General Instructions

The patch instructions, included in the collection, are general instructions. For demonstration purposes, a sample design that best demonstrates the technique is shown. Design 80402-29 is shown here. Fabric and thread requirements will vary by design, but the general technique is the same.

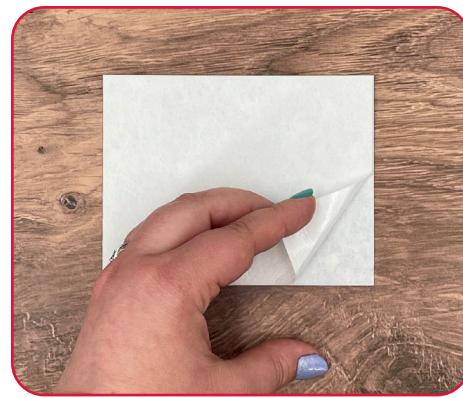

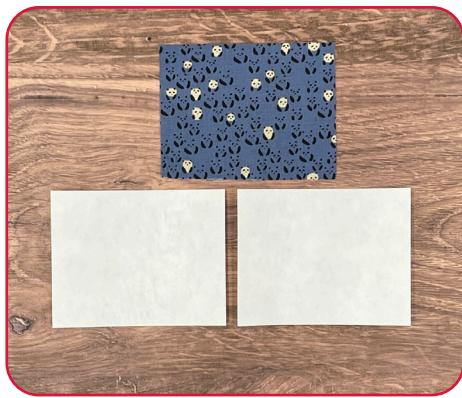

Designs 80402-01 through 80402-27 are embroidery motifs that can be used individually or placed on the patches (80402-28 through 80402-31) depending on sizing.

If using an embroidery motif on a patch, use machine features to place the motif within the patch. For best results, stitch the motif before the cover stitch, but after trimming the applique (background) fabric.

Note: Some thread colors in the instructions have been changed or digitally enhanced for better visibility.

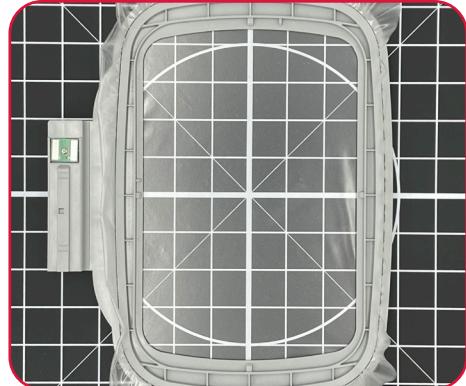

Step 1

- Cut the applique (background) fabric 1/4" – 1/2" larger than the applique pattern. The applique patterns are included at the end of the instructions.
- Adhere two layers of StabilStick CutAway to the wrong side of the applique fabric to provide stiffness to the finished patch.

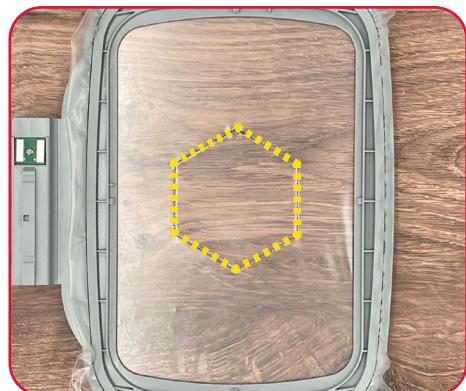

Step 2

- Using the OESD Grippy Grid, hoop two layers of BadgeMaster for all designs.

Step 3

- Load the selected design into the machine.
- Example design is 80402-29.
- Thread the machine with a color that coordinates with the applique fabric.
- Place the hoop on the machine.
- Stitch Machine Step 1, Fabric Placement Stitch.
- **Tip: The same thread color is used for the three machine steps to complete a blank patch.**

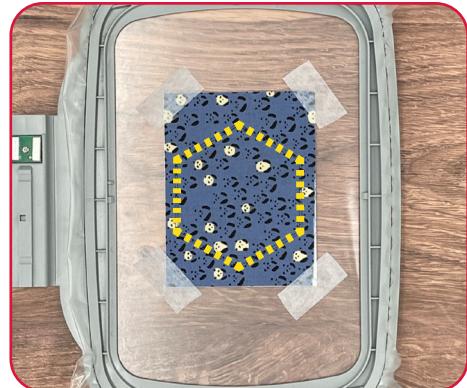

Step 4

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Completely cover the placement stitch with the prepared applique fabric.
- Tape in place with OESD Expert Embroidery Tape TearAway to secure.

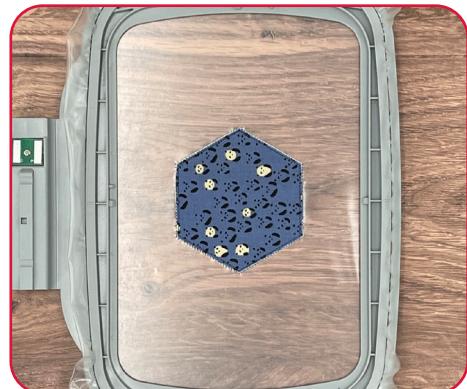

Step 5

- Return the hoop to the machine.
- Stitch Machine Step 2, Cut Line and Tackdown.

