the blocks as indicated.
- Use a 1/4″ seam allowance to sew together the horizontal rows of six blocks each.
- Press seam allowance to one side.
- Sew each of the rows together.
- Prepare the backing and batting.
- Press the quilt top.
- Layer the quilt top, batting and backing.
- Quilt and bind as desired.
- The project is complete. Enjoy!

PRINTING INSTRUCTIONS

OCSD™ PREMIER COLLECTION

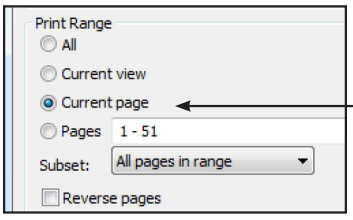

ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

TO SAVE PAPER

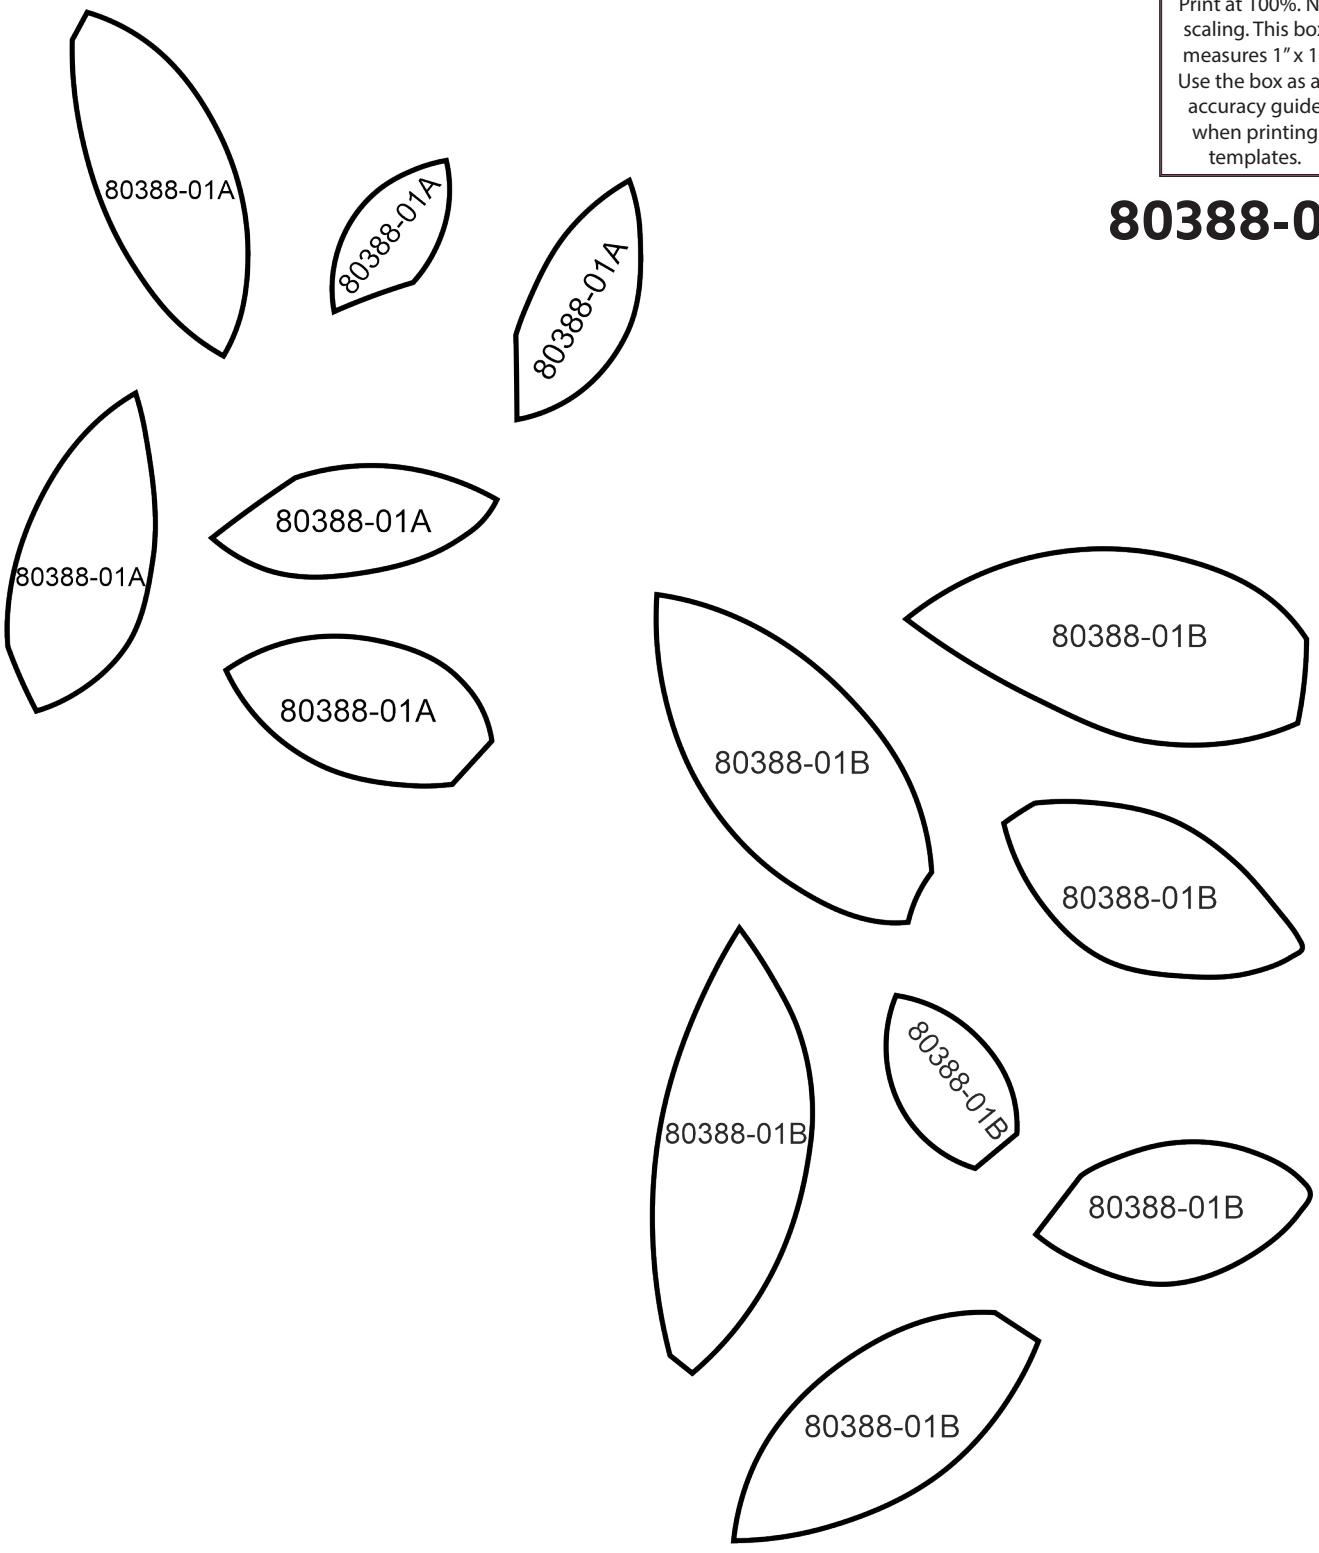

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.

It is a violation of Copyright law to make and distribute copies of electronic designs or artwork.
