MATERIALS

Stabilizer

- OESD Ultra Clean & Tear Fusible Stabilizer
- OESD Stitch2O
- OESD StabilStick TearAway

Fabric/Notions

- Basic embroidery supplies (including thread)
- 2 ¼ yards double gauze fabric
- Matching/coordinating thread
- OESD Perfect Embroidery Press Cloth (optional)

Isacord Thread Colors

0170 Sea Shell
0221 Light Brass
0345 Moss

0442 Tarnished Gold
0542 Ochre
0622 Star Gold

0761 Oat
0821 Honey Gold
2776 Black Chrome

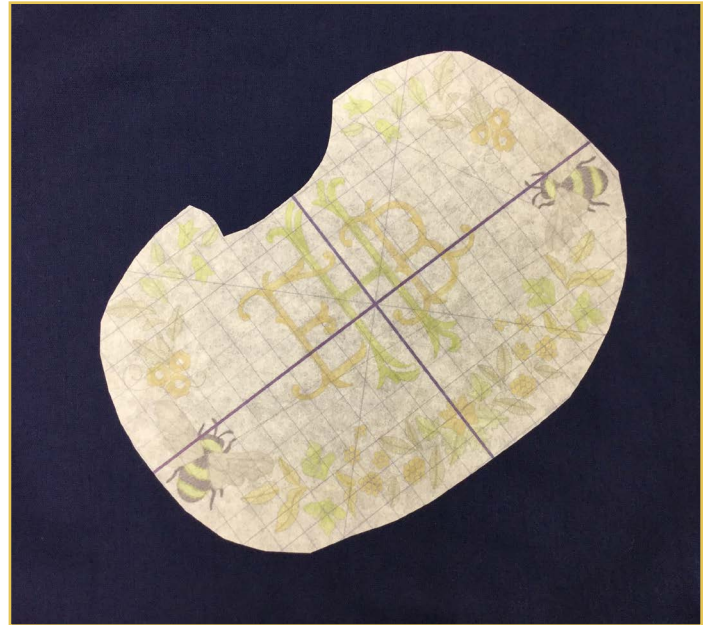

INSTRUCTIONS

STEP 1

Prepare fabric and design. Wash, dry, and iron fabric to preshrink it. Carefully cut 2 pieces of double gauze 36" x width of fabric, approximately 40" - 42" should work, just make sure both pieces are the same size. If desired, round all 4 corners using a dinner plate as a template.

Fuse Ultra Clean & Tear to desired location for embroidering. Choose a design and monogram. Cut a piece of StabilStick into an 8.5" x 11" sheet and print your design on the textured side. Rough-cut your motif and stick it on the desired area for embroidering.

