Design Size:
5.69 X 5.09 in.

80418-15

Design Size:
5.69 X 4.77 in.

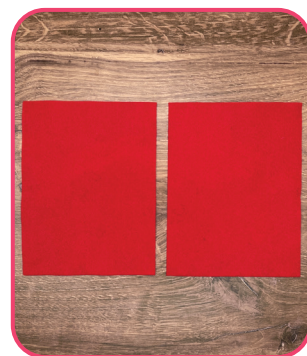

GENERAL INSTRUCTIONS

The ornament instructions, included in the collection, are general instructions. For demonstration purposes, a sample design that best demonstrates the technique is shown. Design 80418-01 is shown here. Fabric and thread requirements will vary by design, but the general technique is the same. Applique technique shown is cut in place. Pre-cut applique patterns are included at the end of the instructions.

 **Note: Some thread colors in the instructions have been changed or digitally enhanced for better visibility.**

Step 1

- Cut two pieces of felt 7" x 6" for each ornament.

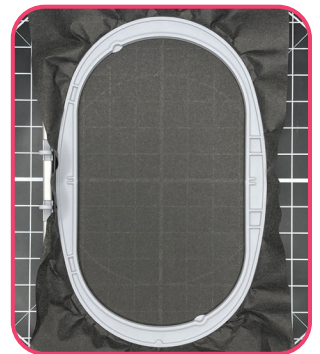

☐ Step 2

- Cut the applique fabrics 1/4" – 1/2" larger than the applique patterns.
- Fuse one layer of SoftWeb to the wrong side of all applique fabrics to provide body to the fabric.

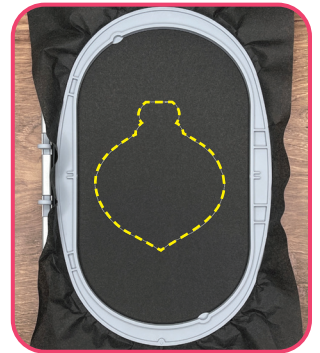

☐ Step 3

- Using the OESD Grippy Grid, hoop one layer of Medium Weight Tear Away.

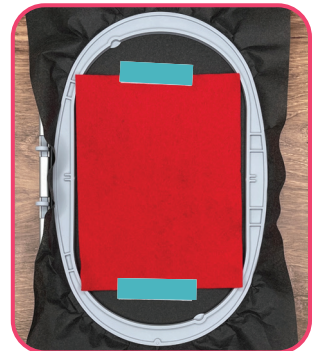

☐ Step 4

- Load the selected design into the machine.
- Example design is 80418-01.
- Thread the machine per the thread chart.
- Place the hoop on the machine.
- Stitch Machine Step 1, Front Red Felt Placement Stitch.

☐ Step 5

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Completely cover the placement stitch with one piece of felt.
- Tape in place with OESD Expert Embroidery Tape TearAway to secure.

☐ Step 6

- Return the hoop to the machine.
- Stitch Machine Step 2, Felt Tackdown.
- Stitch Machine Step 3, Cream Fabric Placement Stitch.

☐ Step 7

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Remove the paper backing off the SoftWeb on the cream applique fabric.
- Completely cover the placement stitch with the prepared applique fabric.
- Tape in place to secure.

☐ Step 8

- Return the hoop to the machine.
- Stitch Machine Step 4, Cut Line and Tackdown.

☐ Step 9

- Remove the hoop from the machine, but NOT the project from the hoop.
- Trim the excess fabric as close to the cut line as possible. If the outermost stitches (cut line) are cut, the inner stitches (tackdown) will hold the applique in place.

☐ Step 10

- Return the hoop to the machine.
- Stitch Machine Step 5, Dark Green Fabric Placement Stitch.

☐ Step 11

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Remove the paper backing off the SoftWeb on the dark green applique fabric.
- Completely cover the placement stitch with the prepared applique fabric.
- Tape in place to secure.

☐ Step 12

- Return the hoop to the machine.
- Stitch Machine Step 6, Cut Line and Tackdown.

