EMBROIDERY

General Instructions

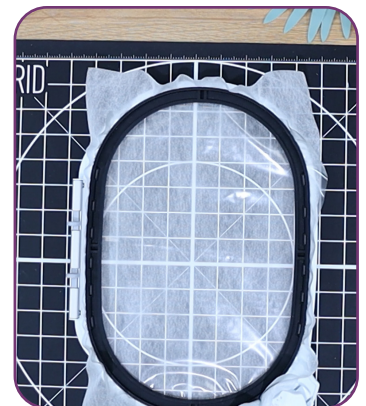

The project includes freestanding applique designs. All applique designs are stitched the same as shown in the instructions.

For demonstration purposes, a sample design that best represents the entire collection is shown. Fabric and thread requirements will vary by design, but the general technique will be the same.

All designs are stitched with matching thread in the top and bobbin.

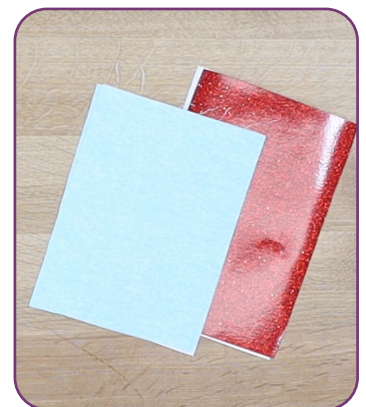

Step 1

- Hoop one layer of AquaMesh and one layer of BadgeMaster for all designs.

Step 2

- Cut the applique fabrics 1/4" -1/2" larger than the templates.
- Adhere one layer of StabilStick CutAway to the back of the applique fabric and vinyl.
- Set aside.

EMBROIDERY

□ Step 3

- Load the selected design into the machine.
- Design in the example is PK50003-01.
- Thread the machine per the thread chart.
- Match bobbin thread to top thread.
- Stitch Machine Step 1, Front Fabric/ Back Vinyl Placement Stitch.

□ Step 4

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Place the prepared applique fabric right side up, over the placement stitch, covering entirely.
- Tape in place to secure.

□ Step 5

- Turn the hoop over and place the Luxe Sparkle Vinyl, right side up, completely covering the placement stitch.
- Carefully tape at the corners to secure. Avoid pushing too hard on the stabilizer to prevent it from dislodging from the hoop.

EMBROIDERY

□ Step 6

- Return the hoop to the machine.
- Stitch Machine Step 2, Cut Line and Tackdown.

□ Step 7

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place on a flat surface.
- Trim the excess fabric as close to the tackdown stitching as possible. If the outermost stitches are cut, the inner stitches will still hold the applique in place.
Tip: If the AquaMesh is cut or a hole is created while trimming the fabric, use OESD Expert Embroidery Tape WashAway as a patch.

□ Step 8

- Turn the hoop over and trim the excess vinyl as close to the tackdown stitching as possible.
- Return the hoop to the machine.

EMBROIDERY

Step 9

- Stitch Machine Step 3, Pink Linework.

Step 10

- Stitch Machine Step 4, Hot Pink Lace and Detail.

ASSEMBLY

□ Step 11

- When the design is complete, remove the project from the hoop and trim the stabilizer 1/4" - 1/2" outside the design.
- Rinse each piece in warm running water until the design is slightly tacky.
- Place face down on a non-stick surface to dry.
- Dry completely.
- Press each piece, right side down, on a Perfect Embroidery Press Cloth.

□ Step 12

- Before assembly, use a craft knife to cut through all the layers of the tab entry. Take care not to cut the satin stitching.

ASSEMBLY

□ Step 13

- With the wrong side up, align the long straight edges of pieces PK50003-01, PK50003-02, and PK50003-03 to connect.
- Load the sewing machine with matching thread in the top and bobbin. An open toe or edge stitch foot is helpful.
- Stitch together using a multi-step zigzag stitch (also known as a serpentine stitch). Backstitch and the beginning and end to secure. Trim thread tails.

□ Step 14

- Fold Envelope Front PK50003-01 over Envelope Back PK50003-02 and straight stitch along the side edges.

FINISHING TOUCHES

□ Step 15

- Add a card and insert the tab into the slot to close the envelope.
- Pair with a card and enjoy.
- The card shown is PK10001-01 I Adore You Card.

