General Instructions

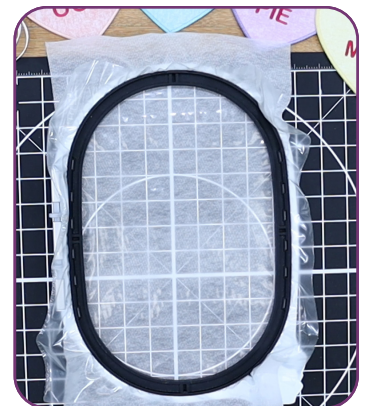

The project includes freestanding applique designs. All applique designs are stitched the same as shown in the instructions.

For demonstration purposes, a sample design that best represents the entire collection is shown. Fabric and thread requirements will vary by design, but the general technique will be the same.

In all designs, the cover stitch is stitched with matching thread in the top and bobbin.

Step 1

- Hoop one layer of AquaMesh and one layer of BadgeMaster for all designs.

Step 2

- Cut two applique fabrics 6" square for each heart.
- Cut 1 piece of Fiber Form 6" square.

EMBROIDERY

□ Step 3

- Print template at 100% onto Applique Fuse and Fix.
- Trim 1/2" outside the black outline.
- Use an iron to fuse the template to the Fiber Form.
- Follow the instructions on the packaging.
- Cut out along the black line.
- Set aside.

□ Step 4

- Load the selected design into the machine.
- Design in the example is PK5000-06.
- Thread the machine per the thread chart.
- Match bobbin thread to top thread.
- Stitch Machine Step 1, Front Fabric Placement Stitch.

□ Step 5

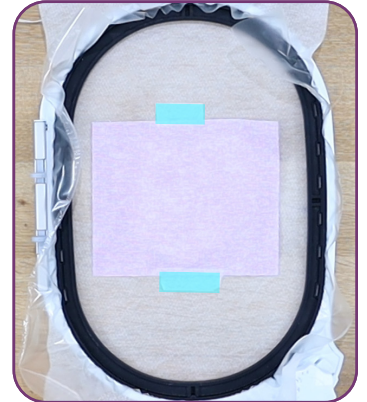

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Remove the paper from the Applique Fuse and Fix.
- Place the adhesive side down inside the placement area.
- Tip: Applique Fuse and Fix is repositionable.

EMBROIDERY

□ Step 6

- Place applique fabric right side up over the Fiber Form
- Carefully tape edges to secure.

□ Step 7

- Return the hoop to the machine.
- Stitch Machine Step 2, Cut Line and Tackdown.

□ Step 8

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place on a flat surface.
- Trim the excess fabric as close to the tackdown stitching as possible. If the outermost stitches are cut, the inner stitches will still hold the applique in place.
Tip: If the AquaMesh is cut or a hole is created while trimming the fabric, use OESD Expert Embroidery Tape WashAway as a patch.

EMBROIDERY

- Stitch Machine Step 4, Back Fabric Cut Line and Tackdown.

EMBROIDERY

□ Step 12

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place on a flat surface.
- Turn the hoop over and trim the excess fabric as close to the tackdown stitching as possible.

□ Step 13

- Return the hoop to the machine.
- Stitch Machine Step 5, Purple Cover Stitch.

□ Step 14

ASSEMBLY

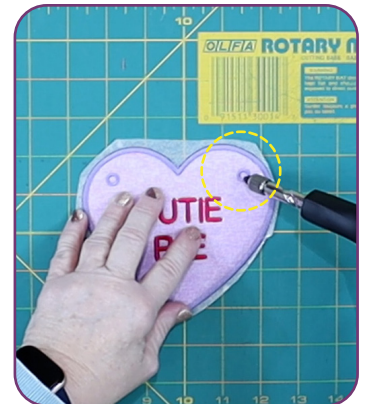

□ Step 15