STEP 2

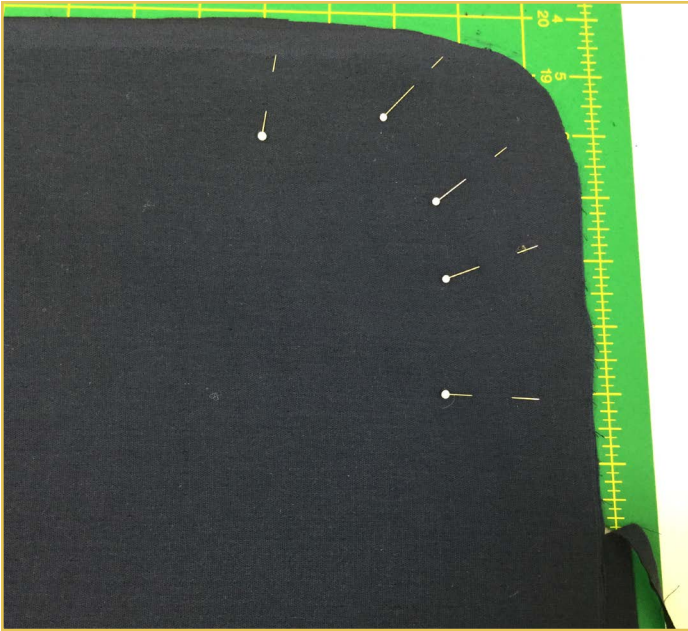

Embroider fabric. Keep seam allowances in mind as you place your design on your fabric, also pay attention to the orientation of your design (making sure it's not upside-down or sideways). Hoop double gauze and stabilizer, position the hoop so that the needle aligns with the center of the crosshair on the printed design template, rotate if necessary. REMOVE STABILSTICK TEMPLATE before stitching, add StitchH2O to the top of hoop/fabric to prevent snags/pulling of fabric threads (you can use tape to adhere topper to fabric). Embroider design(s). Tear away the topper, it is water-soluble, so remaining bits can be removed with water. Don't forget to use OESD's Perfect Embroidery Press Cloth to enhance your design!

INSTRUCTIONS

STEP 3

Sew blanket. With right sides together, pin around the entire blanket, leaving a 5" opening on one side for turning (photo 2), sew using a $\frac{3}{8}$ " - $\frac{1}{2}$ " seam allowance (photo 3).

STEP 4

Trim seam allowance (except at opening), turn right sides out, press. Increase stitch length to 3 - 3.25, topstitch the edge of the blanket, closing opening as you go (photo 4).

INSTRUCTIONS

STEP 5

Finish blanket. Select 2 thread colors in similar hues/shades, thread your needle with BOTH threads (just as you would with one spool), use a straight triple stitch (#6 on Bernina 7 & 8 series) to decoratively finish the edges of your blanket (photo 5). Wash blanket to remove any traces of StitchH20. Tada, you have a cuddly gift ready for that special baby!

Adding a Monogram to a Design at the Machine

INSTRUCTIONS

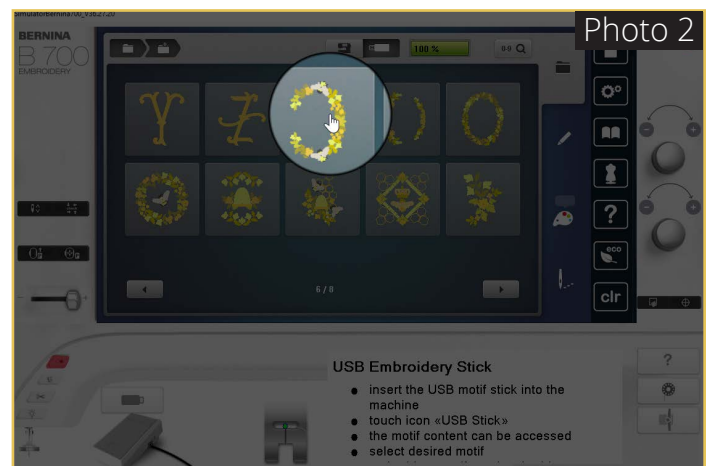

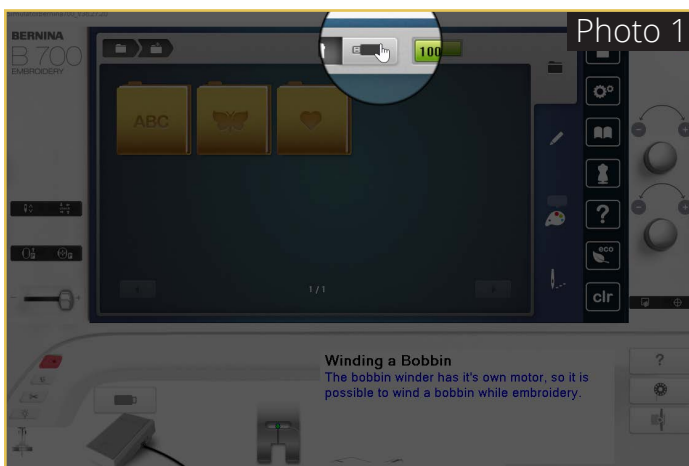

Adding a monogram to a design is very easy to do right at the machine. This lesson uses the Bernina 700 Simulator to demonstrate the process. This process will be similar on Bernina machines. Simulators are available for download on the Bernina website, under the Support tab and then by machine model.

