General Instructions

The freestanding applique instructions, included in the collection, are general instructions. For demonstration purposes, a sample design that best demonstrates the technique is shown. Fabric and thread requirements will vary by design, but the general technique is the same. All designs are stitched with matching thread, top and bobbin.

Note: Some thread colors in instructions have been changed or digitally enhanced for better visibility.

☐ Step 1

- Hoop one layer of Medium Weight TearAway for all designs.

☐ Step 2

- Load selected design into the machine.
- Example design is PK50041-03.
- Thread the machine per the thread chart.
- Match bobbin thread to all top threads.
- Place the hoop on the machine.
- Stitch Machine Step 1, Front and Back Vinyl Placement Stitch.
☐ Step 3

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Turn the hoop over.
- Completely cover the placement stitch with the prepared vinyl.
- Note: The vinyl is almost the exact size of the placement stitch, so place carefully.
- Carefully tape to secure.
- Tip: Avoid pushing too hard on the stabilizer to prevent it from dislodging from the hoop.

BACK OF HOOP

☐ Step 4

- Turn the hoop over.
- Completely cover the placement stitch on the front with the prepared vinyl.
- Tape in place to secure.
Step 5

- Return the hoop to the machine.
- Stitch Machine Step 2, Tackdown.

Step 6

- Stitch the remaining machine steps per the thread chart with matching bobbin thread.

Step 7

- When the design is complete, remove the project from the hoop.
- Trim excess stabilizer and vinyl inside the Tackdown Line.

☐ Step 8

- Use the OESD MiniMAT and a craft knife to cut through all the layers of the slots, including the mouth.
  Tip: Take care to not cut the satin stitching.
- Reference the Cutting Guide on page 9.

☐ Step 9

- Press right side down on a Perfect Embroidery Press Cloth.

BACK OF DESIGN

☐ Step 10

- Wrap the cord keeper around the cord and pull the tongue through mouth and slots.
- The cord keeper is complete. Enjoy!
