Supplies

- Sunshine Couture embroidery collection #82016
- Swing bag pattern, included with these instructions
- ½ yard white denim fabric for outer portion of bag and handles
- Fat quarter bold yellow cotton fabric for bag lining
- Water-soluble pen
- Ruler
- Rotary cutter and mat or fabric shears
- 80/12 embroidery needle
- 100/16 topstitch needle
- OESD Medium Weight Cut Away Stabilizer
- Temporary adhesive spray
- Isacord thread
 - 0506
 - 0800
 - 0904
- Iron
- Wash away basting tape (Wonder Tape)

Step One: Embroider the bag front

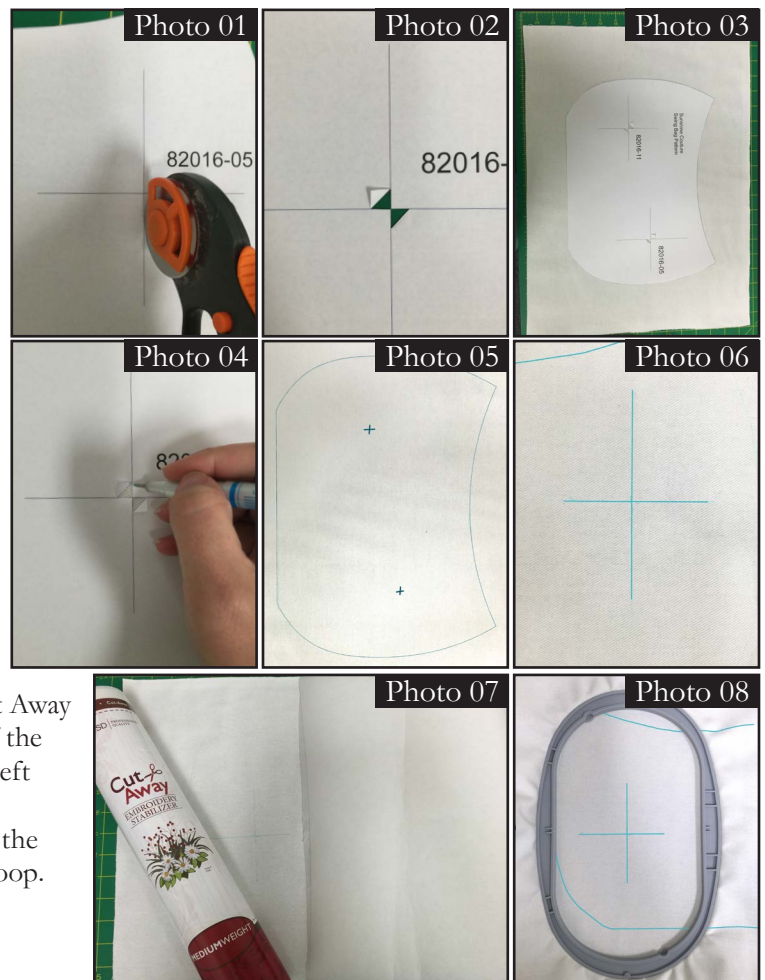

1. Print out your pattern and tape together.
2. Cut out the pattern along the outer edge. Pattern size includes a 3/8" seam allowance.
3. Cut a small slit in the pattern at the vertical and horizontal placement marks for each design.

PHOTO 01

4. Fold back two corners at each centerpoint. This will make it easy to transfer the design placement onto your fabric. **PHOTO 02**
5. Cut an 18" x 15" piece of the white denim fabric. Center the pattern onto the fabric, but do not cut out. **PHOTO 03**

6. Transfer the marks for the centers of each design using a water-soluble pen. **PHOTO 04**
7. Trace the bag pattern onto the denim with a water-soluble pen. **PHOTO 05**
8. Use a ruler and the water soluble pen to extend the marks for each embroidery design. **PHOTO 06**
9. Cut two pieces of OESD Medium Weight Cut Away, large enough to hoop (one for each design). **PHOTO 07**

10. Lightly spray one piece of OESD Medium Weight Cut Away with temporary adhesive spray. Place it on the back of the denim fabric, centering under the center mark of the left design (82016-11). **PHOTO 08**
11. Hoop the denim and stabilizer as one layer, centering the mark for the design in the center of the embroidery hoop.

12. Stitch Design 82016-11 at the center mark. **PHOTO 09**
13. Remove the project from the hoop. Cut away the excess stabilizer from the back of the design.

PHOTO 10

14. Adhere the second piece of stabilizer to the back of the fabric, centering it under the right design (82016-05).
15. Hoop the fabric and stabilizer as one, center the mark at the center of the embroidery hoop. **PHOTO 11**
16. Stitch Design 82016-05 at the marked center.

