

Product Usage Instructions

StitchH2O WashAway Topping

- Cut a piece of StitchH2O Topping at least 2" larger than your design.
- Place StitchH2O Topping on top of the fabric, centered over the design area.
- To hold StitchH2O in place temporarily:
 - Use Expert Embroidery Tape at the four corners to hold StitchH2O in place.
OR
 - Lightly moisten the four corners of the StitchH2O and stick to the background fabric.
OR
 - Stitch in place with a basting stitch using the machine's basting function.

REMOVAL INSTRUCTIONS:

- Remove the embroidery from the hoop.
- Gently tear or trim away excess StitchH2O topping while supporting the stitches between the thumb and finger. Most of the StitchH2O topping should tear away.
- Rinse away any remaining residue with warm wet cloth.