☐ Step 13

- Remove the hoop from the machine, but NOT the project from the hoop.
- Trim the excess fabric as close to the cut line as possible.

☐ Step 14

- Return the hoop to the machine.
- Stitch Machine Steps 7 - 16 per the thread chart.

Step 15

- Remove the hoop from the machine, but NOT the project from the hoop.
- Turn the hoop over.
- Completely cover the outer stitching with the second piece of felt.
- Carefully tape all four corners to secure.

 **Tip:** Avoid pushing too hard on the stabilizer to prevent it from dislodging from the hoop.

Step 16

- Return the hoop to the machine.
- Stitch Machine Steps 17 and 18 **with matching bobbin thread**.

FINISHING TOUCHES

Step 17

- When the design is complete, remove the project from the hoop and trim just inside of the outside stitching.

Note: It is important to cut just to the inside the outer stitching (Cut Line) because the ornament will be stuffed, and the stitches must be removed from where the opening is at the top.

Step 18

- Press right side down on an OESD Perfect Embroidery Press Cloth.

Note: Using the Perfect Embroidery Press Cloth when pressing your design helps prevent the stitches from becoming crushed and absorbs steam for a perfectly pressed finish.

FINISHING TOUCHES

☐ Step 19

- Use the OESD MiniMAT and the OESD Perfect Puch Tool with the 3mm attachment to create the eyelets indicated in the diagrams.
- Reference the Punch Tool Guide on page 16.

 **Tip: Take care to not cut the stitching.**

☐ Step 20

- Use Alligator Clamps to stuff a small amount of stuffing into the ornament.

 **Optional: Sew the opening closed.**

FINISHING TOUCHES

☐ Step 21

- Use OESD Alligator Clamps to pull a ribbon loop through the eyelet.

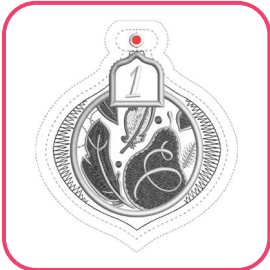

☐ Step 22

- The project is complete. Enjoy!