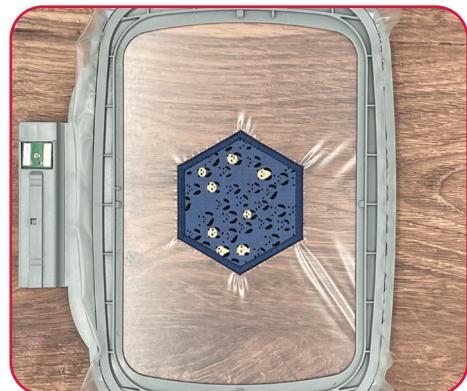

Step 6

- Remove the hoop from the machine, but NOT the project from the hoop.
- Trim the excess fabric as close to the cut line as possible. If the outermost stitches (cut line) are cut, the inner stitches (tackdown) will hold the applique in place.
- **Tip: If the stabilizer is cut or a hole is created while trimming the fabric, use OESD Expert Embroidery Tape WashAway as a patch.**

Step 7

- Return the hoop to the machine.
- Stitch the remaining machine step with matching bobbin thread.
- **Tip: If not already done, choose a thread color that coordinates with the applique fabric.**

Step 8

- When the design is complete, remove the project from the hoop.
- Tear away the BadgeMaster from the edge, one layer at a time.

FINISHING TOUCHES

OESD™ PREMIER
COLLECTION

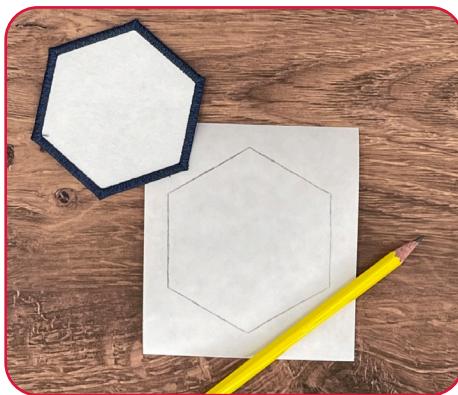

Step 9

- Rinse in warm running water until the design is only slightly tacky.
- Place right side down on a non-stick surface to dry. Parchment paper or a cooling rack work well. Dry completely.
- Once dry, press right side down on an OESD Perfect Embroidery Press Cloth.

Step 10

- Trace the along the edge of the patch, wrong side up, on the paper side of Fuse and Seal.
- Cut inside the outline.

FINISHING TOUCHES

OeSD™ PREMIER COLLECTION

Step 11

- Following the package instructions, iron the Fuse and Seal to the wrong side of the applique.
- Cool completely.

Step 12

- When ready to apply the patch to a project, remove the paper from the Fuse and Seal.
- Place the patch on the project as desired.
- Press to adhere.

Step 13

- The project is complete. Enjoy!

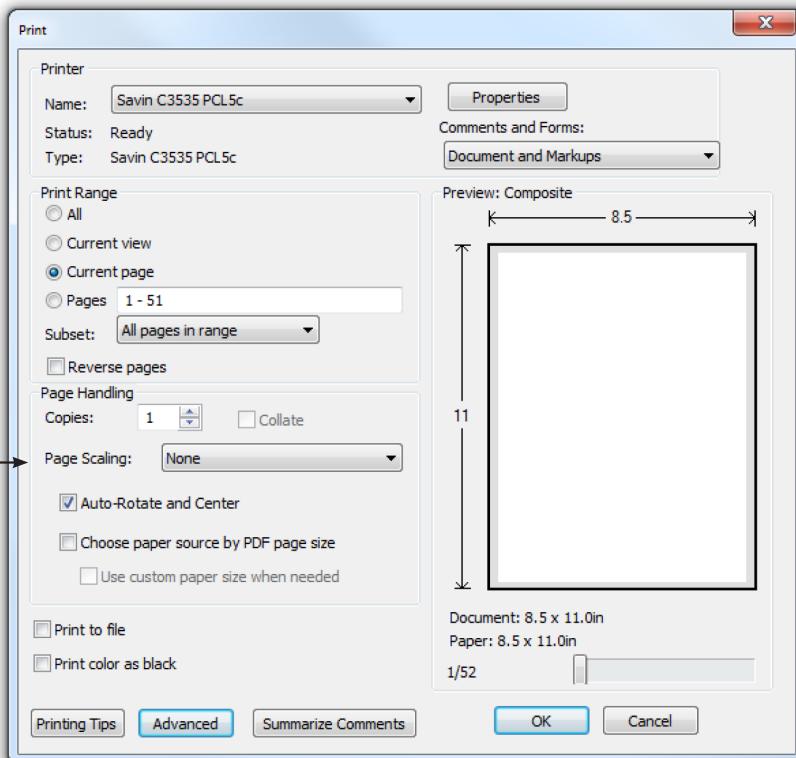

PRINTING INSTRUCTIONS

OeSD™ PREMIER
COLLECTION

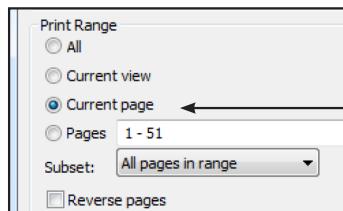

ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

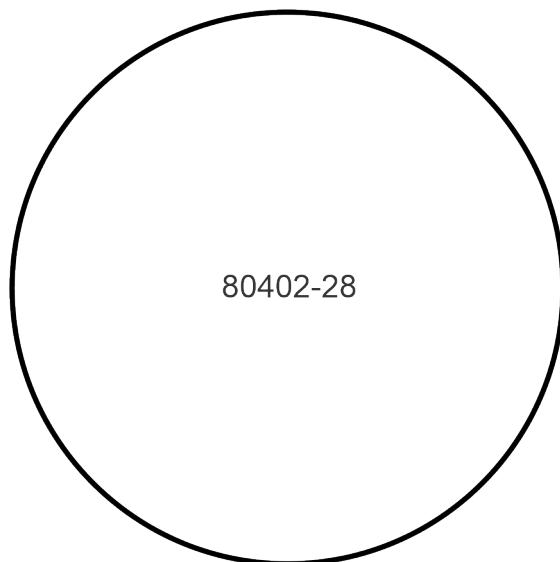

TO SAVE PAPER

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.
