

Product Usage Instructions

AquaMesh Plus

WashAway Stabilizer

- Cut a piece of AquaMesh Plus approximately 2" larger than the hoop.
- Hoop the piece of AquaMesh Plus with the paper side up.
- Use a pin to score ONLY the paper. Remove the paper to expose the sticky adhesive.
- Position the item on the hooped AquaMesh Plus.
- Gently finger press the fabric onto the adhesive without stretching or distorting the fabric.
- Embroider the design.

REMOVAL INSTRUCTIONS:

- Remove the item from the hoop.
- Carefully trim away the excess AquaMesh Plus from around the design, leave about 1/4" stabilizer around the design.
- Completely rinse any remaining stabilizer away under warm running water.