PRINTING INSTRUCTIONS

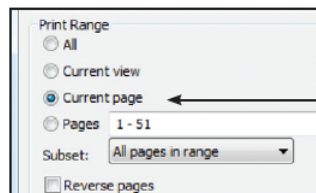

ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

TO SAVE PAPER

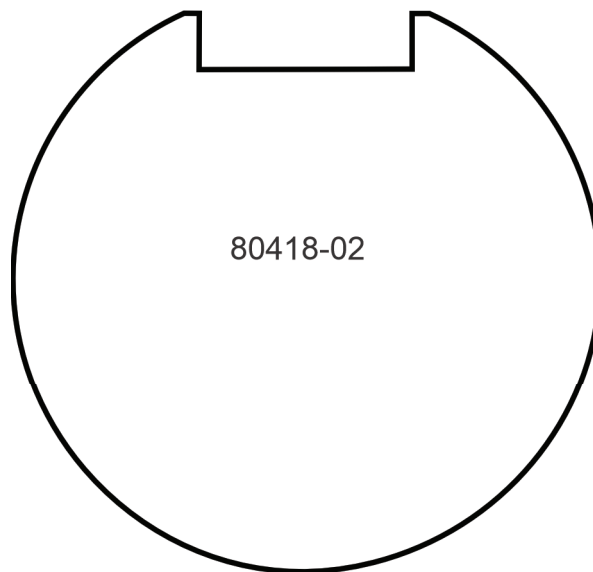

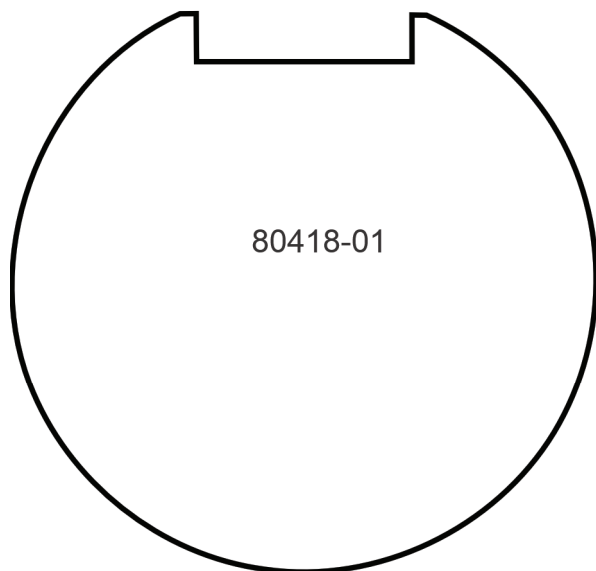

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.

APPLIQUE PATTERNS

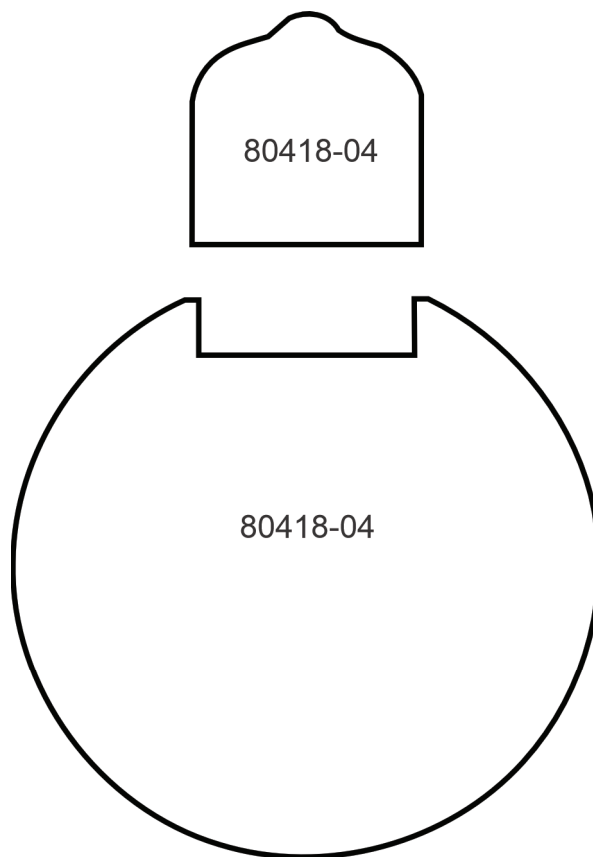

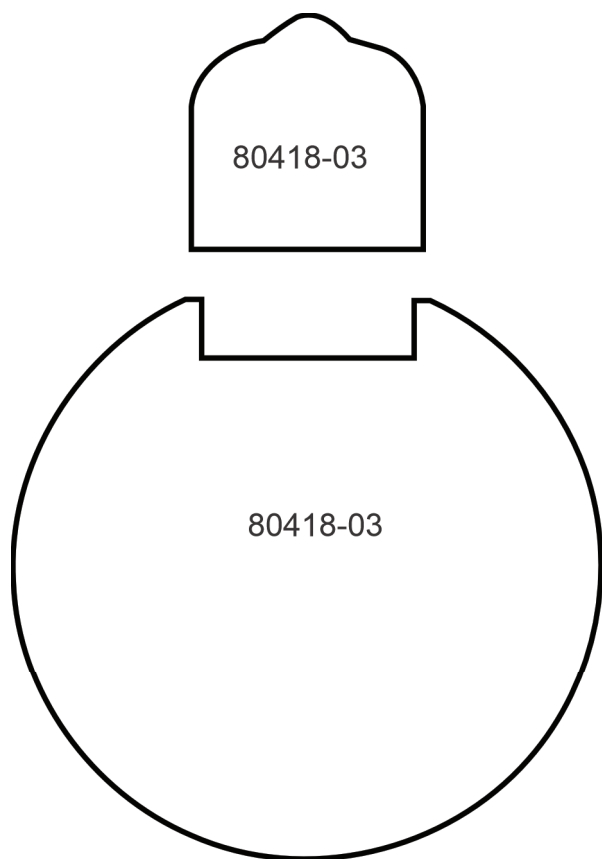

Print at 100%. No scaling. This box measures 1" x 1". Use the box as an accuracy guide when printing templates.

