

Product Usage Instructions

Fiber Form

- Use Fiber Form for projects that call for “craft interfacing”.
- Follow pattern instructions for using Fiber Form in your application.
- Fiber Form can be cut with scissors, rotary cutter, or digital cutting machine.
- Fiber Form can be sewn or embroidered.
- To use in freestanding appliqué, cut to the same size as appliqué then layer between front and back appliqué pieces. Follow design instructions for details.
- Machine washable and dry-cleanable.
- May be ironed with steam.