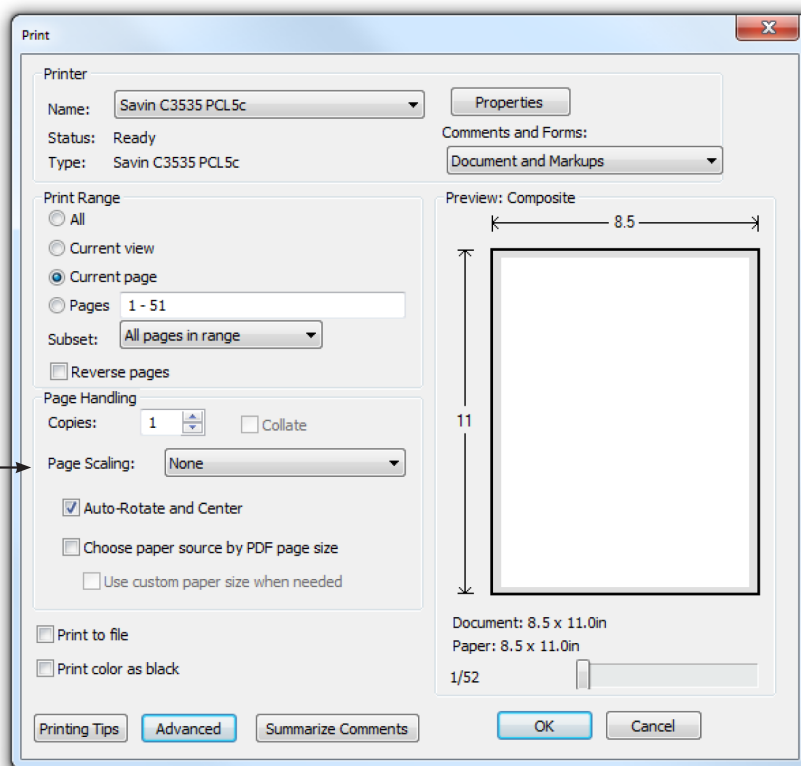

PRINTING INSTRUCTIONS

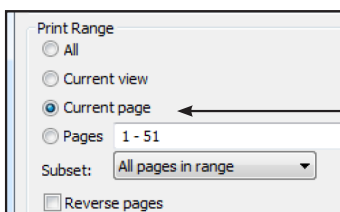

ATTENTION

When printing this document, any page scaling or page fitting options in your print dialog box must be turned OFF or set to NONE so that your files will print out at their actual size. Images not printed at actual size will not function as intended.

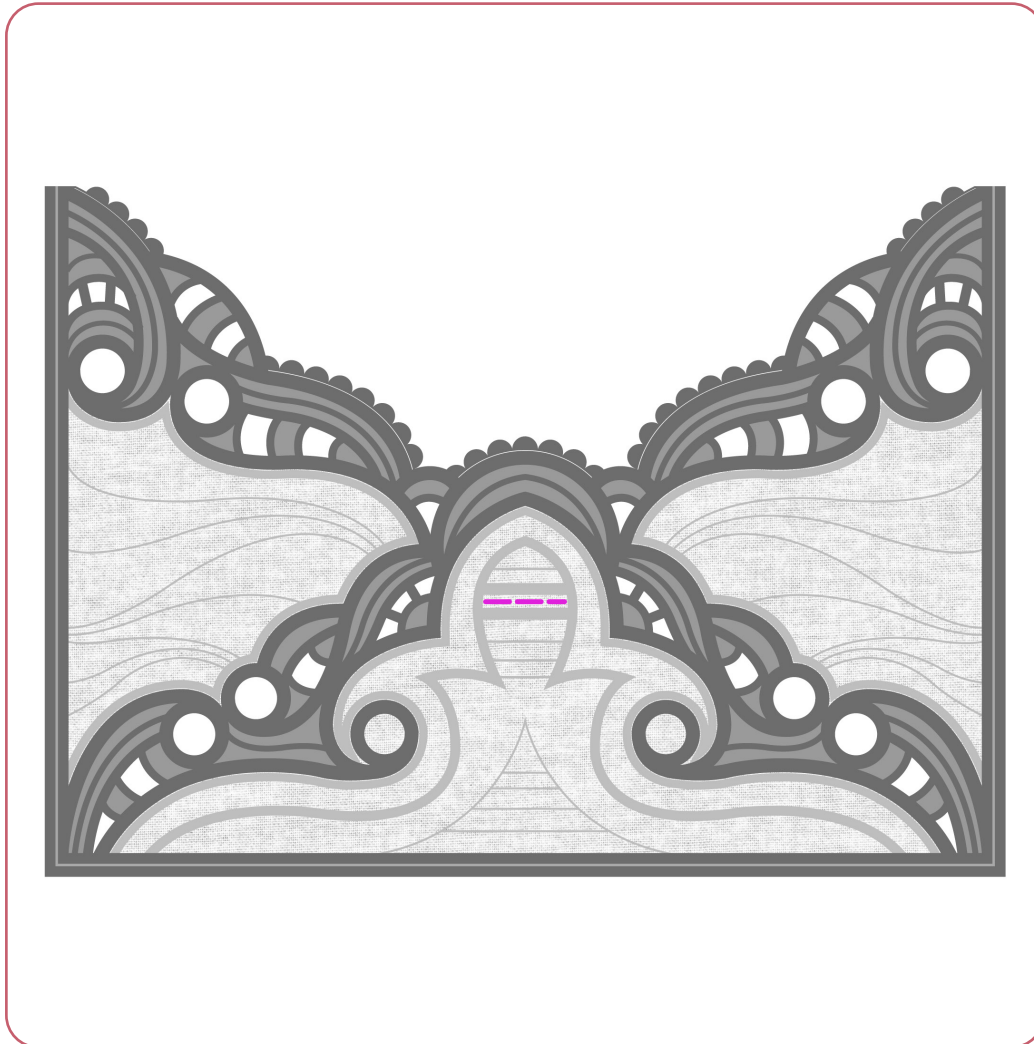

TO SAVE PAPER

Only print the desired image by navigating to the image's page, go to File > Print and select "Current page" in the print dialog box. Repeat for each desired image.