STEP 1

Select the Design

Select the USB icon to view the designs (Photo 1). Scroll through the designs, then select the wreath design (Photo 2). The design is displayed on the screen with the oval hoop.

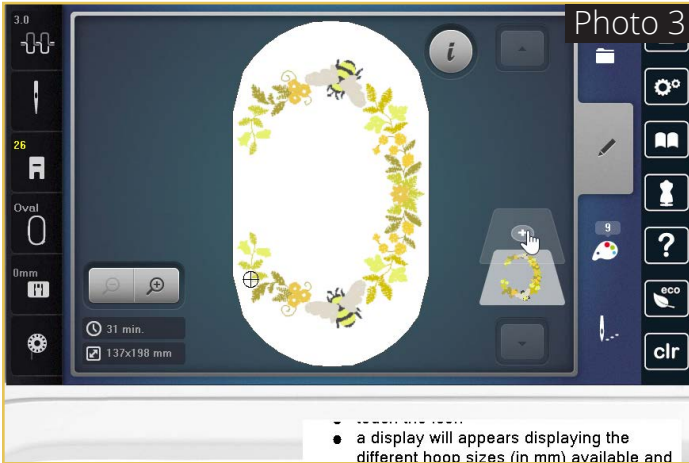

INSTRUCTIONS

STEP 2

Add the Center Monogram Letter

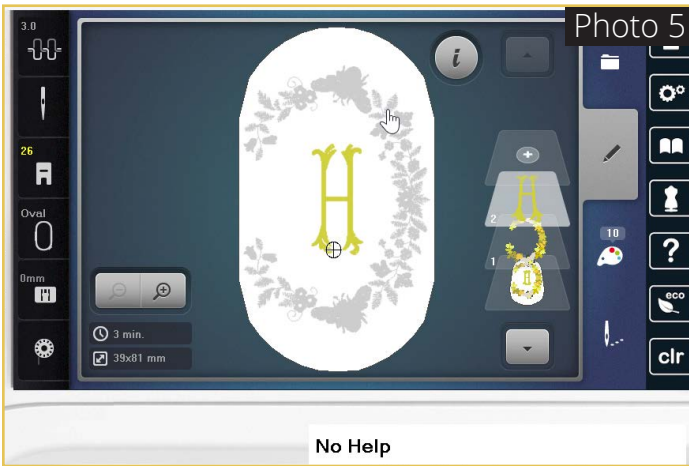

Select the "+" sign on the layer above the design to the right of the hoop. This will allow you to add another design to the hoop (Photo 3). Scroll back to the first alphabet set, which are the larger letters, and select the letter for the center monogram (Photo 4).