PHOTO 12

17. Remove the project from the hoop. Cut away the excess stabilizer from the back of the design.
18. Place the pattern piece back over the project and retrace if needed (Embroidery may cause fabric to draw up slightly). **PHOTO 13**

Step Two: Construct the Bag

1. Cut out the bag front and set aside. **PHOTO 14**
2. Cut out 1 more piece of the white denim and two pieces of the yellow lining, using the same pattern. **PHOTO 15**
3. Place the two denim pieces right sides together. Stitch around the bottom curve using a $\frac{3}{8}$ " seam. Leave the top curve of the bag open. **PHOTO 16**
4. Place the two lining pieces right sides together. Stitch around the bottom curve, leaving a 6" opening at the BOT TOM of the bag for turning. Leave the top curve open also.
5. Turn the denim pieces right side out. Press.
6. Place the denim pieces inside the lining pieces, lining up the top curve. **PHOTO 17**
7. Using a $\frac{1}{4}$ " seam, stitch the lining to the denim along the top curve. Stitch all the way around the top of the bag. **PHOTO 18**
8. Turn the bag right side out through the opening in the lining. **PHOTOS 19 and 20**
9. Turn the lining into the bag. **PHOTO 21**
10. Press the top edge well.
11. Insert a 100/16 topstitch needle. Edgestitch the entire top curve of the bag using Isacord 0800. **PHOTO 22**

Step Three: Create the Handles

1. Cut fabric for the handles from the denim. **PHOTO 23**
 - a. 1 - 22" x 6"
 - b. 1 - 11" x 6"
2. Fold and press a $\frac{1}{2}$ " hem on the short ends of both pieces. Then fold and press a $\frac{1}{2}$ " hem in each long end of both of these pieces. **PHOTO 24**
3. Fold each of these handle pieces in half lengthwise. Press well. **PHOTO 25**

- Edgestitch along both long edges of each handle.

PHOTO 26

- Fold each handle in half to form a loop. Tuck the ends of the handle into the bag at the left and right corners of the top curve. The longer handle goes on the left. Pin or baste the handles in place. Position so the end of the handles are approximately $\frac{3}{4}$ " from the top edge of the bag. **PHOTO 27**

- Select a triple stitch. Make sure you are still using a size 100/16 TopStitch needle. For each handle, edgestitch along the previous edgestitching only where the bag overlaps the handle. Repeat for both sides of both handles. **PHOTO 28**

- Stitch another line of triple stitching directly below this line, approximately $\frac{3}{8}$ " below the first line. If desired, connect these lines to form a rectangle. **PHOTO 29**

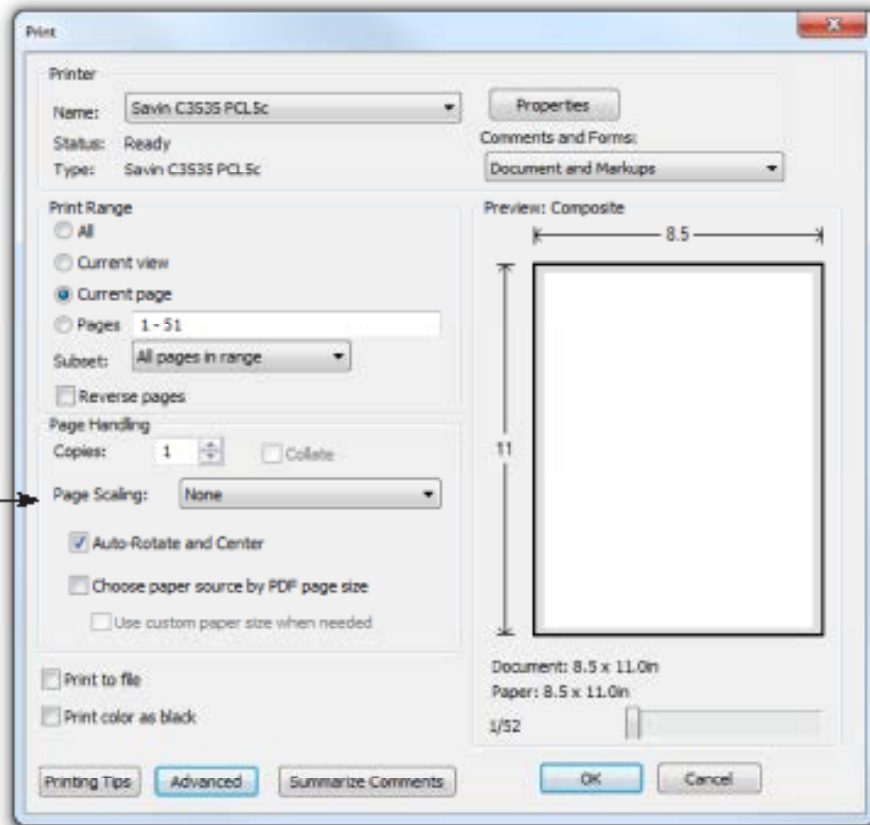

PHOTO 29

- Your bag is complete. To use, slip the longer handle into the loop formed by the smaller handle. This will cinch the bag closed. **PHOTO 30**
