EMBROIDERY

Step 1

- Design used in the instructions is 90024-02. All appliques in this collection are stitched in a similar manner.
- Print the necessary applique templates from the thread chart PDF at 100% scaling. Roughly cut out each template.
- Using the printed templates as a guide, cut applique fabric at least 1/2" larger than the template.
- If the base fabric shows through the applique fabric, press the Fusible Woven to the wrong side of the applique fabric before use.

Step 2

- Hoop 2 layers of stabilizer with the base fabric, choosing stabilizer based on the fabric used in the project.

EMBROIDERY

Step 3

- Stitch Machine Step 1, the Blue Fabric Placement Stitch.

Step 4

- Remove the hoop from the machine, but NOT the project from the hoop. Lay the hoop on a flat surface.
- Cover the placement line completely with the prepared applique fabric, or fabric that is larger than the placement line.

- Remove the hoop from the machine, but NOT the project from the hoop. Lay on a flat surface.
- Trim the excess fabric as close to the tackdown stitching as possible.
- Note: If the outermost row of stitching is accidentally cut, the inner stitches will still hold the applique in place.

Step 7

- Return the hoop to the machine and stitch Machine Step 3, the Navy Cover Stitch.
- Tip: Whenever the applique cover stitch is a satin stitch cover the design with StitchH2O or Heat2Go for a better-quality cover stitch. Tape in place to secure.

EMBROIDERY

Step 12

- Return the hoop to the machine and Stitch Machine Step 6, the Aqua Cover Stitch.

Step 13

- Before stitching the next step, add a piece of white Top Cover over the head and hair.