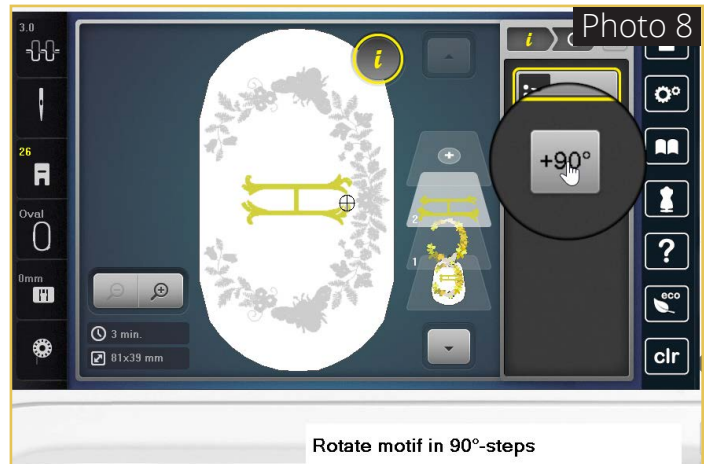

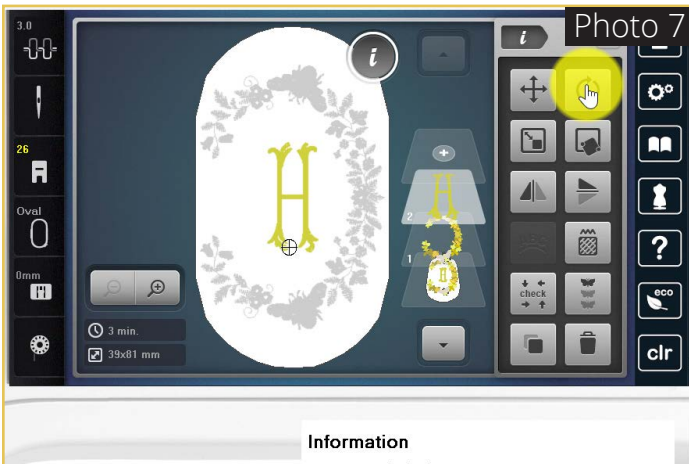

STEP 3

Rotate the Letter

The letter H is displayed on the screen in the center (Photo 5). Select the “i” icon to display the options for possible functions to manipulate the design (Photo 6).

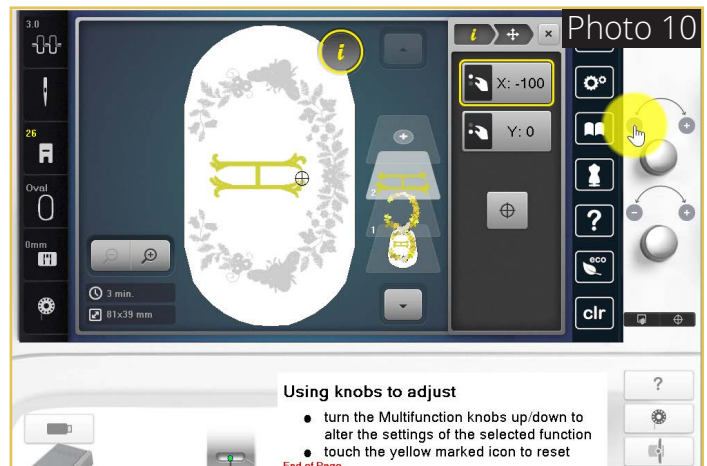

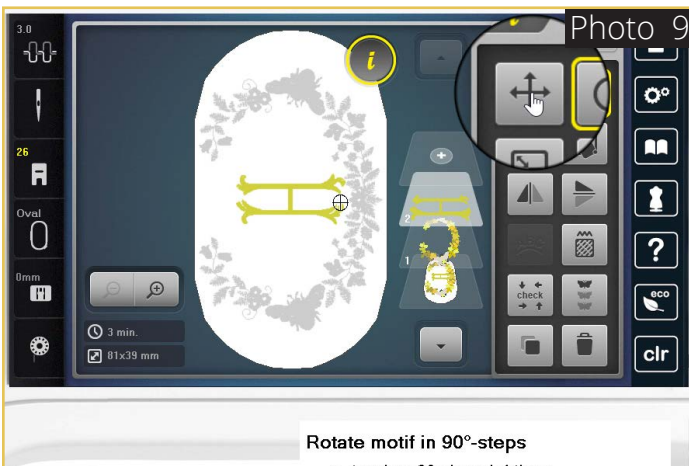

Select the rotate option (Photo 7). Click rotate “90°” three times to rotate the design clockwise 270° to the correct orientation (Photo 8).

STEP 4

Position the Letter

Once rotated, click the small "i" above the rotate screen to redisplay the Information panel. Click on the move Icon (Photo 9). In the move dialog box, click on the + and - signs to simulate turning the knobs on the machine. This will move the selected design up/down and right/left. Adjust the position to center it in the wreath design (Photo 10).

STEP 5

Add Remaining Letters

Repeat from Step 2 to add the remaining letters. Use the second alphabet for smaller letters, or you can resize on the information screen for designs where multiple sizes are not available (Photo 11).