APPLIQUE PATTERNS

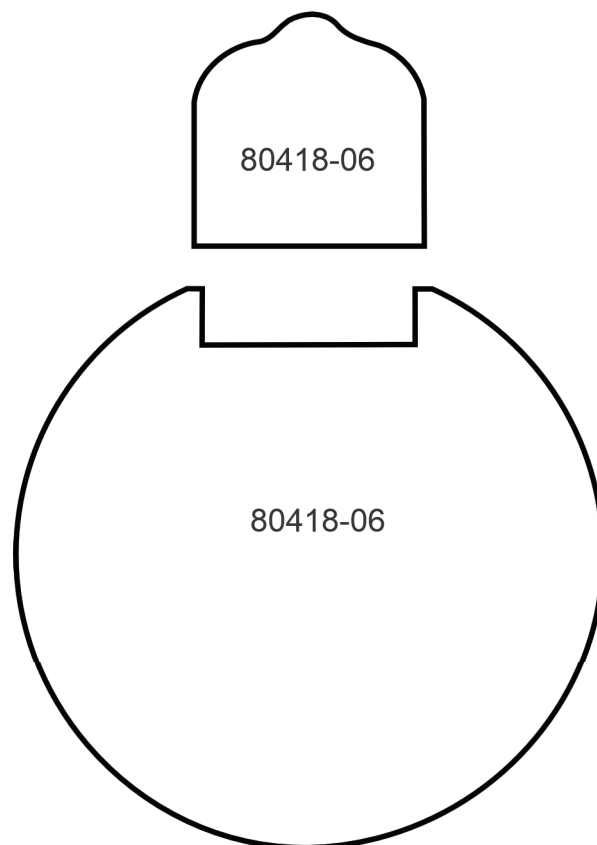

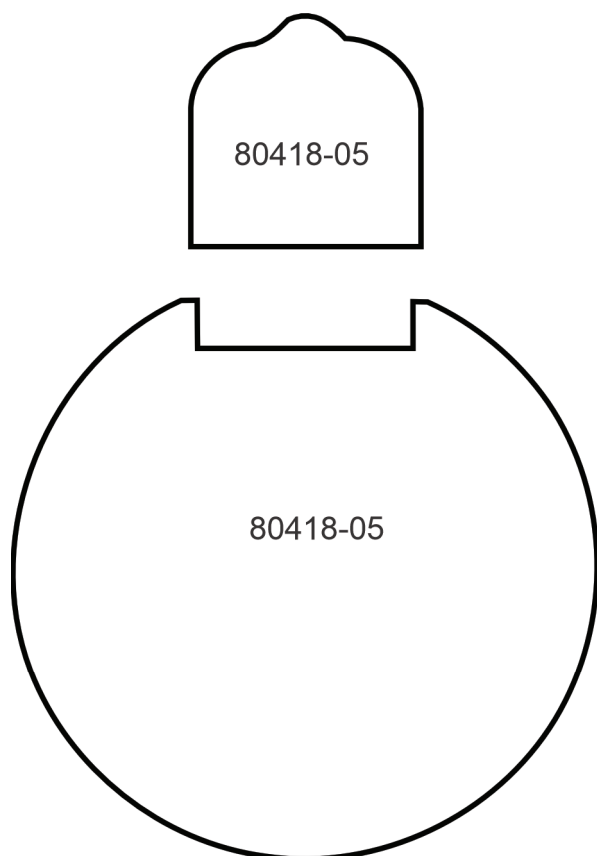

Print at 100%. No scaling. This box measures 1" x 1". Use the box as an accuracy guide when printing templates.
